Thomas Chatterton And Neglected Genius 1760 183:

Thomas Chatterton and Neglected Genius, 1760-1830 Daniel Cook, 2015-12-11 Long before Wordsworth etherealized him as the marvellous Boy The sleepless Soul that perished in its pride Thomas Chatterton was touted as the second Shakespeare by eighteenth century Shakespeareans ranked among the leading British poets by prominent literary critics and likened to the fashionable modern prose stylists Macpherson Sterne and Smollett His pseudo medieval Rowley poems in particular engendered a renewed fascination with ancient English literature With Chatterton as its case study this book offers new insights into the formation and development of literary scholarship in the period from the periodical press to the public lecture from the review to the anthology from textual to biographical criticism Cook demonstrates that while major scholars found Chatterton to be a pertinent subject for multiple literary debates in the eighteenth century by the end of the Romantic period he had become and still remains an unsettling model of hubristic genius

Counterfactual Romanticism Damian Walford Davies, 2019-09-18 Innovatively extending counterfactual thought experiments from history and the social sciences to literary historiography criticism and theory Counterfactual Romanticism reveals the ways in which the shapes of Romanticism are conditioned by that which did not come to pass Exploring various modalities of counterfactual speculation and inquiry across a range of Romantic period authors genres and concerns this collection offers a radical new purchase on literary history on the relationship between history and fiction and on our historicist methods to date and thus on the Romanticisms we think we have inherited Counterfactual Romanticism provides a ground breaking method of re reading literary pasts and our own reading presents in the process literary production texts and reading practices are unfossilised and defamiliarised

Byron, Hunt, and the Politics of Literary Engagement Michael Steier, 2019-07-03 In the second decade of the nineteenth century the British press began a campaign of critical abuse against Leigh Hunt caricaturing the radical journalist as an upstart Cockney author whose literary talents were as disreputable as his politics Lord Byron on the other hand was revered as a peer and a poetical genius who the conservative press argued would never befriend and collaborate with a writer like Hunt Yet Byron did just that Byron Hunt and the Politics of Literary Engagement is the first full length study of the friendship and literary relationship of two of the most important second generation Romantic authors Challenging long held critical attitudes this study shows that Byron and Hunt engaged in a creative and meaningful dialogue at each major stage in their careers from their earliest published volumes of juvenile poetry and verse satire to their most celebrated contributions to Romantic literature The Story of Rimini and Don Juan Drawing upon newly recovered letters and unpublished manuscript material this book illuminates the surprisingly durable and artistically significant friendship of Lord Byron and Leigh Hunt
