Office of the Comptroller of the Currency,1962 The Supreme Court and the Minimum Wage John Augustine Ryan,1923 **A Hanging in Detroit** David Gardner Chardavoyne,2003-07-16 The first historical study and a riveting account of the last execution in Michigan On September 24 1830 Stephen G Simmons a fifty year old tavern keeper and farmer was hanged in Detroit for murdering his wife Levana Simmons in a drunken jealous rage Michigan executed only two people during the fifty year period from 1796 to 1846 when the death penalty was legal within its boundaries Simmons was the second and last person to be executed under Michigan law In A Hanging in Detroit David G Chardavoyne vividly evokes not only the crime trial and execution of Simmons but also the setting and players of the drama social and legal customs of the times and the controversy that arose because of the affair Chardavoyne illuminates his account of this important moment in Michigan s history with many little known facts creating a study that is at once an engrossing story and the first historical examination of the event that helped bring about the abolition of the death penalty in Michigan Simmons execution came at a time when Michigan had begun to change from a sparsely populated wilderness to a thriving agricultural center and Detroit from a small military outpost to a metropolis founded on trade manufacturing and an influx of immigrants and other settlers The hanging was a defining moment during this period of dramatic social change Thousands of spectators crowded into Detroit expecting to see a thrilling public execution Many of those spectators however left deeply disturbed by the spectacle they had witnessed Chardavoyne a lawyer probes the unsettling incident which sparked a profound shift in attitudes toward capital punishment in Michigan examining along the way such mysteries as why Simmons was hanged for his crime when other contemporary killers were hardly punished at all A Hanging in Detroit will fascinate legal historians and lay readers alike with its incisive look into Great Lakes regional history and crime and punishment in Michigan **Detective Training for the State of Michigan Law Enforcement Agencies** Patrick P. Healey,1994 **Michigan Memorial Park** Gail D. Hershenzon,2007 In 1926 a former two time University of Michigan All American football hero decided that a pastoral area of Huron Township could be transformed into a cemetery Two years later Michigan Memorial Park opened its gates to begin serving the needs of this growing community tucked away in a corner of the township located southwest of Detroit Bordering on the peaceful Huron River this former home to the Wyandott tribe and later French settlers has become a sprawling 300 acre parcel of land still surrounded by woods and farmland It is Michigan s largest nondenominational cemetery whose ownership has remained in

the same family for four generations Thousands of trees a plethora of sculptures and fountains and swan filled ponds adorn the gardenlike grounds adding to the tranquility experienced by all those who visit Michigan Memorial Park has remained one of the pillars of the community not only providing a resting place for many thousands who have passed away but also giving back to the community through its involvement in civic activities *People v. 105850 **First Among Equals** Kenneth W. Starr,2008-12-14 Today s United States Supreme Court consists of nine intriguingly varied justices and one overwhelming contradiction Compared to its revolutionary predecessor the Rehnquist Court appears deceptively passive yet it stands as dramatically ready to defy convention as the Warren Court of the 1950s and 60s Now Kenneth W Starr who served as clerk for one chief justice argued twenty five cases as solicitor general before the Supreme Court and is widely regarded as one of the nation s most distinguished practitioners of constitutional law offers us an incisive and unprecedented look at the paradoxes the power and the people of the highest court in the land In *First Among Equals* Ken Starr traces the evolution of the Supreme Court from its beginnings examines major Court decisions of the past three decades and uncovers the sometimes surprising continuity between the precedent shattering Warren Court and its successors under Burger and Rehnquist He shows us as no other author ever has the very human justices who shape our law from Sandra Day O Connor the Court s most pivotal and perhaps most powerful player to Clarence Thomas its most original thinker And he explores the present Court s evolution into a lawyerly tribunal dedicated to balance and consensus on the one hand and zealous debate on hotly contested issues of social policy on the other On race the Court overturned affirmative action and held firm to an undeviating color blind standard On executive privilege the Court rebuffed three presidents both Republican and Democrat who fought to increase their power at the expense of rival branches of government On the 2000 presidential election the Court prevented what it deemed a runaway Florida court from riding roughshod over state law illustrating how in our system of government the Supreme Court is truly the first among equals Compelling and supremely readable *First Among Equals* sheds new light on the most frequently misunderstood legal pillar of American life
