Arthur Ellis, 2009 In 1952 Zora Neale Hurston traveled to Live Oak Florida to cover the trial of a black woman accused of murdering the town's only doctor a white man Drawing on Hurston's newspaper coverage Ellis recounts the sensational trial **Zora Neale Hurston** Cynthia Davis, Verner D. Mitchell, 2013-05-09 Zora Neale Hurston 1891-1960 the most prominent of the Harlem Renaissance women writers was unique because her social and professional connections were not limited to literature but encompassed theatre dance film anthropology folklore music politics high society academia and artistic bohemia Hurston published four novels three books of nonfiction and dozens of short stories plays and essays In addition she won a long list of fellowships and prizes including a Guggenheim and a Rosenwald Yet by the 1950s Hurston like most of her Harlem Renaissance peers had faded into oblivion An essay by Alice Walker in the 1970s however spurred the revival of Hurston's literary reputation and her works including her 1937 novel *Their Eyes Were Watching God* have enjoyed an enduring popularity Zora Neale Hurston An Annotated Bibliography of Works and Criticism consists of reviews of critical interpretations of Hurston's work In addition to publication information each selection is carefully crafted to capture the author's thesis in a short pithy analytical framework Also included are original essays by eminent Hurston scholars that contextualize the bibliographic entries Meticulously researched but accessible these essays focus on gaps in Hurston criticism and outline new directions for Hurston scholarship in the twenty-first century Comprehensive and up to date this volume contains analytical summaries of the most important critical writings on Zora Neale Hurston from the 1970s to the present In addition entries from difficult to locate sources such as small academic presses or international journals can be found here Although intended as a bibliographic resource for graduate and undergraduate students this volume is also aimed toward general readers interested in women's literature African American literature American history and popular culture The book will also appeal to scholars and teachers studying twentieth-century American literature as well as those specializing in anthropology modernism and African American studies with a special focus on the women of the Harlem Renaissance [The Silencing of Ruby McCollum](#) Tammy D. Evans, 2016-09-20 This groundbreaking work reads like a murder mystery only in this case what has been killed is our American integrity and the right of an individual to a fair trial Evans has finally addressed the pervasive silence that distorts fragments and threatens to bury the history of so many southern places and people Rebecca Mark Tulane University *The Silencing of Ruby McCollum* refutes the carefully constructed public memory of one of the most famous and under-examined biracial murders in American history On August 3 1952 African American housewife Ruby McCollum drove to the office of Dr. C. LeRoy Adams beloved white physician in the segregated small town of Live Oak Florida With her two young children in tow McCollum calmly gunned down the doctor during according to public sentiment an argument over a medical bill Soon a very different motive emerged with McCollum alleging horrific mental and physical abuse at Adams's hand In reaction to these

allegations and an increasingly intrusive media presence the town quickly cobbled together what would become the public facade of Adams's murder a more acceptable motive for McCollum's actions To ensure this would become the official version of events McCollum's trial prosecutors voiced multiple objections during her testimony to limit what she was allowed to say Employing multiple methodologies to achieve her voice historical research feminist theory African American literary criticism African American history and investigative journalism Evans analyzes the texts surrounding the affair to suggest that an imposed code of silence demands not only the construction of an official story but also the transformation of a community's citizens into agents who will reproduce and perpetuate this version of events improbable and unlikely though they may be Tammy Evans is an adjunct professor of composition at the University of Miami's Bradenton campus
