encounter The main protagonists of *To See Paris and Die* are small town teachers daydreaming of faraway places college students vicariously discovering a wider world and factory engineers striving for self improvement They invested Western imports with political and personal significance transforming foreign texts into intimate belongings With the end of the Soviet Union the Soviet West disappeared from the cultural map Gilburd s history reveals how domesticated Western imports defined the last three decades of the Soviet Union as well as its death and afterlife From Page to Screen / Vom Buch zum Film Manuel Almagro-Jiménez,Eva Parra-Membrives,2020-10-05 For a long time now women have struggled for the vindication of their rights and for their visibility This struggle may seem a story of success maybe not complete or equal for all women but at least one which slowly but surely carries with it the promise of equality for all women However a closer look reveals that in various fields of culture the representation of women frequently undergoes a manipulation which makes the image of women lose the intention initially attempted This is often the case with adaptations of literary texts to the screen when the initial literary message is changed because of for example marketing demands or some ideological stance Rarely do we find the opposite case where the indifferent or emasculated original female characters are turned into guardians and or apologists of feminine power The present volume focuses precisely on the way in which the image of women is modified in films and TV series when compared with the original literary texts **Three Comrades ...
