your iPhone 4 you've found it. There are basically two types of iPhone books out there. 1. The tell me all about it kind which includes in depth discussions on everything from wireless network protocols to advanced compression codes. 2. Then there's this book which instead is a show me how to do it book that skips all the confusing techno jargon and just tells you in plain simple English exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby the award winning author of the smash bestseller The iPod Book who takes that same highly acclaimed casual straight to the point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself simple to use and fun to learn. The book's layout is brilliant with each page covering just one single topic so finding the information you need is quick and easy with a large full color photo on each page so you can see exactly how it works. Scott and Terry added even more tips and tricks than the previous editions and made it even easier by focusing on just the most useful and most requested iPhone 4 features so you can start really using your iPhone today.

The iOS 4 Developer's Cookbook Erica Sadun, 2011-10-13 Praise for previous editions of The iPhone Developer's Cookbook. This book would be a bargain at ten times its price. If you are writing iPhone software it will save you weeks of development time. Erica has included dozens of crisp and clear examples illustrating essential iPhone development techniques and many others that show special effects going way beyond Apple's official documentation. Tim Burks iPhone Software Developer TootSweet Software. Erica Sadun's technical expertise lives up to the Addison Wesley name. The iPhone Developer's Cookbook is a comprehensive walkthrough of iPhone development that will help anyone out from beginners to more experienced developers. Code samples and screenshots help punctuate the numerous tips and tricks in this book. Jacqui Cheng Associate Editor Ars Technica. We make our living writing this stuff and yet I am humbled by Erica's command of her subject matter and the way she presents the material pleasantly informal then very appropriately detailed technically. This is a going to be the Petzold book for iPhone developers. Daniel Pasco Lead Developer and CEO Black Pixel Luminance.
