Three Views On The Rapture:

Three Views on the Rapture Gleason Leonard Archer, 1996 This book explores three views on the Rapture Pre Mid and Post Tribulation **Three Views on the Rapture** Craig A. Blaising, Douglas J. Moo, 2018-06-26 The rapture or the belief that Jesus living followers will at some point join him forever while others do not is an important but contested doctrine among evangelicals Scholars generally hold one of three perspectives on the timing and circumstances of the rapture all of which are presented in this important volume of the Counterpoints series Three Views on the Rapture Alan D Hultberg PhD Trinity International University and professor of New Testament at Talbot School of Theology explains the Pre Wrath view Craig Blaising PhD Dallas Theological Seminary and president of Southwestern Baptist Theological Seminary defends the Pre Tribulation view Douglas Moo PhD University of St Andrews and professor of New Testament at Wheaton College sets forth the Post Tribulation view Each author provides a substantive explanation of his position which is critiqued by the other two authors A thorough introduction gives a historical overview of the doctrine of the rapture and its effects on the church The interactive and fair minded format of the Counterpoints series allows readers to consider the strengths and weaknesses of each view and draw informed personal conclusions Three Views on the Rapture Gleason Leonard Archer, 1996 Scripturally speaking the Rapture seems in regard to its timing to be more closely linked to the Tribulation than to any other event Since it will occur at the parousia of Christ second coming the question really becomes whether Christ will come back before during or after the Tribulation It is with this in mind that the authors of Three Views on the Rapture joined together to offer their explanations for the three major timeframes for the Rapture as it is related to the Tribulation All three authors are members of the Evangelical Free Church of America and all three teach at the denomination s seminary Trinity Evangelical Divinity School As they state in the preface All three of us are wholeheartedly devoted to upholding the clear truths of Scripture but we do not believe that the relative time of the Rapture is one of these clear truths Thus the radically divergent views offered in this book The format of this book is very fair and quite open Each author states their respective position and the others are given opportunity to respond Thus the reader is presented with a much broader picture of each position than a simple statement of the position might give All three authors are premillennialists they believe that the parousia of Christ will inaugurate the millennium but the divergence in their views shows in a good way that premillennialists are not all homogenous in their beliefs Richard Reiter begins the book with a short history of the development of each position regarding the timing of the Rapture Paul D Feinberg then offers his arguments for a pretribulation rapture Gleason L Archer presents us with the arguments for a midtribulation rapture often called mid week in reference to the seventy weeks spoken of in the book of Daniel and Douglas J Moo gives us the arguments for a posttribulation rapture Each is able to show respect for the others arguments without compromising their own And if that was all Three Views on the Rapture offered a true spirit of respectful ecumenism it would be worth purchasing But it offers so much more because the combination of three voices on

each position gives a much clearer and more cogent view which aids greatly in understanding Publisher **Three Views on the Rapture** Alan Hultberg, Craig A. Blaising, Stanley N. Gundry, Douglas J. Moo, 2010 Thoroughly examining the doctrine of the rapture and its effects on the church this volume offers a historical overview of the background and evidence pertaining to three main evangelical viewpoints Blaising on pretribulation Hultberg on pre wrath and Moo on post tribulation After each contributor explains his position the other two critique its strengths and weaknesses 288 pages softcover from Zondervan Publisher description *Three Views on the Rapture* Archer Gleason Leonard, 1909-09 The debate among premillennialists as whether the Rapture of the church will take place before in the middle of or after the Great Tribulation is gaining momentum again Tim LaHaye has established an annual conference on pretribulationism and as the year 2000 approaches eschatological debates gain again in intensity This is an update of a book published 12 years ago Each contributor will bring the debate up to date from his own perspective by addressing the new literature published since the original publication In addition each contributor would briefly respond to the other contributors This book in its current edition still sells 1 200 1 300 per year The updated edition could also benefit from the new series look we are considering for multiple views books The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians Counterpoints books address two categories Church Life and Bible and Theology Complete your library with other books in the Counterpoints series Finding the End of the World Ron Braley, 2011-03-18 Learn tools and techniques you can use in any Biblical study and then explore the History of Israel Use what you learn to analyze Old Testament prophecies and apocalyptic writings all in preparation for comparing accounts of what Jesus told His disciples on the Mount of Olives and for analyzing the Revelation given to John Round out your experience with in depth studies of end times players such as the Antichrist and the 144 000 redeemed from the earth Finally explore in great detail the major rapture positions and challenges presented by each Ron Braley s book *Finding the End of the World* is a great resource for any serious student of God s Word However it will frustrate those who look to it for easy answers to questions surrounding the books of Daniel and Revelation events of the End Times and eschatological controversies Instead the author gives the reader and student the tools to delve into the Scriptures and discover the answers Caution This may lead the reader to question and even jettison some previously held views of the End of Times While offering historical and theological background materials to consider I believe the greatest value of this book is the study tools guides and exercises it offers each student The result is creating students of the Bible who know how to read and study for themselves Ron Almberg Jr B A Th B M Div Ron Braley lives in Texas with Joanne his wife of 27 years They have 4 grown children and 2 grandchildren Passion for spreading the Gospel and helping others to build their faith has led to the development of this comprehensive guide and the creation of Finding Discipleship Inc Please visit www.findingrevelation.com for free instructor materials discussion boards and opportunities to contribute to the discipleship cause *The Source of Hope* John S. Hammett crafts a detailed and accessible introduction to the discipline of eschatology **Determining the Future's Truth Through Bible Prophecy** Peter Galarza,2021-10-26 Two Persian wars in 1991 and 2003 have inspired the author to write about two more incoming wars according to Bible prophecy the latter being the war to end all wars Armageddon It concerns the Messiah s return during a time of trouble and turmoil known as the Tribulation It also comments about our current situation in the world economics technology unbelief wars weather patterns etc It s primary villain is the antichrist who comes to deceive the nations of the world and attacks God s people This antichrist is under the control of Satan himself But the finality of it all is the issuance of a peaceful one thousand year millennium by the Messiah Himself The author wants the reading audience to examine themselves to see if they are ready to receive Him the Son of God and live eternally with Him
