

information for the new owner—section 1

Body style

CAUTION: Your Land Cruiser does not handle like a standard passenger car. The Land Cruiser is designed for both highway and off-road use. It has a high center of gravity, a short wheelbase, and a narrow track. As a result, the handling, braking, cornering, and high-speed driving characteristics are different than a standard passenger car. So drive cautiously — and use good judgement in both on-road and off-road driving.
