Three Voices From The Galilee Three Voices From The Galilee:

Third Voice Michael P. Knowles, 2021-01-14 What makes for powerful preaching Careful exegesis logical structure interesting illustrations and clear speech can all help But truly transformative preaching depends on divine power not human skill alone Those who would reduce preaching to simple systems or sure fire strategies for success will find little of interest here Instead this book appeals to those pastors and academics alike who find themselves confounded by the occasional futility of their best preaching and the unexpected success of their worst It invites readers to enter more deeply into the uncontrollable mystery that attends all efforts to speak in the name of Christ above all on the topic of resurrection Although the gospel always turns our attention to the crucified and risen Lord preaching about resurrection calls us to trust that the same God who raised Jesus from death will likewise grant life to us as preachers to our sermons and to our hearers alike Drawing on resources as diverse as Luther s understanding of the Christian gospel Speech Act theory and Bhabha s concept of Third Space Third Voice Preaching Resurrection argues that the true key to effective preaching is not rhetoric but spirituality *The Voice upon the mountains*, ed. by T.G.
