Uneasy Pleasures The Male As Erotic Object:

Uneasy Pleasures Kenneth MacKinnon, 1997 *Uneasy Pleasures* attempts both to compile evidence for the claim of erotic objectification of the male subject and also considers the ramifications of the view that particular eroticizations are intended to be for particular groups of views

Uneasy Pleasures Kenneth MacKinnon, 1997 In this work the author first considers the ubiquity of male erotic objects in photography film and television before concentrating on advertising and magazines of the mid 1980s onwards He ends by asking for which subject these male objects have been created

Sensational Pleasures in Cinema, Literature and Visual Culture G. Padva, N. Buchweitz, 2014-02-25 This international collection focuses on the phallic character of classic and contemporary literary and visual cultures and their invasive nature It focuses on thrillers horror cinema sexual art and photography erotic literature female and male body politics queer pleasures gender cross gender transgenderism CCTV and phallic ethnicities

Beowulf in Contemporary Culture David Clark, 2019-11-29 This collection explores Beowulf's extensive impact on contemporary culture across a wide range of forms The last 15 years have seen an intensification of scholarly interest in medievalism and reimaginings of the Middle Ages However in spite of the growing prominence of medievalism both in academic discourse and popular culture and in spite of the position Beowulf itself holds in both areas no study such as this has yet been undertaken Beowulf in Contemporary Culture therefore makes a significant contribution both to early medieval studies and to our understanding of Beowulf's continuing cultural impact It should inspire further research into this topic and medievalist responses to other aspects of early medieval culture Topics covered here range from film and television to video games graphic novels children's literature translations and versions along with original responses published here for the first time The collection not only provides an overview of the positions Beowulf holds in the contemporary imagination but also demonstrates the range of avenues yet to be explored or even fully acknowledged in the study of medievalism

Masculine Jealousy and Contemporary Cinema Candida Yates, 2007-09-12 *Masculine Jealousy and Contemporary Cinema* provides new insights into the relationship between masculinity and jealousy through the study of representations of male jealousy in contemporary Hollywood cinema It argues that male jealousy has played a key role in the psycho cultural shaping of Western masculinities and male fantasy and this is explored through case

studies of films and their reception in the press The book will interest graduates postgraduates and researchers exploring theories of masculinity and jealousy cinematic theories of representation stardom and spectatorship *Taking a Hard Look* Amanda Du Preez,2009 It is the aim of this edited volume to take a hard look at gender and visual culture Gender and visual culture traverse in quite unique and often fascinating ways On the one hand gender functions as an interdisciplinary approach and critical tool to analyse and investigate several subject fields As such gender contributes to establishing a much needed theoretical and functional platform spanning across many fields of enquiry from where gender practices can effectively be critiqued and ideally changed On the other hand the growing popularity and ubiquity of visual culture in a global context create the increasing need to reflect on and interrogate this phenomenon in an academic manner Although Visual Culture Studies is an established subject at many Northern institutions it is fairly new and relatively under theorised in the South In response to the growing need to investigate issues dealing with gender and visual culture and particularly how they creatively intersect this selection of chapters first presented as papers at the Taking a Hard Look Gender and Visual Culture international conference 20-21 June 2007 Institute for Gender and Women's Studies University of Pretoria South Africa are collected here in the hope to make a purposeful contribution to the burgeoning discourse However by addressing the creative intersection between gender and visual culture this edited volume is no novelty In fact the topic of gender and visual culture has been addressed over the past decade in several edited volumes It is in this proud tradition that this book aims to take its place and to create a dialogue with international theory on gender and visual culture studies from a South perspective Key questions that are explored in the volume What type of gendered visual culture is being presented and created in the South particularly but not exclusively How is visual culture gendered Can one refer to a move beyond gender in terms of a trans gendered visual culture or are we still caught up in the same debilitating role models How does one address the ever increasing alienation between gender studies and the younger generation of students and scholars moving into higher education What is the role of gender as interdisciplinary tool in the academic analysis of visual culture as it spans across several subjects such as science social work technology psychology medicine philosophy sociology engineering communication economics religious studies business management anthropology geography historical studies cultural and media studies visual studies art history and literature studies *Latex and Lingerie* Merl Storr,2003-07 Around 4000 Ann Summers parties are held in Britain every week This study investigates what really goes on at these gatherings It draws on both participant observation and in depth interviews with party organizers **Sex and the Cinema** Tanya Krzywinska,2006 Sex And The Cinema traces the numerous factors and contexts artistic institutional political and socio culture that have shaped the way that sex appears in film *Journal of Dramatic Theory and Criticism* ,2000 **Paragraph** ,2003 **Sex, Violence and the Body** Vivien Burr,Jeff Hearn,2008-10-30 Examines sex violence and the body through a focus on the multiple and fascinating relationships between sexuality and wounding in both the real world and representations Drawing

on a range of disciplines including cultural and media studies sociology and psychology this book explores social practices such as S M and cosmetic surgery **One for the Girls!** Clarissa Smith,2007 Against the claims of the increasing sexualization of culture one truism is constantly rehearsed that women have little taste for pornography One for the Girls offers a new basis for understanding women s pleasures in sexually explicit materials focusing on the production and consumption of For Women magazine This thought provoking book argues that theories of harm and women s subordination have deflected attention away from the lived experiences and practices of pornography By focusing on an individual publication this book illuminates the ways in which pornography is a social product and subject to a range of institutional practices which influence its styles and presentations The investigation is complemented by a study of For Women readers offering a multi dimensional understanding of their relationships with this soft core magazine P 4 of cover *Masculinities and Culture* John Beynon,2002 What is masculinity Is masculinities a more appropriate term How are masculinities socially culturally and historically shaped How are particular masculinities created enacted and represented in specific settings How can masculinities best be researched and theorized Masculinities and Culture explores how masculinities or ways of being a man are anchored in time and place the products of socio historical and cultural circumstances It examines the emergence of a masculinity fit for Empire in the mid to late nineteenth century and by way of contrast the more recent media driven commercial New Man and New Lad masculinity The author considers some of the media discourses shaping masculinities today and the formation of specific masculinities in specific settings such as prisons hospitals and schools which both define and in turn are defined by strongly held conceptions of acceptable masculine behaviour He concludes by reviewing a range of ways in which masculinities might be researched from fieldwork and auto biographical and life history approaches through to semiotics and the use of both film and literary texts This lively text provides a comprehensive introduction to contemporary debates concerning masculinities as gendered constructions along with the means of researching and theorizing them
