Waking A Memoir Of Trauma And Transcendence:

Waking Matthew Sanford, 2008-05-27 Matthew Sanford's inspirational story about the car accident that left him paralyzed from the chest down is a superbly written memoir of healing and journey from near death to triumphant life. Matt Sanford's life and body were irrevocably changed at age 13 on a snowy Iowa road. On that day, his family's car skidded off an overpass, killing Matt's father and sister and leaving him paralyzed from the chest down, confining him to a wheelchair. His mother and brother escaped from the accident unharmed but were left to pick up the pieces of their decimated family. This pivotal event set Matt on a lifelong journey from his intensive care experiences at the Mayo Clinic to becoming a paralyzed yoga teacher and founder of a nonprofit organization. Forced to explore what it truly means to live in a body, he emerges with an entirely new view of being a whole person. By turns agonizingly personal, philosophical, and heartbreakingly honest, this groundbreaking memoir takes you inside the body, heart, and mind of a boy whose world has been shattered. Follow Sanford's journey as he rebuilds from the ground up, searching for healing stories to help him reconnect his mind and his body. To do so, he must reject much of what traditional medicine tells him and instead turn to yoga as a centerpiece of his daily practice. He finds not only a better life but also meaning and purpose in the mysterious distance that we all experience between mind and body. In *Waking*, Sanford delivers a powerful message about the endurance of the human spirit and of the body that houses it.

Kaparo has successfully used her approach with patients suffering from chronic pain, high blood pressure, and mood disorders, including depression and anxiety. Recounting her own struggle with chronic pain, Kaparo begins with a moving description of her journey from crippling pain to renewed health and aliveness. Kaparo introduces the concepts and characteristics of Somatic Learning, a method that grew out of her personal healing experience. Incorporating the latest brain research in mindfulness and neuroplasticity, the book presents breathing exercises, postures, and stretches for morning and bedtime, instructions for integrating mindfulness practice into one's daily life, and ways of deepening the practice through touch and caring interaction with others. Enhanced with over 100 detailed instructional photos and illustrations, the book includes inspiring case stories and the author's own expressive poetry that illuminate the healing power of this practice. **Pink Ribbon Blues** Gayle A.
