perhaps Thoreau's most famous work was published in 1854. Originally published under the title *Walden or Life in the Woods*, the novel experienced some success after its release but went out of print after five short years, only having sold around 2,000 copies. However, after Thoreau's death in 1862, the book was reprinted and enjoyed more critical acclaim. Many scholars now praise it as an American classic. The book is a memoir of Thoreau's time living in the woods near Concord, Massachusetts. Thoreau lived for two years and two months by himself in the woods and set out to live simply and meagerly off of the land and Walden Pond, the body of water that was near his cabin. The novel details his journey of self-discovery, his thoughts on carefully managing finances, and his musings on society as a whole. *Civil Disobedience* is a short essay that was originally published in 1849 under the title *Resistance to Civil Government*. The essay details Thoreau's views on the individual's obligation to his conscience over the laws of the government. The essay deals particularly with Thoreau's dislike of slavery and the Mexican American war.

Henry David Thoreau, 2021-02-13 **Walden and On The Duty Of Civil Disobedience** by Henry David Thoreau **Walden and Civil Disobedience** Henry David Thoreau, 2020-06-03 Published in 1854 by transcendentalist writer Henry David Thoreau Walden depicts Thoreau's experience living an entirely self-sufficient life in a small cabin he built himself by Walden Pond near Concord, Massachusetts. Thoreau seeks to demonstrate how easy it is to acquire all of life's necessities by living simply and rejecting the rat race of competing for material possessions. This way of living liberates the individual to pursue what Thoreau believes should be our primary aims in life: personal growth and cultivating a spiritual connection with nature. 8.5x11 Matte Cover Large Print Walden, Henry David Thoreau, 2016-11-07

Economy When I wrote the following pages or rather the bulk of them I lived alone in the woods a mile from any neighbor in a house which I had built myself on the shore of Walden Pond in Concord, Massachusetts and earned my living by the labor of my hands only. I lived there two years and two months. At present I am a sojourner in civilized life again; I should not obtrude my affairs so much on the notice of my readers if very particular inquiries had not been made by my townsmen concerning my mode of life which some would call impertinent though they do not appear to me at all impertinent but considering the circumstances very natural and pertinent. Some have asked what I got to eat if I did not feel lonesome if I was not afraid and the like. Others have been curious to learn what portion of my income I devoted to charitable purposes and some who have large families how many poor children I maintained. I will therefore ask those of my readers who feel no particular interest in me to pardon me if I undertake to answer some of these questions in this book. In most books the I or first person is omitted; in this it will be retained, that in respect to egotism is the main difference. We commonly do not remember that it is after all always the first person that is speaking. I should not talk so much about myself if there were anybody else whom I knew as well. Unfortunately I am confined to this theme by the narrowness of my experience. Moreover I on my side require of every writer first or last a simple and sincere account of his own life and not merely what he has heard of other men's lives; some such account as he would send to his kindred from a distant land for if he has lived sincerely it must have been in a distant land to me. Perhaps these pages are more particularly addressed to poor students. As for the rest of my readers they will accept such portions as apply to them. I trust that none will stretch the seams in putting on the coat for it may do good service to him whom it fits.

Henry David Thoreau born David Henry Thoreau is a philosopher, naturalist, and American poet born July 12, 1817 in Concord, Massachusetts where he died May 6, 1862. His masterpiece *Walden or Life in the Woods* is a reflection on the economy, nature, and the simple life lived apart from society, written during a retreat in a cabin he had built on the edge of a lake. His essay *Civil Disobedience* reflecting a personal opposition to the slave of the time, authorities inspired collective action by Gandhi and Martin Luther King Jr. against racial segregation. Thoreau abhors black slavery which demonstrates that Christianity officially prevails is only superstition and that politicians are not motivated by higher law. He envisions a moral reform of society through non-cooperation with injustice, governments as advocated by his contemporary abolitionist William Lloyd Garrison.

Garrison but it almost always stays away from any activity and social organization whatsoever After the failed attempt of John Brown to initiate an insurrection in favor of abolition Thoreau considered a savior and publicly expressed his support It is found at the end of his life at the dawn of the American Civil War in agreement with public opinion increasingly common that was beginning to believe in the abolition of slavery by force gross without getting involved as far more itself1 Nicknamed the poet naturalist by his friend William Ellery Channing in 1818 1901 Thoreau is fascinated by natural phenomena and life forms particularly botany and he wrote in his diary covering more than twenty years his detailed observations and personal feelings they give birth in him He adopted an approach over the years more and more systematic scientific and one who was a surveyor at times could also invent a little forestry and ecology Love and respect for nature **Walden and Civil**
