Using An Ipad With Your Preschooler:

Using an iPad with Your Preschooler Gayle Berthiaume, Gail Lovely, 2014-06-24 Using an iPad with Your Preschooler will help you use your iPad to create fun shared experiences with your preschooler This book is bursting with simple ideas for using an iPad as a catalyst for conversation creativity laughter and fun Learn how to select the best apps for your child s developmental stage as well as apps for specific settings and events The authors are parents and educators with a keen eye for finding the best apps and interesting ways to use these apps at home and on the go **iPads in the Early Years** Michael Dezuanni, Karen Dooley, Sandra Gattenhof, Linda Knight, 2015-01-09 Digital devices such as smart phones and tablet computers are becoming commonplace in young children s lives for play entertainment learning and communication Recently there has been a great deal of focus on the educational potential of these devices in both formal and informal educational settings There is now an abundance of educational apps available to children parents and teachers which claim to enhance children s early literacy and numeracy development but to date there has been very little formal investigation of the educational potential of these devices This book discusses the impact on children s learning when iPads were introduced in three very different early years settings in Brisbane Australia It outlines how researchers worked with pre school teachers and parents to explore how iPads can assist with letter and word recognition the development of oral literacy and digital literacies and talk around play Chapters consider the possibilities for using iPads for creativity and arts education through photography storytelling drawing music creation and audio recording and critically examine the literacies enabled by educational software available on iPads and the relationship between digital play and literacy development iPads in the Early Years provides exciting insights into children s digital culture and learning in the age of the iPad It will be key reading for researchers research students and teacher educators focusing on the early years as well as those with an interest in the role of ICTS and particularly tablet computers in education *Innovative Technologies to Benefit Children on the Autism Spectrum* Sifton, Nava R., 2014-03-31 This book brings together relevant theoretical frameworks and empirical research concerning the emerging technologies that benefit individuals living with autism **Positive Behavior, Social Skills, and Self-Esteem** Esta M. Rapoport, 2019-09-17 Does your preschool child with ADHD have poor self esteem Don t do that and No negatively impacts his self esteem Parents of preschool children with ADHD travel a frustrating journey They react instead of respond to their child s misbehavior Their child is reprimanded for behavior that he cannot control due to his ADHD which increases his inappropriate behavior Additionally socially inappropriate behavior may occur as a result of being treated negatively Parents should not be blamed because they may not know how to manage their child s behavior The child s peers reject him for touching pushing and invading their space Feeling excluded causes a preschool child with ADHD to become vulnerable allowing him to be bullied Yes even in preschool Parents feel frustration stress and guilt Parents are taught in this book to diminish their child s misbehaviors by following simple step by step methods to facilitate positive behavior They learn

the first line of treatment for their preschool child with ADHD which are behavioral interventions whether they should discipline him for displaying behavior he cannot control and how to teach him social skills when he is so distractible Parents are taught to respond in an affirmative way to their child s appropriate behavior positively impacting his self esteem

Early Childhood Music Therapy and Autism Spectrum Disorders Petra Kern, Marcia Humpal, 2012 This edited book brings together renowned experts in music therapy and related fields to present current research practical strategies and policies useful for everyone interested in music as a tool to aid children on the autism spectrum Case scenarios examples and tip sheets further support the application of the knowledge based content

Parenting in the Age of Attention Snatchers Lucy Jo Palladino, 2015-04-28 Are your kids glued to their screens Here is a practical step by step guide that gives parents the tools to teach children from toddlers to teens how to gain control of their technology use As children spend more of their time on tablets and smartphones using apps specially engineered to capture their attention parents are becoming concerned about the effects of so much technology use and they feel powerless to intervene They want their kids to be competent and competitive in their use of technology but they also want to prevent the attention and behavioral problems that can develop from overuse In this guide Lucy Jo Palladino doesn t demonize technology instead she gives parents the tools to help children understand and control their attention and to recognize and resist when their attention is being snatched Palladino s straightforward evidence based approach applies to kids of all ages Parents will also learn the critical difference between voluntary and involuntary attention new findings about brain development and what puts children at risk for attention disorders

Kids Thrive at Every Size Jill Castle, 2024-08-13 For every parent who's worried about their child's weight or size this insightful book offers an approach to health that focuses on the whole child not just the growth chart All children deserve a future free of health concerns and one full of self esteem and wellbeing no matter their size Yet given the rise in childhood obesity there's enormous pressure on parents to raise fit thin kids even if their kids aren't designed to be that way So what does a healthy fit child look like and how can parents actually raise one especially in a world of abundant food busy lives toxic diet culture and societal pressures Pediatric nutritionist Jill Castle offers parents a roadmap for navigating the ins and outs of raising children who are larger smaller or in between Drawn from science and experts in medicine psychology exercise sleep media and nutrition this book helps families establish healthy habits with a heightened awareness of the social issues health concerns and psychological impact of growing up in today's culture especially when larger or smaller Kids Thrive at Every Size is a holistic whole child approach to health focusing on physical and emotional wellness and empowers parents to create a positive culture of health and self esteem in their kids no matter their size

Technology for Littles Carrie Rogers-Whitehead, 2025-04-15 An easy to implement guide to help parents raise tech savvy children with healthy and safe online habits from the start Today's youngest children are experiencing technology more intensely than any generation before them The opportunities are great but so are the dangers How do parents and educators prepare this new generation to be safe and responsible online How can they raise young children with a healthy digital balance In *Technology for Littles* parent practitioner and founder of Digital Respons Ability Carrie Rogers Whitehead combines decades of research on child development with practical tools for parents to help them raise healthy responsible and safe internet users at home And because schools don't typically start digital literacy until third grade or older this book focuses on helping parents of younger

children implement online safety at home from the time a toddler first picks up a smart phone Packed full of songs strategies resource lists and more Technology for Littles equips parents to fearlessly tackle tech and create habits and routines that will help children grow to be healthy yet tech savvy humans in a digital world **Parent's Quick Start Guide to Autism** Noelle Balsamo,James W. Forgan,2022-06-28 Parent s Quick Start Guide to Autism provides parents and caregivers with an immediate overview of autism spectrum disorder ASD and steps they can take to support and encourage their child Each chapter is packed with detailed and helpful information covering what to do at home and at school how to avoid common mistakes and how and when to seek professional help Summary and resource sections at the end of each chapter give quick guidance to busy readers Topics include occupational therapy applied behavior analysis ABA cognitive behavioral therapy CBT interventions and more Offering straightforward easy to understand and evidence based information this book is a go to resource for caregivers parenting a child with autism Make Your Kid A Money Genius (Even If You're Not) Beth Kobliner,2017-02-07 The New York Times bestseller that is a must read for any parent From Beth Kobliner the author of the bestselling personal finance bible Get a Financial Life a new must have guide showing parents how to teach their children from toddlers to young adults to manage money in a smart way Many of us think we can have the money talk when our kids are old enough to get it which won t be for years right But get this Research shows that even preschoolers can understand basic money concepts and a study from Cambridge University confirmed that basic money habits are formed by the age of seven Oh and research shows the number one influence on kids financial behaviors is mom and dad Clearly we can t afford to wait Make Your Kid a Money Genius Even If You re Not is a jargon free step by step guide to help parents of all income levels teach their kids from ages three to twenty three about money It turns out the key to raising a money genius isn t to teach that four quarters equal a dollar or how to pick a stock Instead it s about instilling values that have been proven to make people successful not just financially but in life delaying gratification working hard living within your means getting a good education and acting generously toward others More specifically you ll learn why allowance isn t the Holy Grail when teaching your kid to handle money and why after school jobs aren t always the answer either You ll discover the right age to give your kid a credit card and learn why doling out a wad of cash can actually be a good parenting move You don t need to be a money genius to make your kid a money genius Regardless of your comfort level with finance or your family s income this charming and fun book is an essential guide for passing along enduring financial principles making your kids wise beyond their years and peers when it comes to money Walking with Your Child Seema Dhall,2020-08-25 First time author Seema Dhall a mother of two and a teacher to thousands of children offers her insight into how to raise happy well adjusted responsible and morally conscious children in this day and age where most families are nuclear and both parents work leaving little time for extremely busy parents to effectively raise their young ones She elaborates on how parents can meet the physical emotional developmental and social needs of their children at different stages of their childhood She offers tips

on how to raise an aggressive child a strong willed child and a sensitive child How do you nurture and mould early age emotions productively How do you resolve the dilemma of traditional versus the modern ethos of parenting How do you establish control without nagging anger threats or power struggles especially during the teenage years How do you protect your children from the dangers of social media All these and many more questions are answered diligently based on her firsthand experience and tried and tested methods Walking With Your Child is a compelling read as she intersperses her writing with little anecdotes and stories that illustrate a particular moral or value which parents can share with their children

Future-proof Your Child for the 2020s and Beyond Nikki Bush, Graeme Codrington, 2019-08-01 Mommy Daddy what should I be when I grow up This is the question every child asks when they begin to develop a sense of the future and it's never been harder for parents to answer it than now This century is characterised by disruptive change that is turning our world upside down Jobs aren't just changing but whole industries are ceasing to exist The scripts for success and failure are being rewritten on a daily basis in our families at work and in life Do parents know who and what their children need to be let alone what they might be able to do in the future world of work This book doesn't just paint a picture of what the future might hold but provides frameworks and practical advice for what parents can do today in order to build solid foundations for their children in order to maximise their chances of success Children who are equipped with the right skill sets attitudes and world views will remain relevant and able to take advantage of future opportunities Aimed primarily at anyone involved in raising children from birth to age twelve including grandparents educators support teams and extended family it is also an insightful handbook for those with teens Future proof Your Child for the 2020s and Beyond is an invaluable guide for parents who wish to create realistic and relevant parenting goals that will set their children up to thrive no matter what awaits them in the future

Mobile Technologies in Children's Language and Literacy Grace Oakley, 2018-11-01 This book examines the ways in which mobile technologies may contribute to or disrupt literacy learning in children Also explored is the impact mobile technologies may have on literacy definitions and practices student parent and teacher roles and interactions power relations in education and social and material interactions

One and Done Rebecca Greene, 2023-01-03 Only doesn't mean lonely Families come in all shapes and sizes and even a family with one child is complete and whole But every family is unique and raising an only child can seem daunting As a therapist the mother of an only child and an only child herself Rebecca Greene is an expert in the variety of issues that surround raising an only child and she knows that parenting an only child is a complex endeavor no matter how you came to be one and done This comprehensive guidebook will explore the reasons why a family might have one child discuss the benefits of having an only child debunk the stigmas of only children and provide tips and strategies for creating a happy home environment and building a strong community for your only child It covers what to do when your only child is lonely how to develop new family traditions how to plan meaningful trips for your family how to choose the ideal neighborhood and more Packed with research first hand accounts and tried and true methods

and advice One Done The Guide to Raising a Happy and Thriving Only Child is the ultimate resource for raising a happy and thriving only child **Techwise Infant and Toddler Teachers** Patricia A. Cantor, Mary M. Cornish, 2016-10-01 Infants and toddlers the so called touchscreen generation are living in a screen mediasaturated world They are the target market for ever growing numbers of apps TV shows electronic toys and e books Making sense of the complex issues associated with screen media in the lives of children under 3 can be challenging for the adults who care for them There is a strong need among teachers and parents of infants and toddlers for guidance related to the appropriate role of screen media in early care and education Unlike most other books about technology in early childhood this book focuses specifically on infants and toddlers It explores why and how infant and toddler teachers need to be techwise in order to understand the implications of screen media for children s learning and development The book serves as a single accessible resource to relevant research findings from the fields of pediatric medicine child development developmental psychology social and behavioral sciences and brain science It provides infant toddler teachers with a comprehensive approach and strategies to guide their decisionmaking and promote practices that are evidence based family centered culturally responsive and collaborative It is a call for teachers to think carefully and act wisely when making decisions about screen media both the technology that they are encountering now and the technology they will encounter in the future in order to optimize the learning and healthy development of infants and toddlers
