Prevention of the Biological Contamination of Food Thierry Bénézech,Christine Faille,2024-07-23 This book deals with risk management by focusing on microbiological risks Throughout the food chain foodstuff may be exposed to dangerous agents that can potentially affect its quality and thus the health of consumers A good knowledge of the strategies and means of control implemented along the food chain after the primary production stage is a necessary condition and a prerequisite for any further improvement but it is not sufficient Indeed in order to better prevent and therefore control these risks it is essential to study both the phenomena of surface contamination and those relating to the elimination of this contamination by cleaning and disinfection operations in order to know the main mechanisms Thanks to this a certain number of innovations can already be proposed new surfaces new materials and cleaning and disinfection procedures etc for future developments on an industrial or domestic scale

Purely Objective Reality John Deely,2009-09-04 In his Letter on Humanism of 1947 Heidegger declared that the subject object opposition and the terminology that accrues to it had still not been properly addressed in the history of philosophy and he awaited a proper disquisition that resolved the problem To date that has not been provided This volume explains and solves the prevailing problems in the subjectivity objectivity couplet in the process making an indispensable contribution both to semiotics and to philosophy This book shows that what is thought to be objective in the commonplace use of the term is demonstrably different from what objectivity entails when it is revealed by semiotic analysis It demonstrates in its exegesis of the objective that human existence is frequently governed by examples of a purely objective reality a fiction which nevertheless perfuses is perfused by and guides experience The ontology of the sign can be mind dependent or mind independent just as the status of relation can be as legitimate on its own terms whether it is found in ens rationis or in ens reale The difference in the awareness of human animals consists in this very contextualization that Deely s writings in general have made so evident the ability to identify signs as sign relations and the ability to enact relations on a mind dependent basis Purely Objective Reality offers the first sustained and theoretically consistent interrogation of the means by which human understanding of reality will be instrumental in the survival or destruction of planet Earth
