Sites of International Memory Glenda Sluga, Kate Darian-Smith, Madeleine Herren, 2023-08-08 Whether we think of statues plaques street names practices material or intangible forms of remembrance the language of collective memory is everywhere installed in the name of not only nations or even empires but also an international past The essays in Sites of International Memory address the notion of a shared past and how this idea is promulgated through sites and commemorative gestures that create or promote cultural memory of such global issues as wars genocide and movements of cross national trade and commerce as well as resistance and revolution In doing so this edited collection asks Where are the sites of international memory What are the elements of such memories of international pasts and of internationalism How and why have we remembered or forgotten sites of international memory Which elements of these international pasts are useful in the present Some contributors address specific sites and moments World War II liberation movements in India and Ethiopia commemorations of genocide while other pieces concentrate more on the theoretical on the idea of cultural memory UNESCO's presence looms large in the volume as it is the most visible and iconic international organization devoted to creating critical heritage studies on a world stage Formed in the aftermath of World War II UNESCO was instrumental in promoting the idea of a humanity that exists beyond national regional or cultural borders or definitions Since then UNESCO's diplomatic and institutional channels have become the sites at which competing notions of international world and human communities have jostled in conjunction with politically specific understandings of cultural value and human rights This volume has been assembled to investigate sites of international memory that commemorate a past when it was possible to imagine identify and invoke international ideas institutions and experiences in diverse historically situated contexts Contributors Dominique Biehl Kristal Buckley Roland Burke Kate Darian Smith Sarah C Dunstan David Goodman Madeleine Herren Philippa Hetherington Rohan Howitt Alanna O Malley Eric Paglia Glenda Sluga Sverker Sörlin Carolien Stolte Beatrice Wayne Ralph Weber Jay Winter

Politics of Temporalization Nadia R. Altschul, 2020-06-19 A postcolonial study of the conceptualization of nineteenth and twentieth century Latin America as medieval and oriental If Spain and Portugal were perceived as backward in the nineteenth century still tainted in the minds of European writers and thinkers by more than a whiff of the medieval and Moorish Ibero America lagged even further behind Originally colonized in the late fifteenth century Chile Argentina and Brazil were characterized by European travelers and South American elites alike as both feudal and oriental as if they retained an oriental Moorish character due to the centuries long presence of Islam in the Iberian Peninsula So Nadia R Altschul observes the Scottish metropolitan writer Maria Graham 1785 1842 depicted the Chile in which she found herself stranded after the death of her sea captain husband as a premodern precapitalist and orientalized place that could only benefit from the free trade imperialism of the British Domingo F Sarmiento 1811 1888 the most influential Latin American writer and statesman of his day conceived of his own Euro American creole class as medieval in

such works as *Civilization and Barbarism* *The Life of Juan Facundo Quiroga* 1845 and *Recollections of a Provincial Past* 1850 and wrote of the inherited Moorish character of Spanish America in his 1883 *Conflict and Harmony of the Races in America* Moving forward into the first half of the twentieth century Altschul explores the oriental character that Gilberto Freyre assigned to Portuguese colonization in his *The Masters and the Slaves* 1933 in which he postulated the Mozarabic essence of Brazil In *Politics of Temporalization* Altschul examines the case of South America to ask more broadly what is at stake what is harmed what is excused when the present is temporalized when elements of the now are characterized as belonging to and consequently imposed upon a constructed and othered past

Rethinking Corporate Governance Sven-Erik

Sjöstrand, 2016-05-27 *Rethinking Corporate Governance* s extensive and insightful empirical investigation offers a radically new approach to corporate governance This ground breaking volume describes and analyzes the key nature based and actor based forces that ultimately determine corporate governance processes and long term corporate paths Generally such forces work in complex and intricate interplays that to a large extent vary among corporations A theory of shareholder governance is developed and integrated into the established and more comprehensive theory of corporate governance to create a revised theory of the corporation firm The new possibilities that this creates for explaining how processes develop and ultimately influence corporate paths are presented in depth Featuring conclusions based on an empirical material that is both rich and exclusive the book also contains extensive non anonymized materials from authentic corporate governance processes A general conclusion is that actions taken by individuals have a special status among those forces as they not only generate impact in themselves but also involve interpretations of the possible effects of all the other forces Among those actions the ones taken by the shareholders stand out as particularly decisive both for the governance processes as such and for how corporations develop over time Offering a degree of openness detail and realism that is hard to find in any other case based study this innovative and enlightening volume is essential for both academics and practitioners involved in corporate governance corporate strategy and the theory of the firm

The Routledge History of Poverty, c.1450–1800 David

Hitchcock, Julia McClure, 2020-12-31 *The Routledge History of Poverty c 1450 1800* is a pioneering exploration of both the lives of the very poorest during the early modern period and of the vast edifices of compassion and coercion erected around them by individuals institutions and states The essays chart critical new directions in poverty scholarship and connect poverty to the environment debt and downward social mobility material culture empires informal economies disability veterancy and more The volume contributes to the understanding of societal transformations across the early modern period and places poverty and the poor at the centre of these transformations It also argues for a wider definition of poverty in history which accounts for much more than economic and social circumstance and provides both analytically critical overviews and detailed case studies By exploring poverty and the poor across early modern Europe this study is essential reading for students and researchers of early modern society economic history state formation and empire cultural

Children of the Camp Catherine-Lune Grayson, 2017-10-01 Chronic violence has characterized Somalia for over two decades forcing nearly two million people to flee A significant number have settled in camps in neighboring countries where children were born and raised Based on in depth fieldwork this book explores the experience of Somalis who grew up in Kakuma refugee camp in Kenya and are now young adults This original study carefully considers how young people perceive their living environment and how growing up in exile structures their view of the past and their country of origin and the future and its possibilities

The Function and Use of TO and OF in Multi-Word Units Michael Pace-Sigge, 2016-04-29 The highly frequent word items TO and OF are often conceived merely as prepositions carrying little meaning in themselves This book disputes that notion by analysing the usage patterns found for OF and TO in different sets of text corpora **Sweden** Victor Alfred Nilsson, 1901

Handbook of Intellectual Property Research Irene Calboli, Maria Lilla Montagnani, 2021 This book offers a comprehensive overview of the methods and approaches that could be used as guidelines to address and develop scholarly research questions related to intellectual property law bringing together contributions from a diverse group of scholars who derive from a wide range of countries backgrounds and legal traditions *Governing the Environment in the Early Modern World* Sara Miglietti, John Morgan, 2017-03-27 Throughout the early modern period scientific debate and governmental action became increasingly preoccupied with the environment generating discussion across Europe and the wider world as to how

to improve land and climate for human benefit This discourse eventually promoted the reconsideration of long held beliefs about the role of climate in upholding the social order driving economies and affecting public health *Governing the Environment in the Early Modern World* explores the relationship between cultural perceptions of the environment and practical attempts at environmental regulation and change between 1500 and 1800 Taking a cultural and intellectual approach to early modern environmental governance this edited collection combines an interpretative perspective with new insights into a period largely unfamiliar to environmental historians Using a rich and multifaceted narrative this book offers an understanding as to how efforts to enhance productive aspects of the environment were both led by and contributed to new conceptualisations of the role of nature in human society This book offers a cultural and intellectual approach to early modern environmental history and will be of special interest to environmental cultural and intellectual historians as well as anyone with an interest in the culture and politics of environmental governance

Education and Political Subjectivities in Neoliberal Times and Places Eva Reimers, Lena Martinsson, 2016-10-04 *Education and Political Subjectivities in Neoliberal Times and Places* investigates the conditions and possibilities for political subjectivities to emerge in international educational contexts where neoliberal norms are repeated performed and transformed Through demonstrating the possibility of political subjectivities this book argues that neoliberalism should neither be considered post political nor a natural law by which educational practices have to abide This book considers how political subjectivities are made possible in education in spite of dominant neoliberal norms Chapters address key theoretical discussions surrounding these different sometimes contradicting norms and their relationship to education economy and politics This innovative approach considers diverse educational and political initiatives in the wake of new public management postcolonial perspectives on neoliberal education and educational practices and critical possibilities The book advocates understanding and enacting democracy as an experiment based on the conception that democracy is constantly constructed and constitutes a transformative process in society in general as well as in education This book advances the argument that there is still room for political subjectivity in spite of the dominance of neoliberal educational governance It will appeal to researchers academics and postgraduate students in the fields of higher education education policy and politics sociology of education and comparative and international education as well as those interested in neoliberalism new public management and inequality

Crusade and Conversion on the Baltic Frontier 1150-1500 Alan V. Murray, 2017-07-05 This volume represents a major contribution to the history of the Northern Crusades and the Christianization of the Baltic lands in the Middle Ages from the beginnings of the Catholic mission to the time of the Reformation The subjects treated range from discussions of the ideology and practice of crusade and conversion through studies of the motivation of the crusading countries Denmark Sweden and Germany and the effects of the crusades on the countries of the eastern Baltic coast Finland Estonia Livonia Prussia and Lithuania to analyses of the literature and historiography of the crusade It brings together essays from both established and younger scholars from the western tradition with those from the modern Baltic countries and Russia and presents in English some of the fruits of the first decade of historical scholarship and dialogue after the collapse of the Iron Curtain The depth of treatment diversity of approaches and accompanying bibliography of publications make this collection a major resource for the teaching of the Baltic Crusades **Guide to Reference Books** Robert Balay, Vee Friesner Carrington, Murray S.

Martin, 1996 Presents an annotated bibliography of general and subject reference books covering the humanities social and behavioral sciences history science technology and medicine Nature in the New World Antonello Gerbi, 2010-06-20 Translated by Jeremy Moyle In *Nature in the New World* translated into English in 1985 Antonello Gerbi examines the fascinating reports of the first Europeans to see the Americas These accounts provided the basis for the images of strange and new flora fauna and human creatures that filled European imaginations Initial chapters are devoted to the writings of Columbus Vespucci Cortes Verrazzano and others The second portion of the book concerns the *Historia general y natural de las Indias* of Gonzalo Fernandez de Oviedo a work commissioned by Charles V of Spain in 1532 but not published in its entirety until the 1850s Antonello Gerbi contends that Oviedo a Spanish administrator who lived in Santo Domingo has been unjustly neglected as a historian Gerbi shows that Oviedo was a major authority on the culture history and conquest of the New World New Directions in Social and Cultural History Sasha Handley, Rohan McWilliam, Lucy Noakes, 2018-02-22

What does it mean to be a social and cultural historian today In the wake of the cultural turn and in an age of digital and public history what challenges and opportunities await historians in the early 21st century In this exciting new text leading historians reflect on key developments in their fields and argue for a range of new directions in social and cultural history Focusing on emerging areas of historical research such as the history of the emotions and environmental history *New Directions in Social and Cultural History* is an invaluable guide to the current and future state of the field The book is divided

into three clear sections each with an editorial introduction and covering key thematic areas histories of the human the material world and challenges and provocations Each chapter in the collection provides an introduction to the key and recent developments in its specialist field with their authors then moving on to argue for what they see as particularly important shifts and interventions in the theory and methodology and suggest future developments New Directions in Social and Cultural History provides a comprehensive and insightful overview of this burgeoning field which will be important reading for all students and scholars of social and cultural history and historiography

Troubling Inheritances Sara Cohen,Line Grenier,Ros Jennings,2022-08-11 This book provides an interdisciplinary focus on music memory and ageing by examining how they intersect outside of a formal therapeutic context or framework and by offering a counter narrative to age as decline It contributes to the development of qualitative research methodologies by utilizing and reflecting on methods for studying music memory and ageing across diverse and interconnected contexts Using the notion of inheritance to trouble its core themes of music memory ageing and methodology it examines different ways in which the concept of inheritance is understood but also how it commonly refers to the practice of passing on and the connections this establishes across time and space It confronts the ageist discourses that associate popular music predominantly with youth and that focus narrowly and almost exclusively on music s therapeutic function for older adults By presenting research which examines various intersections of music and ageing outside of a therapeutic context or framework the book brings a much needed intervention

Ice and Snow in the Cold War Julia Herzberg,Christian Kehrt,Franziska Torma,2018-10-19 The history of the Cold War has focused overwhelmingly on statecraft and military power an approach that has naturally placed Moscow and Washington center stage Meanwhile regions such as Alaska the polar landscapes and the cold areas of the Soviet periphery have received little attention However such environments were of no small importance during the Cold War in addition to their symbolic significance they also had direct implications for everything from military strategy to natural resource management Through histories of these extremely cold environments this volume makes a novel intervention in Cold War historiography one whose global and transnational approach undermines the simple opposition of East and West
