Things I Wish I'd Known Cancer And Kids:

Things I Wish I'd Known Deborah J. Cornwall, 2015-01-05 The cancer experience shakes most caregivers to their core. It is even more compelling and poignant when it involves children. Thousands of families each year face this shocking reality. Based on interviews with caregivers who have first hand knowledge, this book is intended to help anyone facing a cancer diagnosis affecting a child, either as the patient or as a member of a family. It offers advice and cites resources to help discuss cancer with children of different ages, manage the impact of the disease on their daily lives, navigate treatment for kids with cancer, and deal with children's grief in the event of a death in the family. *Regrets of the Dying* Georgina Scull, 2022-04-14 A beautiful and moving reminder to appreciate life. Roxie Nafousi, author of *Manifest*. This book may, on first glance, appear to be about death and regrets, but is in reality about life and choices. It is warmly life-affirming. A magnificent read that will inspire. I loved it. Sue Black. So beautiful. Perfectly written and judged. A wonderful book that made me grasp life a little more firmly. Dr Chris van Tulleken. A powerful, moving, and hopeful book exploring what people regret most when they are dying, and how this can help us lead a better life. If you were told you were going to die tomorrow, what would you regret? Ten years ago, without time to think or prepare, Georgina Scull ruptured internally. The doctors told her she could have died, and as Georgina recovered, she began to consider the life she had led and what she would have left behind. Paralyzed by a fear of wasting what seemed like precious time, but also fully ready to learn how to spend her second chance, Georgina set out to meet others who had faced their own mortality or had the end in sight. **A Grieving Mother** Marion M. Jones, 2017-09-22 Many people lose loved ones daily due to various reasons. And each loss proves to be extremely difficult for those left behind to grieve. I express my dearest sympathy to you all. Unfortunately, many of those lost die due to senseless violence, and this can add to the hurt and pain tied to the loss. This is my story of how I lost both of my sons due to such senseless violence, how I grieved, and how I began to heal. Join me on this journey, as my story may connect with your story, and we can continue the journey of healing together. If not for you, then bless someone else that you may know is mourning the loss of a child and may be in need of additional encouragement on this journey to healing. **Human Nature**, 1896 *Silent Grief* Clara Hinton, 1998-02-01 But now that he is dead, why should I fast? Can I bring him back again? I will go to him, but he will not return to me. 2 Samuel 12:23. Almost 200,000 couples in America each year suffer through the tragedy of miscarriage. And that statistic only tells us about first trimester miscarriages. The emotional pain of longer-term miscarriages and the untold numbers of mothers and fathers who keep silent about their hurt make this form of child loss especially cruel. But in *Silent Grief*, author Clara Hinton brings a clear message of hope through the cold mourning. Writing of her own grief and interviewing scores of women and men, she offers not pat answers but instead shows us this: You are not alone. Additionally, the author touches the tears of other forms of child loss: stillbirth, missing children, and adult children who succumb to accident or illness. The moving, honest responses to these interviews tell the reader that through the tears and rage and awful silence

God still loves us and knows our children intimately King David knew this He knew that one day he would reunite with his child Things I Wish I'd Known Deborah J. Cornwall, 2016-01-15 Family caregivers are the unsung heroes of the life saving drama that is triggered by a cancer diagnosis Nearly three quarters of American households will find themselves caring for a cancer patient at one point in their lives This book is the first to capture their thoughts feelings and insights on a large scale It is based on 101 formal interviews with non professional caregivers some of whom are cancer survivors themselves covering 122 patients in 19 states and Canada who ranged in age from 2 to 92 and faced 40 different cancer diagnoses Practical lessons drawn from caregivers experiences are intermingled with their own words to forge a compelling narrative intended to help both patients and their family caregivers to understand and cope with the full range of issues they should anticipate as they fight the battle of their lives Letters to My Children Robert C. Maynard, 1995 Collection of columns compiled by Maynard's daughter Dori J Maynard *Journey of a Woman* S. Kent, 2004-12 Journey of a Woman offers the reader an insightful look into the life of one woman as she struggles to regain the strength self esteem confidence and faith she lost in the valleys of despair The journey takes her through the rough terrain of life's disappointments heartache and loss Journey of a Woman Speaks of the devastation verbal abuse has on a life Physical abuse is most recognized yet verbal abuse destroys a person emotionally and leaves them depleted of all God intended for their lives The story concludes with this woman's realization that the God she thought had abandoned her was with her all along preparing her for a life of love and service to Him She realizes God has given her an awesome testimony insurmountable faith and His hand gently guiding her through the blinding fog of life Journey with her through the life of a woman Fifteen Past Seventy James Maas, 1980
