The Merck Manual of Medical Information, 2003 **Women's Health in Physical Therapy** Jean M. Irion, Glenn Irion, 2010 This book provides

a framework and practical guidelines for managing women's health issues within the practice of physical therapy. It enables students to develop and implement customized patient care plans to deal with a broad range of disorders and health issues that either primarily affect women or manifest themselves differently in women. The book features a team of expert authors whose advice is based not only on a thorough investigation of the evidence but also on their own firsthand experience as physical therapists specializing in women's health issues.

Health Care Standards, 1992 Breast Cancer David J. Winchester, 2006 Breast Cancer Second Edition is intended to provide a comprehensive description of current and evolving aspects of breast cancer including the biologic basis of disease epidemiology risk assessment diagnostic evaluation treatment strategies and surveillance measures. The second edition expands considerably on the first edition containing greater emphasis on issues relevant to medical oncology and the broader oncology community. New to this edition are chapters on the male breast cancer in the augmented breast and breast cancer in multiethnic multiracial populations. Part of the American Cancer Society's acclaimed Atlas of Clinical Oncology series, this volume offers an expert overview of breast cancer. Topics range from epidemiology and genetics to diagnosis management and reconstruction. Post treatment care as well as male breast cancer is also discussed.
