scholars in classical studies reception studies American politics and literature and the work of Gore Vidal this volume presents an original perspective on one of the most provocative writers and intellectuals in post war American letters It offers new insights into Vidal s attitudes influences and beliefs and throws fresh light upon his patrician self fashioning and his mercurial output Mythic Worlds and the One You Can Believe In Harold Toliver,2018-06-11 Combining philosophy science and literature Mythic Worlds and the One You Can Believe In examines lingering misconceptions of world history as a continuing source of international tension Awareness of the natural continuum currently gauged at some 13.8 billion years overall disarms sectarian zealotry and in retrospect explains some of the difficulties the literary and philosophical traditions have had in accommodating their beliefs to what undeniably exists To this day beliefs incompatible with natural history continue to intensify nationalism and support terrorist movements As a work mainly in natural philosophy this book uses the consensus natural continuum to critique the more prominent and durable misconceptions Sharpening the Conservative Mind. The American Right's Reception and Reconstruction of Allan Bloom's "The Closing of the American Mind" Moritz Mücke,2014-05-16 Bachelor Thesis from the year 2014 in the subject American Studies Miscellaneous grade 1.3 University of Frankfurt Main Institut f r England und Amerikastudien language English abstract In 1987 the American philosopher Allan David Bloom published his controversial book *The Closing of the American Mind* in which he criticized contemporary trends in American academia as well as in the popular culture The author was particularly critical of concepts like historicism and moral and cultural relativism The book was largely perceived to be a conservative tract although Bloom himself rejected the label conservative While liberal commentators were skeptical of Bloom s theses conservative intellectuals by and large praised the book The conflict laid bare here was and is a battle between political forces for cultural sovereignty especially in the universities the commanding heights of American intellectual life This conflict was well captured in Camille Paglia s famous description of *The Closing of the American Mind* as the first shot in the culture wars The purpose of this paper is to inquire into the American Right s reception and reconstruction of *The Closing of the American Mind* and to determine the initial impact and lasting influence the book had on American conservative thought In order to provide a comprehensive analysis eminent conservative publications as well as the writings of notable conservative intellectuals will be examined Different responses from different factions of the conservative coalition shall be differentiated and taken into account as will the changing perception of Bloom s ideas over time Therefore this paper is divided into different sections one of which will cover the time immediately after the publication of *The Closing* and another the time between the initial response and the present These two parts are complemented by another two sections which will examine the history of American conservatism from 1945 up to the respective points in time and thereby provide the necessary context Hollywood Intellect James D. Bloom,2009-09-10 *Hollywood Intellect* takes off from the wide spread hand wringing over the fate or disappearance of so called public intellectuals An account of the title phenomenon *Hollywood Intellect* challenges assumptions on which such

discussions have rested James D Bloom argues that such assumptions are the result of misleading inattention to the intellectual work that mass culture performs Much of America s influential intellectual work has come out of Hollywood which has long helped shape America s intellectual agenda Bloom shows how Hollywood movies often do intellectual work as ambitious as the intellectual work in art films poems and novels museums and erudite quarterlies Hollywood Intellect prompts its readers to reflect on the impact of a variety of Hollywood movies with some of the same assumptions expectations and questions customarily applied to literary writing Hollywood Intellect also illustrates how in examining the emergence of Hollywood and stardom in general as shapers of the public mind some of our most renowned poets and novelists enriched our experience of mass entertainment and of elite culture Drawing on a range of literary works and movies as well as on the careers of both Hollywood and literary celebrities Bloom documents how Hollywood regulates curiosity arbitrates civilization construes and probes stardom polices genre and shapes our language **New Statesman** ,2001

The Nation ,2001 **Hitch-22** Christopher Hitchens,2010 The life story of one of the most admired and controversial public intellectuals of our time Provided by publisher Hugh MacDiarmid's Poetry and Politics of Place Scott Lyall,2006 The only book on Hugh MacDiarmid currently in print this gives unique focus to the politics of modern Scotland s major cultural figure **The Forgotten World of R.J. reflect the mind of a politically committed and serious thinker and in turn how these views directly inform the creation of a body of writing that is as intellectually challenging as it is engagingly varied in form and character **Maximum Rocknroll**,2003 **The American Spectator** ,2001 Concise Biographical Companion to Index Islamicus: Bio-bibliographical supplement to Index Islamicus, 1665-1980, H-M Wolfgang Behn,2004 This Biographical Companion will be an indispensable reference tool for the serious student and scholar of Islamic Studies It enables the user to quickly gain knowledge on the life work and professional background of almost every major and minor author and thus to place each author in his her proper perspective
