Private Killer Franklin W. Dixon, 2010-01-05 In *Private Killer* Frank and Joe continue their undercover investigation of Gamma Theta Theta a mysterious turned dangerous fraternity at an all boys New England boarding school The headmaster's meddlesome trouble making daughter is in danger and it seems like the fraternity members and even some faculty will stop at nothing to protect their secrets

Destiny's Misery D. J. Parrish, 2022-08-05 Destiny is at a crossroads in her life her marriage and her faith in God Her marriage is in jeopardy because her husband has betrayed her love by having an affair This incident leaves Destiny questioning whether she has the strength to grasp the threads that are left of her marriage and whether or not she is capable of holding on to what is left of her dignity She strives to maintain her family life as well as her military career She is unclear whether she should try to rebuild her relationship with Vance and put his betrayal behind them or move forward with her life without him These questions have caused great turmoil for Destiny and she must search deep within herself for answers to her dilemma An unexpected revelation from Vance further weighs on her already uncertainties concerning their marriage and family Where did she possibly go wrong Why didn't she trust her intuition Why is her faith being tested Can she even trust herself to move forward in her marriage Will Destiny forgive Vance for his wrongs Will she stand by his side offering her love strength and dedication while encouraging him to look deep within for his strength and healing Or will she walk away leaving him to his own demise Will Vance's new revelation become the turning point to rebuild their relationship Or will it be the ultimate straw to destroy their marriage

The Good, the Bad, and the Beautiful B. Hallen, 2000 Hallen asks the Yoruba onisegun the wisest and most accomplished herbalists or traditional healers what it means to be good and beautiful The onisegun explain the subtleties and intricacies of Yoruba language use and philosophy behind particular word choices Their instructions reveal the depth of Yoruba aesthetics and ethics

Rousseau's Legacy Dennis Porter, 1995-05-25 Rousseau's Legacy focuses on the new and influential paradigm of the writer that emerged in the decades immediately preceding the French Revolution Ushered in by Rousseau's combining revolutionary sociopolitical critique with a new art of autobiography the writer would henceforth differ greatly from the traditional man of letters Rousseau inaugurated the idea of a heroic and committed writerly life in which the opposition between public and private selves is collapsed This was done in the cause of creating a future political community founded on transparency Porter with both a wide ranging knowledge of contemporary theory and an informed interest in cultural historical context gives close readings of relevant works by a number of major French writers including Stendhal Baudelaire Sartre Barthes Duras Althusser and Foucault Thus he explores the persistent importance of the Rousseauist paradigm for French literary culture The book goes beyond a critique or theory that interprets literary or philosophical works for their own sake to reveal representations and self representations of the idea of the writer in paintings engravings and photographs as well as in literary texts In concluding Porter argues that with the collapse of faith in social and individual regeneration through

revolution the archetype of such a writer is also waning Terror and Modernity Donatella Di Cesare, 2019-06-10 We are inclined to see terrorist attacks as an aberration a violent incursion into our lives that bears no intrinsic relation to the fundamental features of modern societies But does this view misconstrue the relationship between terror and modernity In this book philosopher Donatella Di Cesare takes a historical approach and argues that terror is not a new phenomenon but rather one that has always been a key part of modernity At its most basic level terrorism is about the struggle for power and sovereignty The growing concentration of power in the hands of the state which is a constitutive feature of modern societies sows the seeds of terrorism which is deployed as a weapon by those who are exposed to the violence of the state and feel that they have no other recourse As Di Cesare illustrates her argument with examples ranging from the Red Brigades and 9 11 to jihadism and ISIS her sophisticated analysis will appeal to anyone who wishes to understand contemporary terrorism more deeply as well as to students and scholars of philosophy and political theory **CULTURE OF NAMES IN AFRICA** Emma

Umana Clasberry, 2012-01-12 INTRODUCTION Personal name is a vital aspect of cultural identity As a child you may have loved or hated your name But you were rarely indifferent to it What s in a name Shakespeare asked That which we call a rose by any other name would smell as sweet he explained Perhaps in England or somewhere else in Europe but not in Africa Personal names in African have meanings can affect personality hinder or enhance life initiatives They serve to establish a connection between name and cultural background and thus provide some information about cultural affinity and more such as express one s spirituality philosophy of life political or socio economic status as defined by a given ethnic cleavage African names tell stories convert abstract ideas to stories and tell story of the story about different aspects of one s life They commemorate any unusual circumstance the family or community once experienced or world event that took place around the time of a child s birth Outside a given cultural environment names boost and nurture cultural pride and identity showcase a people s appreciation of their culture and their readiness to defend and live their culture with pride and dignity Naming practices that tell histories behind the names were the norms in Nigeria Ibibio and in fact in Africa until the encroachment of two historical forces in Africans affairs Christianization and colonization more than any other forces in history shattered the connection between personal name and cultural affinity and have ever since contributed to the gradual erosion of African culture of names On the continent the combined efforts of their human agents the missionaries and British colonial personnel directly and indirectly through their policies and practices caused African Nigerians to give up their culture relevant names in favor of foreign ones Apart from direct erosion of culture of names colonial administration a term I use mostly to refer to the combined efforts of the missionaries and British colonial personnel in Nigeria abrogated many religious socio economic and political traditions which were intimately intertwined with the people s naming practices Their attempt to replace African traditions with European ones through coercing Africans to accept Western values and beliefs consequently disabled many desirable African traditional structures including authentic African naming practices and caused some to fall into

disuse A third force was early European African trade Although the impact of the presence of European merchants in Nigeria was minimal in this regard some of their activities have also left a dent on African naming practices by introducing foreign bodies into the people s names database Even though these alien forces invaded and injected foreign values into Africa over a century ago their impact on naming practices continues to be felt by Africans European intrusion in relation to African naming practices did not end on the continent The Trans Atlantic Trade on human cargo was another major historical event that did not only forcefully disconnect many Africans from their cultural root and natural habitat but also mutilated authentic African naming practices among them Consequently Africans in Diaspora had European names imposed upon them by their slave masters Today many Africans on the continent and in Diaspora continue to carry names which are foreign names whose meanings they do not know names the bearers can not even pronounce correctly in some ethnic contexts and names which have no relevance to nor any form of link with the bearers cultural background In effect culture of names as many other African customary practices has lost its savor Some peoples of African descent still cherish these colonized names Some do not and are making practical efforts to reclaim authentic African cul

Providence Mark W. Elliott,2020-04-21 Addressing a topic of perennial interest in Christian theology this volume offers a constructive account of the doctrine of providence Mark Elliott shows that contrary to received opinion the Bible has a lot to say about providence as a distinct doctrine within the wider scope of God s acts of salvation This book by a leading scholar of Christian theology and exegesis is a capstone of years of research on the history and theology of the doctrine of providence

THE JATAKAS Sarah Shaw, 2006-06-08 When my concentrated mind was purified I directed it to the knowledge of the recollection of past lives The Buddha on the night of his enlightenment Associated with the living traditions of folk tale drama and epic the Jatakas recount the development of the Bodhisatta the being destined to become the present Buddha in his final life not just through the events of one lifetime but of hundreds Written in Pali the language of the Theravada Buddhist canon the Jatakas comprise one of the largest and oldest collections of stories in the world dating from the fifth century BCE to the third century CE Generations in South and South East Asia have grown up with these tales This volume contains twenty six stories drawn from various ancient sources and each story reflects one of the ten perfections giving restraint renunciation wisdom strength acceptance truthfulness resolve loving kindness and equanimity A detailed introduction elaborates on the ten perfections explains the forms of enlightenment as well as the structure and the historical and geographical contexts of the stories Sarah Shaw brings to life the teachings of Buddhism for the scholar and lay reader alike **Dogon Songs of Life and Death** W.E.A. van Beek, Oumarou S. Ongoiba, Atimè D. Saye, 2025-04-24 Though the Dogon are well described their culture still holds surprises One of these is the cycle of songs called baja ni which is at the heart of their funerary rites These songs are attributed to a historic author a blind poet prophet who roamed the area in the nineteenth century and left a huge heritage of songs and prophecies This book gives the full text of one performance of this legacy The lyrics cover a range of topics from comments on historical events to philosophical musings about life and death and from remembering the departed to celebrating the joys of being alive **Philosophies of Religion** Timothy Knepper, 2022-11-03 In this global introduction to philosophy of religion you begin not with a single tradition but with religious philosophies from East Asia South Asia West Africa and Native North America alongside the classical Abrahamic and modern European traditions Matching this diversity of traditions chapters are organized around questions that acknowledge there is no single understanding of any god or ultimate reality Instead you approach six different traditions of philosophizing about religion by asking questions about the journeys of both the self and the cosmos such as What is my path and Where did the cosmos come from Accompanied by introductory materials and an extensive glossary each chapter includes learning objectives questions for discussion and suggested primary and secondary sources The categories of religion and philosophy are interrogated throughout Equipped with study tools and universal questions about the self and the cosmos **Philosophies of Religion A Global and Critical Introduction** shows you how to philosophize about religions around the world **Religious Giving and the Invention of Karma in Theravada Buddhism** James Egge, 2013-12-16 Demonstrates that Buddhists appropriated the practice vocabulary and ideology of sacrifice from Vedic religion and discusses the relationship of this sacrificial discourse to ideas of karma in the Pali canon and in early Buddhism **Loving Arms** Karen Schneider, 2021-09-15 Loving Arms examines the war

related writings of five British women whose works explore the connections among gender war and story telling While not the first study to relate the subjects of gender and war it is the first within a growing body of criticism to focus specifically on British culture during and after World War II Evoking the famous St Crispin s Day speech from Henry V and then her own father s account of being moved to tears on V J Day because he had been too young to fight Karen Schneider posits that the war story has a far reaching potency She admits perhaps for all of us that such stories had powerfully shaped my consciousness in ways I could not completely resist How a story is narrated and by whom are matters of no small importance As widely defined and accepted war stories are men s stories If we are to hear an other story of war then we must listen to the stories women tell Many of the war stories written by women insist that war is not the condition of men but rather the condition of humanity beginning with relations between the sexes For the five women whose work is examined in *Loving Arms* Stevie Smith Katharine Burdekin Virginia Woolf Elizabeth Bowen and Doris Lessing this latter point was particularly relevant Their positions as women within a patriarchal militarist culture that was externally threatened by an overtly fascist one led to an acute ambivalence says Schneider Though all five women perceived the war from substantially different perspectives each in her own way exposed and critiqued the seductive power of war and war stories with their densely interwoven tropes of masculinity and nationalism Yet these writers conflicting impulses of loyalty to England and resistance to the war betray their ambivalence *Loving Arms* will interest students of twentieth century British literature and culture gender studies and narratology Even today we maintain an unabated love affair with the war story But unless we listen to what the women had to say fifty years ago we are doomed to hear only the same old story

Musings of a Free Mind V.V.

Rampal, In the present technology oriented environment expectations material achievements and desire for comforts has made life move away from human values and social concern This book tries to strike a balance between the scientific way of life and the ethical aspects that need to counter the negative tendencies It further emphasizes through thoughts expressed mostly in dialogue and story form the need to humanize life in the mad rush of materialism The ideas are without any bias for or against any established view of life
