dominant culture its politics and its restrictive modes of expression By doing so Sald var opens the traditional American canon to a dialog with other voices not just the voices of national minorities but those of regional cultures different from the prevalent anglocentric model The Dialectics of Our America in its project to expand the canon and define a pan American literary tradition will make a critical difference in ongoing attempts to reconceptualize American literary history **A Select Bibliography: Asia, Africa, Eastern Europe, Latin America** American Universities Field Staff,1967 **Sociological Abstracts** Leo P.
