Historia de la Literatura y del Arte Dramático en España (Complete) Adolf Friedrich von Schack, **Los mitos degradados** Cedomil Goic, 2023-12-18. The series will collect the most important theoretical statements on such topics as readers and the reading process, intertextuality, metaphor, semiotics. The series *Texto y Teoría Literaria* hopes to trace the development of theory and criticism in original essays, readers' monographs from international scholars raising fundamental questions about the status of the literary text and different types of discourse, be it rhetorical, semiotic and structuralist, phenomenological, subjective and psychoanalytic, sociological and historical or hermeneutic. A complete up-to-date bibliography, both theoretical and applied, will make of the anthologies excellent guides for scholars and students. Each reader of the series will be a valuable text for courses in literary criticism and theory as well as a superior reference work for scholars and students of literature, critical theory and the philosophy of art. In an introduction the editors will redefine each problem, placing it in historical perspective, providing a sort of short history to the subject. Since no such collections exist in Spanish, it can become an important guide to show the directions in which North American and European literary criticism have evolved.

El señor presidente Miguel Ángel Asturias, 2000. Miguel Ángel Asturias logró una novela de prosa impecable de ritmos y atmósferas poticas en la que relata el paulatino deterioro moral de un personaje complejo.
