Unauthorized Entry The Truth About Nazi War Criminals In Canada 1946 1956

David Nasaw

Unauthorized Entry The Truth About Nazi War Criminals In Canada 1946 1956:

Unauthorized Entry Howard Margolian, 2000 Most he points out were Nazi collaborators who had escaped from eastern Europe or the Soviet Union where evidence of their crimes remained inaccessible for almost fifty years With no means to verify the statements given by these fraudulent refugee claimants Canadian immigration authorities had to rely on their professional judgment and their instincts **BOOK JACKET** Hidden Genocides Alexander Laban Hinton, Thomas La Pointe, Douglas Irvin-Erickson, 2013-12-18 Why are some genocides prominently remembered while others are ignored hidden or denied Consider the Turkish campaign denying the Armenian genocide followed by the Armenian movement to recognize the violence Similar movements are building to acknowledge other genocides that have long remained out of sight in the media such as those against the Circassians Greeks Assyrians the indigenous peoples in the Americas and Australia and the violence that was the precursor to and the aftermath of the Holocaust The contributors to this collection look at these cases and others from a variety of perspectives These essays cover the extent to which our biases our ways of knowing our patterns of definition our assumptions about truth and our processes of remembering and forgetting as well as the characteristics of generational transmission the structures of power and state ideology and diaspora have played a role in hiding some events and not others Noteworthy among the collection s coverage is whether the trade in African slaves was a form of genocide and a discussion not only of Hutus brutalizing Tutsi victims in Rwanda but of the execution of moderate Hutus as well Hidden Genocides is a significant contribution in terms of both descriptive narratives and interpretations to the emerging subfield of critical genocide studies Contributors Daniel Feierstein Donna Lee Frieze Krista Hegburg Alexander Laban Hinton Adam Jones A Dirk Moses Chris M Nunpa Walter Richmond Hannibal Travis and Elisa von Joeden Forgey *The Last Million* David Nasaw, 2020-09-15 From bestselling author David Nasaw a sweeping new history of the one million refugees left behind in Germany after WWII In May 1945 German forces surrendered to the Allied powers putting an end to World War II in Europe But the aftershocks of global military conflict did not cease with the German capitulation Millions of lost and homeless concentration camp survivors POWs slave laborers political prisoners and Nazi collaborators in flight from the Red Army overwhelmed Germany a nation in ruins British and American soldiers gathered the malnourished and desperate refugees and attempted to repatriate them But after exhaustive efforts there remained more than a million displaced persons left behind in Germany Jews Poles Estonians Latvians Lithuanians Ukrainians and other Eastern Europeans who refused to go home or had no homes to return to *The Last Million* would spend the next three to five years in displaced persons camps temporary homelands in exile divided by nationality with their own police forces churches and synagogues schools newspapers theaters and infirmaries The international community could not agree on the fate of the Last Million and after a year of debate and inaction the International Refugee Organization was created to resettle them in lands suffering from postwar labor shortages But no nations were willing to accept the 200 000 to 250 000 Jewish men women and children who

remained trapped in Germany In 1948 the United States among the last countries to accept refugees for resettlement finally passed a displaced persons bill With Cold War fears supplanting memories of World War II atrocities the bill granted the vast majority of visas to those who were reliably anti Communist including thousands of former Nazi collaborators and war criminals while severely limiting the entry of Jews who were suspected of being Communist sympathizers or agents because they had been recent residents of Soviet dominated Poland Only after the controversial partition of Palestine and Israel s declaration of independence were the remaining Jewish survivors able to leave their displaced persons camps in Germany A masterwork from acclaimed historian David Nasaw *The Last Million* tells the gripping yet until now largely hidden story of postwar displacement and statelessness By 1952 the Last Million were scattered around the world As they crossed from their broken past into an unknowable future they carried with them their wounds their fears their hope and their secrets Here for the first time Nasaw illuminates their incredible history and with profound contemporary resonance shows us that it is our history as well

Czech Refugees in Cold War Canada Jan Raska, 2018-08-24 During the Cold War more than 36 000 individuals entering Canada claimed Czechoslovakia as their country of citizenship A defining characteristic of this migration of predominantly political refugees was the prevalence of anti communist and democratic values Diplomats industrialists politicians professionals workers and students fled to the West in search of freedom security and economic opportunity Jan Raska s *Czech Refugees in Cold War Canada* explores how these newcomers joined or formed ethnocultural organizations to help in their attempts to affect developments in Czechoslovakia and Canadian foreign policy towards their homeland Canadian authorities further legitimized the Czech refugees anti communist agenda and increased their influence in Czechoslovak institutions In turn these organizations supported Canada s Cold War agenda of securing the state from communist infiltration Ultimately an adherence to anti communism the promotion of Canadian citizenship and the cultivation of a Czechoslovak ethnocultural heritage accelerated Czech refugees socioeconomic and political integration in Cold War Canada By analyzing oral histories government files ethnic newspapers and community archival records Raska reveals how Czech refugees secured admission as desirable immigrants and navigated existing social cultural and political norms in Cold War Canada

Canada and the World since 1867 Asa McKercher, 2019-09-19 This book is a history of Canada s role in the world as well as the impact of world events on Canada Starting from the country s quasi independence from Britain in 1867 its analysis moves through events in Canadian and global history to the present day Looking at Canada s international relations from the perspective of elite actors and normal people alike this study draws on original research and the latest work on Canadian international and transnational history to examine Canadians involvement with a diverse mix of issues from trade and aid to war and peace to human rights and migration The book traces four inter connected themes independence and growing estrangement from Britain the longstanding and ongoing tensions created by ever closer relations with the United States the huge movement of people from around the world into Canada and the often overlooked but

significant range of Canadian contacts with the non Western world With an emphasis on the reciprocal nature of Canada s involvement in world affairs ultimately it is the first work to blend international and transnational approaches to the history of Canadian international relations *Japanese War Crimes* Peter Li, One of the most troublesome unresolved problems facing many Asian and Western countries after the Asia Pacific war 1931 1945 is the question of the atrocities committed by the Japanese Imperial Army throughout Asia and the Japanese governments repeated attempts to whitewash its wartime responsibilities The psychological and physical wounds suffered by victims their families and relations remain unhealed after more than half a century and the issue is now pressing This collection edited by Peter Li undertakes the critical task of addressing some of the multifaceted and complex issues of Japanese war crimes redress and denial *Proceedings of the Standing Senate Committee on Legal and Constitutional Affairs* Canada. Parliament. Senate. Standing Committee on Legal and Constitutional Affairs,2000 **The Canadian Forum** ,2000 *Law After Auschwitz* David Fraser,2005 The idea of Nazi law is for many lawyers an oxymoron Today law under the National Socialist regime continues to be portrayed and understood as the ultimate perversion of legality and the Holocaust as the inevitable result of the collapse of the rule of law This book offers important insights into the ways in which our understanding of the Holocaust and of the law have been built upon mutually reinforcing but erroneous constructions of the two Fraser argues that the Holocaust is best understood or at least studied not as a point of lawless criminal disjuncture with law but as offering remarkable points of commonality and continuity with the law with legality as understood at the time and with law as we understand and practice it today *Law after Auschwitz* studies law and lawyers under Nazi rule the jurisprudence of Nazi law and the reception of Nazi law by contemporary legal scholarship It offers detailed analyses of the ways in which the Holocaust has been constructed in post war trials This book raises fundamental questions about legality and ethics in the 21st century If the Holocaust took place in a legal framework and if the legal system today operates in part in a continuous fashion with Nazi legality then law must be understood as still operating in the shadow of Auschwitz Throughout the book the consequences of a legal system which operates in a state of willful amnesia about its own implication in the Shoah is the central focus Fraser writes in an engaging style and keeps the reader with him throughout the book no mean feat given the morass of material managed and the uncomfortable ideas engaged a thought provoking work it will be useful reading for scholars from a variety of disciplines *Law Politics Book Review* *Law after Auschwitz* shows resonances of fascist legal thought in contemporary European law and wider Western culture by documenting antisemitic inspired discourses of forgiving and forgetting and asserting an uncomfortable parity between contemporary medico legal thought and eugenics *Law after Auschwitz* has some fascinating material on antisemitic fuelled amnesia *International Journal of Law in Context* Canadian Book Review Annual Joyce M. Wilson,2001 United States of America--a Safe Haven for Torturers William J. Aceves,Amnesty International USA.,2002 **Deutschkanadisches Jahrbuch** ,2000 *Cautious Beginnings* Kurt F. Jensen,2009 When the Second World War began

Canada had no foreign intelligence capacity Its political leaders had concluded that a clandestine service was not necessary to meet the nation s intelligence requirements Yet Kurt F Jensen argues that the country was a more active intelligence partner in the wartime alliance than has previously been suggested Drawing on newly released materials and exhaustive research he describes Canada s contributions to Allied intelligence before the war began as well as the distinctly Canadian activities that started from that point He reveals how the government created an intelligence organization during the war to aid Allied resources and established operations such as SIGINT or Signal Intelligence which intercepted and decrypted Vichy and Free French diplomatic communications Cautious Beginnings spans the period from 1939 to 1951 when key policy and personnel structures were put in place In the postwar years Canada reconfigured its foreign intelligence operations to meet the challenges of a changing world and by the early 1950s possessed resources that rivalled or exceeded those of many other nations This is a convincing portrait of a nation with an active role in Second World War intelligence gathering one that continues to influence the architecture of its current capabilities This book will interest students and academics in Canadian history political science military history specialists in the field and anyone interested in the often mysterious world of foreign intelligence
