Wake Up Lazarus Paths To Catholic Renewal Volume 2:

Wake Up, Lazarus! Volume II Pierre Hegy, 2013-06 This book presents research in three new areas Sunday liturgies homilies and pastoral concepts First it presents to the readers the major Latin American document Disciples and Missionaries of Jesus Christ which sets the course of the Church in Latin America for the next decade Next I present the findings about the Sunday liturgies in 100 churches 50 in Guatemala and 50 the U S The following chapter analyzes 100 Sunday homilies in comparison to lay talks homilies by Fr Robert Barron and evangelical sermons In one more chapter I discuss basic concepts for pastoral research Chapter 6 discusses the consequences of papal centralization for church renewal The last chapter outlines ten basic paths of renewal What is new in this book is the research on Sunday liturgies homilies and pastoral concepts *Worship as Community Drama* Pierre Hegy, 2019-03-22 Church weddings funerals and most Sunday services reflect the values and dramas of their communities even when the ministers are the main or sole actors This point is illustrated by examples ranging from American television masses to the Zairean three hour services in the Congo Of greatest interest to readers might be the Sunday services at ordinary parishes which also range from friendly but uninspiring to innovative and inviting There are also two exceptionally vital churches analyzed here an evangelical church in the Pentecostal tradition and a social justice parish in the tradition of Martin Luther King Jr Today one can hardly buy an item in a store or on the Internet without being asked for an evaluation yet church services are seldom evaluated There can be no improvement without evaluation This book proposes a method of evaluation in eight steps that must be rigorously scientific and at the same time offer a vision for spiritual growth The prophet Elijah found God in earthquakes and fire but most people find mystery through art music rhythm chanting expressive readings evocative rituals and enlightened homilies Today people expect mystagogy rather than routine performances Mystagogy can be learned and improved through evaluation to which this book desires to make a major contribution **Lay Spirituality** Pierre Hegy, 2017-10-03 Laypeople have a special mission in the church the way they have a special mission in society In popular devotions the laity created a form of spirituality that lasted for over a millennium Popular religiosity is alive in Latin America and in US ethnic subcultures Vatican II redirected lay spirituality toward the liturgy as the source and summit We will visit a parish where this ideal is put into practice but in the wider church the role of the laity came to be restricted to ecclesial ministries There are at least four new forms of spirituality in the making I will first describe a vibrant evangelical church attended by many former Catholics Next we will visit a Guatemalan parish where over a thousand parishioners meet weekly in homes and witness to the gospel in their neighborhoods The charismatic renewal is a major force of renewal in Latin America and among US Latinos Finally the spirituality of social justice is alive and well in south Chicago In sum this book will introduce you to six or seven major forms of spirituality alive today Each of them defines a special place and mission for the laity in the church **Encyclopedia of Christian Education** George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most

foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women s education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church s founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education *Paperbound Books in Print* ,1991
