Inscoe, Gordon B. McKinney, 2003-06-19 In the mountains of western North Carolina the Civil War was fought on different terms than those found throughout most of the South Though relatively minor strategically incursions by both Confederate and Union troops disrupted life and threatened the social stability of many communities Even more disruptive were the internal divisions among western Carolinians themselves Differing ideologies turned into opposing loyalties and the resulting strife proved as traumatic as anything imposed by outside armies As the mountains became hiding places for deserters draft dodgers fugitive slaves and escaped prisoners of war the conflict became a more localized and internalized guerrilla war less rational and more brutal mean spirited and personal and ultimately more demoralizing and destructive From the valleys of the French Broad and Catawba Rivers to the peaks of the Blue Ridge and Great Smoky Mountains the people of western North Carolina responded to the war in dramatically different ways Men and women masters and slaves planters and yeomen soldiers and civilians Confederates and Unionists bushwhackers and home guardsmen Democrats and Whigs all their stories are told here **North Carolina Civil War Monuments** Douglas J. Butler, 2013-05-11 Monuments honoring leaders and victorious armies have been raised throughout history Following the American Civil War however this tradition expanded and by the early twentieth century the Confederate dead and surviving veterans although defeated in battle ranked among the world's most commemorated troops This memorialization described in North Carolina Civil War Monuments evolved through a challenging and contentious process accomplished over decades Prompted by the need to rebury wartime dead memorialization led by women first expressed regional grief and mourning then expanded into a vital aspect of Southern memory In North Carolina 109 Civil War monuments 101 honoring Confederate troops and eight commemorating Union forces were raised prior to the Civil War centennial Photographs showcase each memorial while committee records legal documents and contemporaneous accounts are used to detail the difficult process through which these monuments were erected Their design location and funding reflect not only the period's sculptural and

cultural milieu but also reveal one state's evolving grief and the forging of public memory *North Carolinians in the Era of the Civil War and Reconstruction* Paul D. Escott, 2008 Although North Carolina was a home front state rather than a battlefield state for most of the Civil War it was heavily involved in the Confederate war effort and experienced many conflicts as a result North Carolinians were divided over the issue of **The Civil War in North Carolina, Volume 1: The Piedmont** Christopher M. Myers, 2014-10-13 In this groundbreaking study Barton A Myers analyzes the secret world of hundreds of white and black Southern Unionists as they struggled for survival in a new Confederate world resisted the imposition of Confederate military and civil authority began a diffuse underground movement to destroy the Confederacy joined the United States Army as soldiers and waged a series of violent guerrilla battles at the local level against other Southerners Myers also details the work of Confederates as they struggled to build a new nation at the local level and maintain control over manpower labor agricultural and financial resources which Southern Unionists possessed The story is not solely one of triumph over adversity but also one of persecution and ultimately erasure of these dissidents by the postwar South's Lost Cause mythologizers *North Carolina Civil War Documentary* W. Buck Yearns Jr. John G. Barrett, 2000-11-09 This collection of primary source material chronicles the Civil War experiences of North Carolinians from the secession crisis to the Confederate surrender at Bennett Place In contrast to other works on the Civil War this book focuses not on military events but on the larger issue of the societal costs of such conflicts Through selections from diaries newspapers letters official records and other documentary sources it offers a sober account of the intense human and economic suffering endured by the state and illustrates the complicated political realities of wartime North Carolina Hearts Torn Asunder Ernest A. Dollar, 2022-03-08 This study goes beyond the military aspects to examine the psychological and emotional impacts on the participants both military and civilian Charles R Knight author of *From Arlington to Appomattox* One day after General Robert E Lee's surrender on April 9 1865 more than 120 000 Union and Confederate soldiers were still in the field bringing war with them as they moved across North Carolina's verdant

heartland Thousands of paroled Rebels desperate distraught and destitute added to the chaos by streaming into the state from Virginia Grief stricken civilians struggling to survive in a collapsing world were caught in the middle The collision of these groups formed a perfect storm long ignored by those wielding pens Hearts Torn Asunder explores the psychological experience of these soldiers and civilians during the chaotic closing weeks of the war Their letters diaries and accounts reveal just how deeply the killing suffering and loss had hurt and impacted these people by the spring of 1865 Dollar deftly recounts the experiences of men women and children who endured intense emotional physical and moral stress during the war s dramatic climax Their emotional irrational and often uncontrollable reactions mirror symptoms associated with trauma victims today all of which combined to shape memory of the war s end Once the armies left North Carolina after the surrender their stories faded with each passing year Neither side looked back and believed there was much that was honorable to celebrate Hearts Torn Asunder recounts at a very personal level what happened during those closing days that made a memory so painful that few wanted to celebrate but none could forget *The University of North Carolina in the Civil War* Stephen Beauregard Weeks,2015-08-08 Excerpt from The University of North Carolina in the Civil War An Address Delivered at the Centennial Celebration of the Opening of the Institution June 5th 1895 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The 96th Pennsylvania Volunteers in the Civil War* David A. Ward,2018-06-07 The 96th Pennsylvania Volunteers infantry regiment was formed in 1861 its ranks filled by nearly 1 200 Irish and German immigrants from Schuylkill County responding to Lincoln s call for troops The men saw action for three years with the Army of the Potomac s VI Corps participating in engagements at Gaines Mill Crampton s Gap Salem Church and Spotsylvania Drawing on letters diaries memoirs and other accounts this comprehensive history documents their combat service from the point of view of the rank and file soldier along with their views on the war slavery emancipation and politics **Matt W. Ransom, Confederate General from North Carolina** Clayton Charles Marlow,2006-07-19 On May 8 1861 Matt Ransom resigned from the North Carolina House of Commons and accepted a commission as a Confederate officer Like many North Carolinians Ransom had been reluctant to see his state leave the Union though he owned slaves at the onset of the war he strongly believed that slavery was a doomed institution However the action at Fort Sumter South Carolina had made his course of action all but inevitable Despite the fact he was without military experience or training Ransom saw it as his duty to join the Confederate forces He left behind a young family and courageously fought Union forces until the end of the war his brigade was present at Appomattox for Robert E Lee s

surrender He was twice wounded in battle and was widely recognized as an effective and highly competent leader by enlisted men and officers alike After the war he returned to his beloved North Carolina and following considerable hardship rebuilt his plantation

The Making of a Confederate William L. Barney, 2008 Despite the advances of the civil rights movement many white southerners cling to the faded glory of a romanticized Confederate past In *The Making of a Confederate* William L. Barney focuses on the life of one man Walter Lenoir of North Carolina to examine the origins of southern white identity alongside its myriad ambiguities and complexities Born into a wealthy slaveholding family Lenoir abhorred the institution opposed secession and planned to leave his family to move to Minnesota in the free North But when the war erupted in 1860 Lenoir found another escape route he joined the Confederate army an experience that would radically transform his ideals After the war Lenoir like many others embraced the cult of the Lost Cause refashioning his memory and beliefs in an attempt to make sense of the war its causes and its consequences While some Southerners sank into depression aligned with the victors or fiercely opposed the new order Lenoir withdrew to his acreage in the North Carolina mountains There he pursued his own vision of the South's future one that called for greater self sufficiency and a more efficient use of the land For Lenoir and many fellow Confederates the war never really ended As he tells this compelling story Barney offers new insights into the ways that selective memory informs history through Lenoir's life readers learn how individual choices can transform abstract historical processes into concrete actions

The Civil War in North Carolina John G. Barrett, 2017-11-01 Eleven battles and seventy three skirmishes were fought in North Carolina during the Civil War Although the number of men involved in many of these engagements was comparatively small the campaigns and battles themselves were crucial in the grand strategy of the conflict and involved some of the most famous generals of the war John Barrett presents the complete story of military engagements across the state including the classical pitched battle of Bentonville the siege of Fort Fisher the amphibious campaigns on the coast and cavalry sweeps such as Stoneman's raid From and through North Carolina men and supplies went to Lee's army in Virginia making the Tar Heel state critical to Lee's ability to remain in the field during the closing months of the war when the Union had cut off the West and Gulf South This dependence upon North Carolina led to Stoneman's cavalry raid and Sherman's march through the state in 1865 the latter of which brought the horrors of total war and eventual defeat

The 28th North Carolina Infantry Frances H. Casstevens, 2013-05-14 In April 1861 public opinion in North Carolina was divided between Union and secession supporters It was only after President Lincoln issued his call to arms to subdue the rebel state of South Carolina that North Carolina seceded primarily in protest of the order to fight her sister state Beginning with a look at the prevailing atmosphere in North Carolina in the spring of 1861 this volume provides an in depth history of one Confederate infantry regiment the 28th North Carolina comprised primarily of units from the central and southwestern parts of the state The book discusses the various battles in which the 28th North Carolina was involved Hanover Court House Chancellorsville Gettysburg Chapin's Farm and Appomattox Special emphasis is placed on the
