

A Young Girl's Smile Isn't Legal Consent

*Academic Title: The Hitchhiker Personifying The Latent Victim
While The Motorist Assumes The Role Of The Aggressionary Agent
As Opportunity Adds The Fatal Cohesion*
Common Title: Hit 'N Run Pollination

A *metaphor* on the danger of hitchhiking is emphasized here with an oral fixation. This theme deals with the assault, or as the case may be, the molestation of a younger woman. The matter of age is very important. Is the young girl pictured supposed to be the older woman in the ensuing assault? Does the assailant envision maturity in the child? Premature beauty in young girls is a point that has been brought up regarding this picture. This is a rare condition that can occur to young girls, called 'Beaute' du Diable,' where for some unexplained reason, the child reaches premature adulthood. This is characterized by extreme beauty at an early age, but by the time she reaches her nineteenth birthday the girl will start showing signs of homeliness, and within a short period of time will become unpleasantly ugly. Today's modern attitudes find viewing women's appearance in this manner both sexist and bigoted, so this condition is no longer recognized.

A more uplifting note: Mountains of shape and mountains of color, chartreuses stacked majestically on royal mauves, steep angles, insurmountable precipices and

crashing ravines; all form the character of this breathtaking background. How high this artist's spirit must soar to associate himself with this achievement. But there's another facet to this picture — notice how these chartreuse and purple zig-zags subtly transform into black and white in the right-hand corner. The invisible area of this transition is the point for your attention. What color is it? That's right, you can't identify it. It's a color that's not in the normal scientific spectrum. Mr. Williams has done what some people say is impossible, he's made new colors. Actually he's used what is called 'extra-etheral colors' — true psychic colors — the colors you see when you hit your head with a hammer.

Rebuff: To begin with, the idea of 'Beaute' du Diable' is absolute nonsense, a vulgar euphemism from the thirties! And the bit about magic colors, pure bunk! If you call muted tans and grays undiscovered subconscious colors, then you've thrown the baby out with the bath water. Pedophilic and repressed sexual attitudes are the subject of this, for lack of a better term, obscene 'mustache ride.'
