Walled Kitchen Gardens Walled Kitchen Gardens:

Walled Kitchen Gardens Susan Campbell, 1998 The Kitchen Garden Caroline Ikin, 2017-06-15 The kitchen garden was once a key part of every large country home and they are now popular destinations for visitors This is the history of the British kitchen garden and those who tended it **Walled Gardens** Jules Hudson, 2018-07-03 BBC presenter Jules Hudson Countryfile Escape to the Country is passionate about walled gardens In this book he looks at walled gardens throughout England and Wales and explores their history innovative design and cultural heritage The walled garden was once an essential component of every country house its shelter providing ideal conditions for growing food flowers and medicine This book from the National Trust looks at walled gardens throughout England and Wales and explores their history innovative design and cultural heritage Walled gardens are a feature of British gardening history In the late 18th century gardens became status symbols with aristocrats vying to grow ever more exotic fruits ushering in innovations such as glasshouses and even heated walls With the First and Second World Wars many of these gardens fell into disrepair but renovated ones feature at many key National Trust properties and remain a source of pride and fascination today *England's Magnificent Gardens* Roderick Floud, 2021-06-15 An altogether different kind of book on English gardens the first of its kind a look at the history of England's magnificent gardens as a history of Britain itself from the seventeenth century gardens of Charles II to those of Prince Charles today In this rich revelatory history Sir Roderick Floud one of Britain's preeminent economic historians writes that gardens have been created in Britain since Roman times but that their true growth began in the seventeenth century by the eighteenth century nurseries in London took up 100 acres with ten million plants that were worth more than all of the nurseries in France combined Floud's book takes us through more than three centuries of English history as he writes of the kings queens and princes whose garden obsessions changed the landscape of England itself from Stuart Georgian and Victorian England to today's Windsors Here are William and Mary who brought Dutch gardens and bulbs to Britain William who twice had his entire garden lowered in order to see the river from his apartments and his successor Queen Anne who like many others since vowed to spend little on her gardens and instead spent millions Floud also writes of Frederick Prince of Wales the founder of Kew Gardens who spent more than 40 000 on a single twenty five foot tulip tree for Carlton House Queen Victoria who built the largest most advanced and most efficient kitchen garden in Britain and Prince Charles who created and designed the gardens of Highgrove inspired by his boyhood memories of his grandmother's gardens We see Sarah Duchess of Marlborough who created a magnificent garden at Blenheim Palace only to tear it apart and build a greater one Deborah Duchess of Devonshire the savior of Chatsworth's 100 acre garden in the midst of its 35 000 acres and the gardens of lesser mortals among them Gertrude Jekyll and Vita Sackville West both notable garden designers and writers We see the designers of royal estates among them Henry Wise William Kent Humphrey Repton and the greatest of all English gardeners Capability Brown who created the 150 acre lake of Blenheim Palace earned millions annually and designed more

than 170 parks many still in existence today We learn how gardening became a major catalyst for innovation central heating came from experiments to heat greenhouses with hot water pipes how the new iron industry of industrializing Britain supplied a myriad of tools mowers pumps and the boilers that heated the greenhouses and finally Floud explores how gardening became an enormous industry as well as an art form in Britain and by the nineteenth century was unrivaled anywhere in the world

The Country House Kitchen Garden 1600-1950 C. Anne Wilson, 2010-03-23 Country house kitchen gardens were designed as perfect grow your own environments and ensured that households were supplied with their own fruit and vegetables throughout the year This book offers an insight into the digging and sowing of these gardens as well as exploring how walled gardens contributed towards a sustainable lifestyle and often were a source of not just food but also of natural medicines A wealth of contemporary illustrations material from archives gardening manuals seed catalogues engravings and other documents paint a vivid picture of the country house kitchen garden and its development over three and a half centuries This delightful book recounts an important part of our historic houses and their national heritage to be enjoyed by gardeners and non gardeners alike
