Meloy, 2016-09-02 Excerpt from Wanderings in Europe But the care of seeing that my trunk is in and the worry of adjusting myself to live in a six by five room with a physician whose down town offices occupy more space than would be given to a hundred people on shipboard bade all sentimental reactions down and unlike Banquo's ghost they downed You make up your mind to compel your body to be comfortable in discomfort You imagine that the little shelf on which you are to sleep will be a real luxury since you are to be rocked in the cradle of the deep It is but little longer and no wider than the shelf on your dining room sideboard but here you are to spend more than seven nights without enough air to last a deep breathing mortal for two hours and even that supply liable to be cut off if it becomes necessary to close the ports About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Wanderings in Europe** William T. Starin, 2015-07-07 Excerpt from A Trip to Europe Being Some Account of the Wanderings of a Small Family Party To my husband children and grandchildren I dedicate this little work It is written without desire for self seeking and certainly not intended for the public eye The preparation of the notes

which follow has been a labor of love with me such a labor because I have hoped that in living with me over again scenes and incidents which are cherished by me those who are nearest and dearest might also find interest and pleasure For a long time prior to its fruition the trip of which I am about to write had been a matter of discussion in the family circle My husband had been to Europe two years before leaving me in charge of our affairs and feeling better satisfied with doing so than for both to be absent from home and country at the same time To us who had not been to Europe it seemed a great undertaking and a dangerous one he felt thus he has since crossed the ocean four times and so I felt It required consideration as well as courage to leave husband home children and an aged mother About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [A Trip to Europe](#) Laura M.
