The Purpose Gap Patrick B. Reyes, 2021-03-16 In *The Purpose Gap* Patrick Reyes reflects on a family member's death after a long struggle with incarceration and homelessness As he asks himself why his cousin's life had turned out so differently from his own he realizes that it was a matter of conditions While they both grew up in the same marginalized Chicano community in central California Patrick found himself surrounded by a host of family friends and supporters They created a different narrative for him than the one the rest of the world had succeeded in imposing on his cousin In short they created the conditions in which Patrick could not only survive but thrive Far too much of the literature on leadership tells the story of heroic individuals creating their success by their own efforts Such stories fail to recognize the structural obstacles to thriving faced by those in marginalized communities If young people in these communities are to grow up to lives of purpose others must help create the conditions to make that happen Pastors organizational leaders educators family and friends must all perceive their calling to create new stories and new conditions of thriving for those most marginalized This book offers both inspiration and practical guidance for how to do that It offers advice on creating safe space for failure nurturing networks that support young people of color and professional guidance for how to implement these strategies in one's congregation school or

community organization *No Innocent Bystanders* Christopher Doucot, 2017-10-11 The struggle for justice is ongoing In answering the biblical call to act justly and love mercifully can Christians cross lines of privilege to walk humbly not only with God but with their marginalized neighbors as well No Innocent Bystanders looks at the role of allies in social justice movements and asks what works what doesn't and why It explains what allies legitimately can accomplish what they can't and what kind of humility and clarity is required to tell the difference This book is a start up guide for spiritual or religious people who are interested in working for social justice but don't know how or where to begin drawing on the lessons of history the framework of Christian ideas and the insights of contemporary activists It offers practical guidance on how to meaningfully and mindfully advocate alongside all who struggle for a more just society **Nail Scarred Hands Made New** John Shorack, 2012-06-01 Cutting edge missional witness just got bloodier and yet more hopeful than ever Many Christians in America have lost loved ones who gave their lives in military service to save the country and the free world John Shorack is one of them His father Theodore James Shorack Jr was shot down in Vietnam in 1966 Unlike many John didn't conform to his father's legacy of military sacrifice for the nation He found a completely different way to give his life for Christ and his kingdom among the poor of the nations Nail Scarred Hands Made New speaks from the trenches of a violent Latin American slum With deeply personal and theologically probing reflections John speaks to the next generation of mission workers who feel compelled to lay down their lives in the surprising hopefulness of God's ability to use the good bad and ugly of our kingdom seeking efforts to accomplish his restoration of all creation **Access**, 1987 **Business UNusual** Jan Martin Witte, Wolfgang H. Reinicke, United Nations. Global Compact Office, 2005 The United Nations is currently undergoing the most significant transformation since its founding in San Francisco in 1945 as it aims to become a more effective and accountable institution The end of the Cold War and the ongoing process of globalization have fundamentally transformed the environment within which the world body operates One component of this process has been the progressive opening of the Organization to non governmental actors including civil society and business Partnerships with business and civil society are seen as vital to getting the job done This report identifies four functions for partnerships advocacy developing norms and standards sharing and coordinating resources and expertise and harnessing markets for development Partnerships have allowed the United Nations to become increasingly creative and sophisticated in its attempts to leverage the skills and resources of business and civil society toward the goals of the organisation They have become a catalyst for reform and institutional innovation across the entire United Nations system but much remains to be done before the process of structural and cultural transformation is complete *Co-partnership*, 1907 *Report on Profit-sharing and Labour Co-partnership in the United Kingdom* Great Britain.
