Ultimate Spa Asias Best Spas And Spa Treatments:

Ultimate Spa Judy Chapman, 2012-12-11 Asia is now at the forefront of the international spa movement with the creation of many of the world's finest luxury spas most of which base their treatments on traditional Asian therapies and formulas Drawing on the expertise of many of Asia's best therapists doctors and wellness experts from around the region ultimate spa offers a comprehensive look at the finest spas in Asia and the unparalleled range of therapies they now offer This spa pictorial not only describes Asia's best known destination and day spas in detail it delves deeply into the ancient wellness traditions of Ayurveda TCM Traditional Chinese Medicine and other health and beauty secrets which are largely responsible for the phenomenal success of Asian spas today The emphasis is on spiritual well being and natural holistic curatives All spas and photographs many with extensive how to sequences and detailed recipes and instructions This book is a must have for spa goers and spa professionals everywhere

Vietnam Style Bertrand De Hartingh, Anna Craven-Smith-Milnes, 2012-05-01 With over 220 striking photographs and insightful commentary this Vietnamese design book captures the essence of Vietnamese style and art Vietnam has long captured the imagination of travelers both real and armchair It is an appealing country filled with natural beauty tranquil village life and fascinating cities Vietnam also has an inimitable architectural and interior design style the product of its rich cultural heritage and the various influences of Chinese French and other Western colonialism Vietnam Style is an exploration of the balancing act between traditional vernacular design and architecture and the outside influences of colonialism The unusual and striking new design styles created by melding these elements are a true cultural kaleidoscope of Vietnam today Chinese style shophouses temples with Indian influences Thai style palaces French Colonial civic and domestic buildings and the variety of tribal and native wooden houses present in Vietnam Style offer an intimate look into the vibrant yet virtually unknown world of modern Vietnamese architecture and design

Medical Tourism Stephanie Watson, Kathy Stolley, 2012-04-23 From exotic spa treatments to euthanasia this book examines the background and social context of medical tourism the practice of traveling for health care This work also documents how this industry is reshaping the face of medicine worldwide for individuals local communities and national health care systems Medical Tourism A Reference Handbook provides an accessible overview of the state of medical tourism written from a balanced unbiased perspective The authors provide relevant social context for this controversial topic discussing the state of extremely limited research data on medical tourism the ethical issues involved such as traveling to have a black market organ transplanted and the significant impact of medical tourism on health care systems that of the United States and those of the destination countries The book highlights many contemporary problems controversies and implications of medical tourism both for individuals and health care systems and presents thought provoking potential solutions The topic of medical tourism is also addressed against the backdrop of current healthcare reforms in the United States Readers can reference a wealth of additional material on medical tourism ranging from original documents to

extensive directories of selected organizations and resources

Cleanliness and Culture C. (Kees) van Dijk, Jean Gelman Taylor, 2011-01-01 Recent years have shown an increase in interest in the study of cleanliness from a historical and sociological perspective Many of such studies on bathing and washing on keeping the body and the streets clean and on filth and the combat of dirt focus on Europe In Cleanliness and Culture attention shifts to the tropics to Indonesia in colonial times as well as in the present Subjects range from the use of soap and the washing of clothes as a pretext to claim superiority of race and class to how references to being clean played a role in a campaign against European homosexuals in the Netherlands Indies at the end of the 1930s Other topics are eerie skin diseases and the sanitary measures to eliminate them and how misconceptions about lack of hygiene as the cause of illness hampered the finding of a cure Attention is also drawn to differences in attitude towards performing personal body functions outdoors and retreating to the privacy of the bathroom to traditional bathing ritual and to the modern tropical Spa culture as a manifestation of a New Asian lifestyle With contributions by Bart Barendregt Marieke Bloembergen Kees van Dijk Mary Somers Heidhues David Henley George Quinn and Jean Gelman Taylor

Green Consumption Bart Barendregt, Rivke Jaffe, 2014-02-27 Green lifestyles and ethical consumption have become increasingly popular strategies in moving towards environmentally friendly societies and combating global poverty Where previously environmentalists saw excess consumption as central to the problem green consumerism now places consumption at the heart of the solution However ethical and sustainable consumption are also important forms of central to the creation and maintenance of class distinction Green Consumption scrutinizes the emergent phenomenon of what this book terms eco chic a combination of lifestyle politics environmentalism spirituality beauty and health Eco chic connects ethical sustainable and elite consumption It is increasingly part of the identity kit of certain sections of society who seek to combine taste and style with care for personal wellness and the environment This book deals with eco chic as a set of activities an ideological framework and a popular marketing strategy offering a critical examination of its manifestations in both the global North and South The diverse case studies presented in this book range from Basque sheep cheese production and Ghanaian Afro chic hairstyles to Asian tropical spa culture and Dutch fair trade jewellery initiatives The authors assess the ways in which eco chic with its apparent paradox of consumption and idealism can make a genuine contribution to solving some of the most pressing problems of our time

Tourist Experience and Fulfilment Sebastian Filep, Philip Pearce, 2013-07-31 What makes life worth living Many people would argue that it is fulfilling experiences These experiences are characterised by feelings of joy and pleasure positive relationships and a sense of engagement meaning and achievement Tourism is arguably one of the largest self initiated commercial interventions to promote well being and happiness on the global scale but yet there is absence in the literature on the topic of fulfilling tourist experiences from psychological perspectives Drawing on insights and theories from the research field of positive psychology the study of well being this is the first edited book to evaluate tourist experiences from positive psychology perspectives The volume addresses

the important topic of fulfilment through the lens of the world's largest social global phenomenon tourism. In doing so the book refreshes and challenges some aspects of tourist behaviour research. The chapters are grouped under three broad sections which reflect a range of positive psychological outcomes that personal holiday experiences can produce namely happiness and humour meaning and self actualisation and health and restoration. The book critically explores these fulfilling experiences from interdisciplinary perspectives and includes research studies from a wide range of geographical regions. By analysing the contemporary fulfilling tourist experiences the book will provide further understanding of tourist behaviour and experience. Written by leading academics this significant volume will appeal to those interested in Tourism and Positive Psychology. **The Publishers Weekly**, 2006 **Spa**, 2008 *America's Best Hotel and Resort Spas* Mobil Travel Guide, 2004-02.
