Leadership in Higher Education Francis L. Lawrence,2017-07-12 In this collection of interviews presidents and chancellors of some of America s most respected universities candidly reflect on their experiences during the decade leading up to the twenty first century and immediately following it This was a time of change and uncertainty when opportunities for achievement and potential for failure made their role uncommonly challenging and success called for considerable determination integrity foresight skill and courage The American higher education system often characterized as the best in the world is distinguished for its scholarship as well as its accessibility Its indispensable role as an engine for individual and societal economic advancement has made universities the targets of media interest critical examination and political manipulation Higher education has become the passport to the American dream and the percentage of those going to college has increased challenging individual institutions and systems to accommodate growing numbers of aspiring students while

searching for solutions to problems of inadequate college preparation and inadequate financial assistance for low income students Despite their increasing importance to the nation the region and their communities public and private universities have seen states reduce their support to their state systems of higher education shifting the responsibility to individuals and institutions Leadership in Higher Education traces the careers of thirteen women and men who have presided over a total of twenty universities or university systems and three national organizations of higher education Robert Berdahl Myles Brand Molly Corbett Broad John T Casteen III Mary Sue Coleman Norman C Francis Nils Hasselmo Shirley Ann Jackson Shirley Strum Kenny William English Kirwan Francis L Lawrence Charles M Vest and David Ward *University Leadership in Urban School Renewal* Nancy L. Zimpher, Kenneth R. Howey, 2004-05-14 The themes of this book resonate closely with the values of ACE leadership change community partnership and the importance of teacher education and learning With higher education facing increasing financial constraints and public education under continued strain education leaders must dedicate their efforts to strengthening the partnership of higher education with K 12 education and with the community to ensure success This book features examples of university leaders who took a personal interest in and led their institutions efforts to improve the quality of teacher preparation and to develop partnerships with school systems to ensure that more future teachers were recruited prepared and provided with an excellent transition into their teaching roles The leaders used their power to communicate with campus communities and partner beyond their institutions into the communities in which they are located University Leadership in Urban School Renewal describes the role of the public urban university president and chancellor in providing leadership in P 16 education through activities undertaken in partnership with local urban school districts to improve the quality of teaching and learning Leaders from urban institutions of higher education who are members of the 14 Great Cities Universities universities that collectively serve more than 340 000 students and prepare one fifth of the nation s teachers reflect upon their efforts to respond to the needs of education reform particularly within the country s most challenging metropolitan environments The authors describe strategies that make education reform the responsibility of all from teacher education as a university wide effort to university community partnerships They explicate the link from higher education to school districts other educational institutions local business government and the community at large The authors asked 14 presidents of urban universities to make as explicit as possible their leadership actions and change strategies within the context of how they have worked to improve the quality of education for urban youth The first person accounts of these leaders reflect the important role of urban state universities in addressing the pervasive problems in urban education as they illustrate the leadership practices of presidents and chancellors Minnesota State Normal Schools Quarterly Journal ,1916 *Academic Leadership and Governance in Higher Education* James T. Harris, Jason E. Lane, Jeffrey C. Sun, Nancy Zimpher, Gail Frances Baker, 2022 This book covers the major functions and constituent departments and units within institutions the stakeholders from students and faculty through the echelons of administration

the external environment of elected officials foundations philanthropists and the new changing media Enhancing Leadership In Colleges Arthur Sandeen, 2011 In view of the serious challenges facing college and university administrators it is encouraging to note the increased interest in improving leadership knowledge and skills This book presents an additional option to college and university administrators in their efforts to enhance their leadership skills The case study approach to improving insights and skills in leadership is predicated on the belief that leadership is learned and that it often requires courage to act and to live with the consequences of one's actions The book includes 18 cases on a variety of issues being faced by college and university leaders Its purpose is to encourage administrators to enhance their ability to make decisions by focusing on the decision making process and by thinking about the consequences of the various options available to them The options presented in each case can be expanded by those studying and discussing them or revised to meet their personal preferences Questions to encourage further discussion are presented at the end of each case including a list of suggested readings that are related to the case The cases are organized into four sections 1 Raising Money and Funding of Services 2 Athletics and Facilities 3 Academic Policies and Issues and 4 Student Service Issues The cases represent realistic but fictitious issues at a variety of colleges and universities The issues the names of the institutions are fictitious any resemblance to any actual institution or person is entirely coincidental *Women in Academic Leadership* Susan J. Bracken, Jeanie K. Allen, Diane R. Dean, 2023-07-03 Colleges and universities benefit from diversity in their leadership roles and profess to value diversity of thought of experience of person Yet why do women remain under represented in top academic leadership positions and in key positions along the academic career ladder Why don't they advance at a rate proportional to that of their male peers How do internal and external environmental contexts still influence who enters academic leadership and who survives and thrives in those roles *Women in Academic Leadership* complements its companion volumes in the *Women in Academe* series provoking readers to think critically about the gendered nature of academic leadership across the spectrum of institutional types It argues that leadership the academy and the nexus of academic leadership remain gendered structures steeped in male oriented norms and mores Blending research and reflection it explores the barriers and dilemmas that these structures present and the professional strategies and the personal choices women make in order to successfully surmount them The authors pose questions about how women leaders negotiate between their public and private selves They consider how women develop a vital sense of self efficacy along with the essential skills and knowledge they need in order to lead effectively how they cultivate opportunity and how they gain legitimacy and maintain authenticity in a male gendered arena For those who seek to create an institutional environment conducive to equity and opportunity this book offers insight into the pervasive barriers facing women of all colors and evidence of the need for a more complex multi dimensional view of leadership For women in academe who seek to reach their professional potential and maintain authenticity it offers encouragement and a myriad of strategies for their growth and

development **Handbook of Research on the Changing Role of College and University Leadership** Miller, Michael T., Gearhart, G. David, 2021-06-04 Higher education has changed significantly over the past 50 years and the individuals who provide leadership for these institutions has similarly changed The pathway to the college presidency once the domain of academic administration has diversified as an increasing number of development officers student affairs and enrollment management professionals and even politicians have become common in the role It is important to understand who the presidents are in the current environment and the challenges they face Challenges such as dealing with the COVID 19 pandemic enrollment shortfalls Title IX and athletic scandals have risen to the forefront and have contributed to the issues and role of college and university leadership The Handbook of Research on the Changing Role of College and University Leadership provides important research on the topic of college and university leadership especially focusing on the changing role of the college president The chapters discuss college leadership as it is now and how it will evolve into the future Topics included are the role of the president at various types of universities their involvement within university functions and activities and the duties they must carry out and challenges they face This book is ideal for professionals and researchers working in higher education including faculty members who specialize in education public administration the social sciences and management along with teachers administrators teacher educators practitioners researchers academicians and students who are interested in college and university leadership and how this role is transforming **Bulletin of the American Association of University Professors** American Association of University Professors, 1928 Includes reports of the committees on academic freedom as follows Vol I pt 1 Annual address of the president and General report of the Committee on academic freedom and academic tenure December 1915 Vol II no 2 pt 2 Reports of committees concerning charges of violation of academic freedom at the University of Colorado and at Wesleyan University April 1916 Vol II no 3 pt 2 Report of the Committee of inquiry on the case of Professor Scott Nearing of the University of Pennsylvania May 1916 *Leadership Matters* W. Joseph King, Brian C. Mitchell, 2022-01-04 Leadership matters more than ever in this turbulent moment in American higher education During these unprecedented times glaring internal inefficiencies communication breakdowns and an overriding sense of cultural inertia on many campuses are too often set against a backdrop of changing consumer preferences high sticker prices declining demand massive tuition discounting aging infrastructure technological and pedagogical alternatives and political pressure Strategic leadership in such a complex environment needs to be exercised in nuanced ways that differ from those embraced by corporate cultures In *Leadership Matters* W Joseph King and Brian C Mitchell argue that the success of higher education institutions depends on strategic leaders who can utilize the strengths of their institutions and leaders to balance internal pressures shifting demographics global education needs and workforce preparation demands beyond the college gates Drawing on their extensive experience the authors guide senior administration trustees and presidents on how to lead during immense financial demographic and social challenges King and

Mitchell believe that to survive colleges must be well run flexible effective and forward thinking The authors begin with a fundamental premise that colleges and universities must evolve and adapt by modernizing their practices monetizing their assets focusing on core educational strategies and linking explicitly to the modern world Discussing a broad range of leadership positions including presidents provosts and board chairs Leadership Matters touches on strategic planning management and operations stakeholder relations campus and community accreditation and athletic conferences and much more The authors offer an optimistic assessment based upon frank and stark conclusions about what colleges must do and must not do to remain relevant in the coming decades

Global Perspectives on Change Management and Leadership in the Post-COVID-19 Era Al-Aali, Ebtihaj, Masmoudi, Meryem, 2021-04-02 The COVID 19 pandemic is the largest global health crisis that we have faced since World War II The greatest challenge for organizations was to establish a clear vision for a quick change that needs to be shared with employees in a way that is both understandable and inspiring The year 2020 is a time of global change where leaders need to fulfill the change management role with decisions made efficiently and sustainably To understand the impact of the pandemic on organizations researchers will need to trace leadership development and change management in the Post COVID 19 Era These studies will help to present the different types of leadership roles policies and strategies for business transformation in the time of crisis Global Perspectives on Change Management and Leadership in the Post COVID 19 Era highlights the global perspectives of COVID 19 s impact on change management and leadership and presents the lessons learned and opportunities afforded to promote new strategies and develop better practices within the field The chapters report on case studies and real life challenges faced by organizations in countries across the globe This book covers important topics such as business sustainability newfound challenges in the workplace adaptive performance success factors within organizations corporate governance and more This is a valuable reference work for managers executives practitioners researchers students academicians stakeholders business leaders and anyone interested in leadership styles and the management of change during and after the COVID 19 pandemic

Leadership and Cooperation in Academia Roger Sugden, Marcela Valania, James R. Wilson, 2013-01-01 Leadership and Cooperation in Academia focuses on the place and the role of universities in different societies including their influence on the socio economic development of those societies Across the world academic institutions are being questioned by their stakeholders and pressured to change Answering these questions requires that academics and professional managers in universities think about their work its value and organisation The book highlights the need for space and stimulus to reflect on the responsibilities roles and expectations that they identify for themselves and that others place upon them then they might be better able to understand and to act Similarly policymakers and higher education commentators need the space and stimulus to reflect on the role of universities This book will provide this space and an invaluable contribution to the stimulus This innovative volume will be enriching to academics and professional managers who are interested in leading managing

and contributing in an academic environment Policymakers and higher education commentators concerned with the development and impacts of universities will also find plenty of insightful information in this timely study *Women Embodied Leaders* Randal Joy Thompson, Lazarina N. Topuzova, 2024-11-21 Why has embodied somatic leadership more recently become highlighted and what conditions in the world have brought this approach to leadership under study and scrutiny *Women Embodied Leaders* answers these questions analyzing models of embodied somatic leadership and how women use this leadership from a number of perspectives **Leadership in Higher Education** Jim Kouzes, Barry Posner, 2019-09-17 The authors of the classic bestseller *The Leadership Challenge* bring their expertise to higher education offering five practices that can make any college or university leader into an exemplary leader Drawing on the same pioneering research that formed the foundation of their classic bestseller *The Leadership Challenge* over 2 7 million copies sold James Kouzes and Barry Posner offer a set of leadership skills and practices that will make a significant difference in every area of higher education faculty administration library services career counseling auxiliary services campus safety and more It s about the behaviors that leaders regardless of their position use to transform values into actions visions into realities obstacles into innovations segments into solidarity and risks into rewards Kouzes and Posner tell the leadership story from the inside and move outward describing it first as a personal journey and then as mobilizing others to want to do things they have never done before *The Five Practices of Exemplary Leadership* is the operating system for this adventure *Leadership in Higher Education* explains the fundamental principles that support these practices and provides case examples of people in higher education who demonstrate each one A core theme that weaves its way through all the chapters is that whether it s one to one or one to many leadership is a relationship between those who aspire to lead and those who choose to follow We need leaders who can unite us and ignite us This book lights the way **Proceedings of the National Association of State Universities and Land-Grant Colleges** Association of State Universities and Land-Grant Colleges.
