Principles of Philosophy Michael Jean Nystrom-Schut,2018-10-30 Not just anyone sits down to write their own personal Bible The famous one popular with millions of Christians was penned by 35 40 different authors over a span of some 1100 years As of 1995 it was still considered Guinness the world s 1 best seller of all time In stark contrast Michael s 2 volume Principles of Philosophy was meditated contemplated drafted and written in deep anonymity and solitude over a daily

and nightly 30 month span His two books come in at over 800 000 words the same as ten 80 000 word works With the King James Old and New Testament totaling just over 783 000 words it is easy to see why Michael views himself as both prolific plentiful and loquacious talkative when it pertains to laying down thought As the Bible is for millions on the planet Michael feels his principles are also a template an owner s manual a guidebook for in particular how to 1 view life on earth 2 work on the detail of one s philosophy and worldview and 3 examine and conduct a balanced meaningful existence on this planet The Holy Bible consists of 80 books 39 in the Old Hebrew part 14 in the Apocrypha and 27 in the New Christian part Michael s Principles Volumes One and Two each cover 84 chapters of the basic areas of life as he views them with 21 chapters outlined each for 1 the mental 3 the social and 2 the material 4 the spiritual areas of our lives A detailed numbering system is in place for quick reference to topics Each volume happens to come in at 613 entries making a total of 1226 separate entries in the two books By dictionary definition a principle is defined as a fundamental truth or proposition that serves as the foundation for a system of belief or behavior or for a chain of reasoning This is precisely why he chose principles in the title His own personal philosophical principles are what he tries to practice daily Michael even states they are likely the reason he is still with us in bodily form on the earth and remains in relative possession of his right mind as well Since leaving organized religion early on in life these tenants practiced in balance have been what Michael has focused on for several decades They work well for him In the course of these pursuits he says he has come to thousands of conclusions And they all point to the balanced life As he insists for him it is all about equivalent portions of mind mental body material relationships social and spirituality God the Universe Basically everything can be summed up within these four primary areas of life Michael seems to never hesitate to conclude that he has found his own personal means of salvation in the midst of pursuing his balance of the Principles of Philosophy Tanya Walker wife **English Synonymes** George Crabb,1897 English Synonymes Explained in Alphabetical Order George Crabb,1884 **The Painter and Decorator** ,1928 *Universal Dictionary of the English Language* Robert Hunter,1899 Saint Jospeh Medical Herald ,1907 **Comprehensive Commentary on the Holy Bible** ,1874 **Great Schools of Painting** Winifred Turner,1915 **Curiosities of Literature** Isaac Disraeli,1895
