Uncommon Soldier The Story Of The Making Of Today's Diggers:

Anzac's Long Shadow James Brown, 2014-01-31 A century ago we got it wrong We sent thousands of young Australians on a military operation that was barely more than a disaster It's right that a hundred years later we should feel strongly about that But have we got our remembrance right What lessons haven't we learned about war and what might be the cost of our Anzac obsession Defence analyst and former army officer James Brown believes that Australia is expending too much time money and emotion on the Anzac legend and that today's soldiers are suffering for it Vividly evoking the war in Afghanistan Brown reveals the experience of the modern soldier He looks closely at the companies and clubs that trade on the Anzac story He shows that Australians spend a lot more time looking after dead warriors than those who are alive We focus on a cult of remembrance instead of understanding a new world of soldiering and strategy And we make it impossible to criticise the Australian Defence Force even when it makes the same mistakes over and over None of this is good for our soldiers or our ability to deal with a changing world With respect and passion Brown shines a new light on Anzac's long shadow and calls for change Longlisted for the 2014 John Button Prize Bold original challenging James Brown tackles the burgeoning Anzac industry and asks Australians to re-examine how we think about the military and modern day service Leigh Sales The best book yet written not just on Australia's Afghan war but on war itself and the creator/destroyer myth of Anzac John Birmingham Anzac's Long Shadow is refreshing and engaging It is also frank and no nonsense James Brown sets himself apart as a leader in this new generation of Anzacs by asking the hard questions Peter Leahy Chief of the Australian Army 2002-08 One of Australia's most insightful strategic analysts James Brown lays bare our cult of Anzac As our diggers return from war this book is more necessary than ever before It's now time for us to remember not only our fallen but our living Michael Ware Former CNN Baghdad correspondent Brown as both an intelligent military theorist and an engaging storyteller is able to tackle such a controversial issue with humour and candour A personal challenging and informative work with the potential to contribute a great deal to Australia's understanding of our own military service and how we think about war itself Readings Monthly Brown is lucid bright and fierce exceptional qualities in a writer and no doubt a soldier and he's written an important prelude to our Anzac centenary The Saturday Paper It is the combination of academic insight and lived experience that gives this book its particular edge A good a necessary and an important book Canberra Times This is the most interesting and original book I have read on contemporary Australian public policy for a long time Judith Brett The Monthly

Memory and the Wars on Terror Jessica Gildersleeve, Richard Gehrmann, 2017-10-24 This edited collection aims to respond to dominant perspectives on twenty-first century war by exploring how the events of 9/11 and the subsequent Wars on Terror are represented and remembered outside of the US framework Existing critical coverage ignores the meaning of these events for people nations and cultures apparently peripheral to them but which have as shown in this collection been extraordinarily affected by the social political and cultural changes these wars have wrought Adopting a

literary and cultural history approach the book asks how these events resonate and continue to show effects in the rest of the world with a particular focus on Australia and Britain It argues that such reflections on the impact of the Wars on Terror help us to understand what global conflict means in a contemporary context as well as what its representative motifs might tell us about how nations like Australia and Britain perceive and construct their remembered identities on the world stage in the twenty first century In its close examination of films novels memoir visual artworks media and minority communities in the years since 2001 this collection looks at the global impacts of these events and the ways they have shaped and continue to shape Britain and Australia s relation to the rest of the world
