Thomas Mann Agnes E Meyer Briefwechsel 1937 1955

Isabel Heinemann

Thomas Mann Agnes E Meyer Briefwechsel 1937 1955:

Thomas Mann - Agnes E. Meyer Thomas Mann, Agnes E. Meyer, Hans Rudolf Valet, 1992 **Bertolt Brecht: A Literary Life** Stephen Parker, 2014-02-13 This first English language biography of Bertolt Brecht 1898 1956 in two decades paints a strikingly new picture of one of the twentieth century's most controversial cultural icons Drawing on letters diaries and unpublished material including Brecht's medical records Parker offers a rich and enthralling account of Brecht's life and work viewed through the prism of the artist Tracing his extraordinary life from his formative years in Augsburg through the First World War his politicisation during the Weimar Republic and his years of exile up to the Berliner Ensemble's dazzling productions in Paris and London Parker shows how Brecht achieved his transformative effect upon world theatre and poetry Bertolt Brecht A Literary Life is a powerful portrait of a great compulsively contradictory personality whose artistry left its lasting imprint on modern culture **Schoenberg and Hollywood Modernism** Kenneth H. Marcus, 2016-01-14

Schoenberg is often viewed as an isolated composer who was ill at ease in exile In this book Kenneth H Marcus shows that in fact Schoenberg's connections to Hollywood ran deep and most of the composer's exile compositions had some connection to the cultural and intellectual environment in which he found himself He was friends with numerous successful film industry figures including George Gershwin Oscar Levant David Raksin and Alfred Newman and each contributed to the composer's life and work in different ways helping him to obtain students making recordings of his music and arranging commissions While teaching at both the University of Southern California and the University of California Los Angeles Schoenberg was able to bridge two utterly different worlds the film industry and the academy Marcus shows that alongside Schoenberg's vital impact upon Southern California Modernism through his pedagogy compositions and texts he also taught students who became central to American musical modernism including John Cage and Lou Harrison **Exile, Science and Bildung** D.

Kettler, G. Lauer, 2016-09-23 The history of American universities is punctuated by shifts in the terms on which the mission of higher education is defined and debated A dramatic moment with lasting effects came with the introduction of German speaking exile intellectuals in the Hitler era In Germany the academic culture of the early twentieth century was torn by the struggle between Wissenschaft and Bildung two symbolic German terms whose lack of precise English equivalents is a sign of the different configuration in America The studies in this book examine the achievements of numerous influential migrant intellectuals against the background of their mediation between the two cultural traditions in science and liberal studies In showing the richness of reciprocal influences the book challenges claims about the disruptive influence of exile culture on the American mind **Schoenberg's New World** Sabine Feisst, 2011-03-10 This is a study dedicated to Schoenberg's life and music which dispels many myths and fills significant gaps in the existing literature on Schoenberg Drawing on much new information the book traces early Schoenberg pioneers in America who set the stage for Schoenberg's arrival in 1933

Family Values Isabel Heinemann, 2023-10-04 Clashes over the American family and its values have always implicitly or

explicitly addressed issues of gender and highlighted the significance of present and future families to American society This is the insight underpinning Isabel Heinemann's groundbreaking study which traces over the course of the twentieth century debates on the family and its role the relationship between the individual and society and individual decision making rights as well as their denial or curtailment Unpacking these issues in a vivid and innovative analysis the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship between social change normative shifts and the counter movements spawned in response to them

On Myself and Other Princeton Lectures

Thomas Mann, James N. Bode, 1997 Of Thomas Mann's public lectures at Princeton University On Myself is of particular interest Since the publication of the German text in 1966 it has been increasingly referred to as the definitive authorial comment on Mann's works themes and sources The English version in which it was given in May 1940 appears here for the first time in its two parts entitled From Childhood Play to Death in Venice and On my own Work together with the two lectures Richard Wagner and The Ring of the Nibelung and Goethe's Werther which Thomas Mann delivered in English at Princeton in 1939 The lectures are put in context by the editor's informative introduction and annotations which also detail Mann's handwritten alterations to the typescripts on which the edition is based

Thomas Mann Donald A. Prater, 1995

This is the first up to date biography in English of Thomas Mann 1875-1955 perhaps the greatest German novelist of the twentieth century Mann was the author of several classics of modern European fiction including Death in Venice The Magic Mountain Buddenbrooks and The Confessions of Felix Krull Confidence Trickster the winner of the Nobel Prize for Literature and a staunch opponent of Nazism which eventually drove him into exile Celebrated biographer Donald Prater traces Mann's life and work from his upbringing in Lubeck through his years in Munich his exile in the US and his last years in Switzerland He discusses Mann's relationship with his novelist brother Heinrich his homosexuality his career as a prolific essayist and the vast achievement of his novels But the biography devotes particular attention to Mann's political thinking and his role in the rise and fall of Hitlerism In Mann's development from nationalistic conservatism to a vigorous humanist anti Nazism Prater sees a fascinating and crucially important illustration of the German problem still so much of relevance to the Europe of today Elegantly written and always entertaining Thomas Mann A Life will take its place as the major biography of Mann

Ironie

Out of Love Irvin Stock, 1994 This book gives new readings of Mann's novels that show how his obsessive subject the artist as Thomas Mann became a key to central developments of Western Culture e.g. to the clash of principles that ended in World War I to the psychic origins and permanent truth of the Jewish God story to the disturbing connection between the Nazis and the greatest of German artists including Mann himself The author shows how Mann's famous irony emerges not from nihilism but from a relish for human beings in their idea defying complexity and how this relish keeps his richly philosophic novels alive and delightful as fiction

New German Review, 2000

Thomas Mann und die Politik Manfred Görtemaker, 2005
