Under Orion Hunting Stories From Appalachia To Africa:

Under Orion Richard Allen Mann, II, 2021-01-10 We hunt for many reasons Maybe the most cherished thing we get from hunting are the memories Volume 2 of Under Orion is a collection of one hunter s memories made while hunting from the hills of Appalachia where he was born to the green hills of Africa All are told in Richard Mann s simple campfire fashion Adam Heggenstaller the Editorial Director for Game Fish Magazine probably best describes this second book in Richard Mann s Under Orion series Lucky for us Richard Mann likes to tell stories and he has enough good ones to fill a second volume of Under Orion He delivers them honestly and directly and his words don t always paint a pretty picture He doesn t shy from emotion He admits his mistakes He keeps it real Readers may judge him criticize his actions and disagree with his conclusions but no one can doubt his commitment to telling a story the way it happened Richard has hunted around the world and has plenty of success stories to tell but his choice to include in this book some of the times when things didn t go according to plan is the mark of a true hunter and writer confident in his experience Under Orion makes for great bed time reading You ll put it down close your eyes and your own hunting memories will take over **Under Orion** , 2015-10-24 We hunt for many reasons Maybe the most cherished thing we get from hunting are the memories Under Orion is a collection of one hunter s memories made while hunting from the hills of Appalachia where he was born to the green hills of Africa All are told in Richard Mann s simple campfire fashion Maybe Adam Heggenstaller the Executive Editor of the National Rifle Association s American Hunter magazine explained this book best when he commented Under Orion confirms the most treasured things we bring home from the field are measured not in pounds or inches but instead by moments forever lodged in our memories Here are one man s trophies from a lifetime of hunting richly recounted in stories that stir you to reflect on your own experiences outdoors and encourage you to gather more Under Orion makes for great bed time reading You ll put it down close your eyes and your own hunting memories will take over **The Scout Rifle Study** Richard Mann, 2018-02-21 This book is the definitive study of the enigma known as the Scout Rifle The Scout Rifle as conceived by Jeff Cooper is one of the most misunderstood firearms of all time The Scout Rifle Study examines the factors that influenced Cooper s Scout Rifle Concept examines the practicality of the Scout Rifle looks at the various attempts to achieve Scout Rifle nirvana and explores the feasibility of the Scout Rifle in the modern world Whether you re already a Scout Rifle enthusiast or if you re considering a Scout Rifle for the first time The Scout Rifle Study is the ultimate guide to what many believe is a rifle that can do everything well or possibly the only rifle you will ever need
