Raymond Hundley, 2010-04-19 Will life on earth really come crashing to a halt on December 21 2012 Will solar storms trigger devastating earthquakes and volcanoes that obliterate humankind Will a large scale science experiment go awry destroying our civilization Is Earth on a collision course with an obscure planet Will any of these events herald the end of the world Dr Raymond C Hundley analyzes the predictions of the ten most prominent apocalyptic theories in the 2012 doomsday movement He investigates the claims of scientists theologians mathematicians technologists and ancient prophets along with the credibility and probability of each theory The 2012 predictions of the Mayan calendar are considered alongside the parallel calculations of 16th century astrologer Nostradamus Dr Hundley takes a close look at the speculation originating everywhere from evangelical Christianity to secular academia Will the World End in 2012 Dr Hundley s conclusion may be what you least expect He challenges Christians to respond to these predictions not with fear but with hope and joy For

believers and nonbelievers alike Hundley s logical evaluation of Earth s potential demise provides a fascinating road map of where our civilization could be heading and how we can prepare our hearts and minds for what lies ahead 2012 Daniel J. Gansle,2010 Does the eerily precise Mayan calendar prophesy doomsday on December 21 2012 or does it predict a glorious new age of raised consciousness Does a hidden monument in Mexico finally put to rest what the Maya knew 2012 Day of Reckoning takes readers on a hair raising journey to unlock the mystery behind the lost prophecy of the ancient Maya From galactic alignment to pole shift to Planet X Nibiru and a startling prediction of time travel and The Singularity 2012 Day of Reckoning elucidates the Mayan prophecy with commentary from top Maya scholars and leading voices in the movement

Man Vladimir Svistelnik,2012-01-01 Modern prophets and even scientists believe that devastating earthquakes and tsunamis that have killed many people on Haiti in Chili and in Japan lately were the heralds of more scaled natural cataclysms that according to Mayan calendar may destroy the life on Earth in December 2012 Many people try to find salvation in religion However sensational discoveries made by the author reveal the fact that trying to hide the truth about Jesus Church founders made so many theological mistakes that made salvation impossible Honest to God Honest to Man is the author s desperate attempt to tell the truth about why did it happen and why religious teachings became the source of religious intolerance and terrorism *Extraordinary Knowledge* K. R.,2012-02-07 This book covers topics such as psychology science spirituality

myths and unexplained phenomena and more It also covers topics such as spiritual awakening and planetary shifts This book leads you through the vast amount of information being relayed by the Zetas in answer to questions posed to their emissary Nancy Lieder The book also contains information on the government s involvement in the alien and UFO s cover up The Earth is scheduled to transition to 4th Density spiritual After the switch humans will find that all humans whether they have graduated to a 4th Density spiritual plane or not have moved For some entities they will recall living through the cataclysms and then later through a time when humans seemed more mentally connected and in touch with one another Then upon death they will be moved to another 3rd Density world with others who will share these memories Back to 3rd Density to continue their orientation lesson Just as living beings such as the Zetas and humans can be in different densities coexisting in the same spot but being unaware of each other so planets can and do so coexist 4th Density planets are not as prevalent as planets in the root density for obvious reasons Planets are moved to 4th Density only to support life in 4th Density and most planets do not have any life at all This book was written in hopes of updating people s minds that we are all immortal spirits on a journey throughout this wonderful Universe God has created *The Night Sky, Updated and Expanded Edition* Richard

Grossinger,2014 Ever since Homo sapiens first looked up at the stars we as a species have been looking for meaning in the mysteries of the night sky Over the millennia as our knowledge science and technology developed the stories we told ourselves about the universe and our place in it developed as well In *The Night Sky* Richard Grossinger traces those developments covering multiple aspects of humanity s complex relationship to the cosmos Covering not only astronomy but

also cosmology cosmogony astrology and science fiction he offers us a revelatory look at the firmament through his own telescope fitted with an anthropological lens Throughout his explorations Grossinger continually reflects on the deeper meaning of our changing concepts about the universe and creation offering insight into how each new discovery causes us to redefine the values moralities and aesthetics by which we live He also calls into question the self aggrandizing notion that humanity can and will conquer all and injects our strident confidence in science with a healthy dose of humility and wonder Filled with poetic observation and profound questions *The Night Sky* is a brilliant reflection of humanity's relationship with the cosmos a relationship fed by longing doubt and awe
