Bloesch Carl F H Henry     Jonathan Edwards and Hebrews Joseph T. Cochran, 2025-02-10 This publication is the first survey of Jonathan Edwards's harmonic interpretation of Epistle to the Hebrews This methodology emphasized harmony between the history of the world and its account in the Word Drawn from a planned publication on The Harmony of the Old and New Testament the harmonic interpretation of Jonathan Edwards sought to harmonize the Old and New Testament by employing three habits 1 the habit of observing Old Testament prophetic fulfillment in the person and work of Christ in the New Testament 2 the habit of perceiving typology in the natural world and Scripture that typified the Messiah Jesus Christ 3 the habit of harmonizing the Old and New Testament according to its doctrines and precepts After introducing this methodology to readers this study provides eight thematic case studies on how Edwards demonstrated this methodology in his interpretation of the Epistle to the Hebrews     **Volume 10, Tome I: Kierkegaard's Influence on Theology** Jon Stewart, 2016-12-05 Kierkegaard has always enjoyed a rich reception in the fields of theology and religious studies This reception might seem obvious given that he is one of the most important Christian writers of the nineteenth century but Kierkegaard was by no means a straightforward theologian in any traditional sense He had no enduring interest in some of the main fields of theology such as church history or biblical studies and he was strikingly silent on many key Christian dogmas Moreover he harbored a degree of animosity towards the university theologians and churchmen of his own day Despite this he has been a source of inspiration for numerous religious writers from different denominations and traditions Tome I is dedicated to the reception of Kierkegaard among German Protestant theologians and religious thinkers The writings of some of these figures turned out to be instrumental for Kierkegaard's breakthrough internationally shortly after the turn of the twentieth century Leading figures of the movement of dialectical theology such as Karl Barth Emil Brunner Paul Tillich and Rudolf Bultmann spawned a steadily growing awareness of and interest in Kierkegaard's thought among generations of German theology students Emanuel Hirsch was greatly influenced by Kierkegaard and proved instrumental in disseminating his thought by producing the first complete German edition of Kierkegaard's published works Both Barth and Hirsch established unique ways of reading and appropriating Kierkegaard which to a certain degree determined the direction and course of Kierkegaard studies right up to our own times     **Christian-Muslim Dialogue** Heidi Hirvonen, 2012-11-09 Lebanon is a significant region of encounter between Muslims and Christians in the Middle East This book examines how Christian-Muslim dialogue is envisioned by four present-day Lebanese thinkers Great Ayatollah Muhammad Husayn Fadlallah and Doctor Mahmoud Ayoub from the Shiite tradition and Metropolitan Georges Khodr and Doctor Father Mouchir Basile Aoun from the Eastern Christian Antiochian tradition The study seeks to bring the four thinkers into dialogue on a number of topics including doctrinal themes ethical principles and the issue of political power sharing in Lebanon All four thinkers make several suggestions for facilitating mutual understanding and transcending old debates The concept of God and the principle of neighbourly love seem to have particular potential as fruitful bases for further dialogue     Ramified Natural Theology in

Science and Religion Rodney Holder, 2020-10-15 This book offers a rationale for a new ramified natural theology that is in dialogue with both science and historical critical study of the Bible Traditionally knowledge of God has been seen to come from two sources nature and revelation However a rigid separation between these sources cannot be maintained since what purports to be revelation cannot be accepted without qualification rational argument is needed to infer both the existence of God from nature and the particular truth claims of the Christian faith from the Bible Hence the distinction between bare natural theology and ramified natural theology The book begins with bare natural theology as background to its main focus on ramified natural theology Bayesian confirmation theory is utilised to evaluate competing hypotheses in both cases in a similar manner to that by which competing hypotheses in science can be evaluated on the basis of empirical data In this way a case is built up for the rationality of a Christian theist worldview Addressing issues of science theology and revelation in a new framework this book will be of keen interest to scholars working in Religion and Science Natural Theology Philosophy of Religion Biblical Studies Systematic Theology and Science and Culture **Volume 19, Tome II: Kierkegaard**

**Bibliography** Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies *Interactive Pluralism in Asia* Simone

Brian Tucker,Coleman A. Baker,2014-01-02 Combining the insights of many leading New Testament scholars writing on the use of social identity theory this new reference work provides a comprehensive handbook to the construction of social identity in the New Testament Part one examines key methodological issues and the ways in which scholars have viewed and studied social identity including different theoretical approaches and core areas or topics which may be used in the study of social identity such as food social memory and ancient media culture Part two presents worked examples and in depth textual studies covering core passages from each of the New Testament books as they relate to the construction of social identity Adopting a case study approach in line with sociological methods the volume builds a picture of how identity was structured in the earliest Christ movement Contributors include Philip Esler Warren Carter Paul Middleton Rafael Rodriguez and Robert

Brawley **The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today** Anthony C. Thiselton, 2013-06  
 The book is divided into three parts Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate literature including Josephus Philo and the Mishnah Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher Barth and Moltmann as well as biblical scholars such as James D G Dunn Gordon Fee and Gerd Theissen Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements

**The Religious Dimensions of Advertising** T. Sheffield, 2006-11-13 This groundbreaking work explores media scholar Sut Jhally's thesis that advertising functions as a religion in late capitalism and relates this to critical theological studies Sheffield argues that advertising is not itself a religion but that it contains religious dimensions analogous to Durkheim's description of objects as totems

**Christology in Cultural Perspective** Colin J. D. Greene, 2015-10-14 Christology defines the very heart of the Christian faith Traditionally the study of the person and work of Christ has been understood largely as an exercise in biblical exegesis or historical and doctrinal analysis Rarely if ever has Christology focused on the changing cultural paradigms that have deeply influenced the development of human knowledge and self understanding This unique volume by Colin Greene reverses that trend and in line with developments in modern cultural theory explores the interlaces between successive cultural contexts and the story of Jesus to which the Scriptures bear witness Starting with an examination of the three main Christological trajectories that have dominated the history of Christology cosmological Christology political Christology and anthropological Christology Greene proceeds to concentrate on the subtle and complex linkages between Christology and the sociopolitical paradigms that have bolstered the epistemological assumptions of modernity Greene's wide ranging study closes with a creative exploration into how Christology might once again provide us with a Christ centered vision of reality

*Charles Hodge* Ryan M. McGraw, 2023-01-23 Most scholars of Reformed orthodoxy devote little attention to the nineteenth century and most students of nineteenth century Reformed thought bypass the influence of Reformed orthodox ideas on their subjects Aligning himself with Reformed theology in nineteenth century America Charles Hodge's writings are an ideal place to bring such studies together Hodge's American context and Reformed identity illustrate the persistence and change of Reformed ideas in a post Enlightenment context Encompassing philosophy science and theology Ryan M McGraw traces the development of Hodge's ideas with an eye both to Reformed orthodoxy and to American thought

*On the Scope and Truth of Theology* Robert C. Neville, 2006-06-05 A genuinely fresh theological project that accounts for the interdisciplinary nature of religion and its discontents Wesleyan Pneumatology, Pentecostal Mission, and the Missio Dei Jody B. Fleming, 2021-05-18 In Wesleyan Pneumatology Pentecostal Mission and the Missio Dei

Jody B Fleming argues that missiology in a Wesleyan context has been heavily influenced by the Western worldview and needs renewal Spirituality is central to living in many non western cultures integrated with the physical world of everyday life Wesleyan traditions may need to renew and strengthen the pneumatology found in their mission theory and praxis As the center of Christianity is shifting to the global south Pentecostal and charismatic expressions of the faith are becoming more prominent Without forfeiting their solid foundations what might the Wesleyan traditions learn from their theological cousins about engagement with the Holy Spirit How might pneumatology be renewed in order to address spiritual beliefs found in other cultures in both global and local settings Renewal also includes the indigenous voice as essential for understanding cultural dynamics and spirituality Contextualization is not new to missiology and so mission theory is explored from Latin American scholars as another point for renewal Partnerships in mission and the role of the Holy Spirit are highlighted in the of field work conducted in Venezuela In *Renewing the Spark* the author suggests that a fresh look at pneumatology will more effectively articulate the gospel in holistic and spirit centered non western cultures
