Simone, 2007-07-01 Five years have passed since Mignon Samuels first discovered the priceless journal that chronicled the lives of the strong women who came before her. Now she's ready to add her own history to that of the four previous generations documented inside Mignon's journey. It takes her back to several moments in time including the early days of her grandparents' marriage and the troubles they faced—troubles that in some ways mirror her own. Her mother, uncle Eddie, and aunts Odele and Sofia each had their own mountain to climb: womanizing, drug addiction, even murder. They have sought the healing power of God, but it will take years, perhaps decades, for those who survive to really see the light. As she delves deeper into her family's sometimes murky past, Mignon unearths a secret that turns everything she's taken for granted upside down. But the revelation will also give her the courage and faith to change her life. Write, Camera, Action Linda Caputo, 1986-10

Lott, 1987 Based on surveys, laboratory research, formal empirical investigations into women's development as well as newspaper reports, women's fiction, and autobiographical material, Lott examines the lifelong process of gender learning. She describes how girls and women acquire female traits and how situational and cultural demands affect the gender process. She explains how the process of socialization from being born a female to becoming a culturally defined woman affects a woman throughout her life from prenatal development through old age, shaping her behavior, beliefs, and attitudes and her relationships with children, men, and other women. Lott also examines women's current multiple roles as well as the wider range of possibilities the women today share with men. ISBN 0 534 07440 5 pbk 16 00 **Supreme Court Appellate Division**,
