Under The Volcano Revolution In A Sicilian Town:

Under the Volcano Lucy Riall, 2013-01-24 Explores the riot in the Sicilian town of Bronte on the slopes of Mount Etna and under the domination of British landowners and links this event to larger themes of poverty injustice mismanagement and Britain's policy towards Italy in the 19th century

Under the Volcano Lucy Riall, 2013 A peasant revolt in Sicily is the starting point for a detailed intimate account of the people who lived in the community a fiercely proud local gentry and a British family the largest landowners in the area The story is used to examine Britain's policy towards Europe in the 19th century and colonial rule overseas in the age of Empire

Sicily John Julius Norwich, 2015-07-21 Critically acclaimed author John Julius Norwich weaves the turbulent story of Sicily into a spellbinding narrative that places the island at the crossroads of world history Sicily said Goethe is the key to everything It is the largest island in the Mediterranean the stepping stone between Europe and Africa the link between the Latin West and the Greek East Sicily's strategic location has tempted Roman emperors French princes and Spanish kings The subsequent struggles to conquer and keep it have played crucial roles in the rise and fall of the world's most powerful dynasties Yet Sicily has often been little more than a footnote in books about other empires John Julius Norwich's engrossing narrative is the first to knit together all of the colorful strands of Sicilian history into a single comprehensive study Here is a vivid erudite page turning chronicle of an island and the remarkable kings queens and tyrants who fought to rule it From its beginnings as a Greek city state to its emergence as a multicultural trading hub during the Crusades from the rebellion against Italian unification to the rise of the Mafia the story of Sicily is rich with extraordinary moments and dramatic characters Writing with his customary deftness and humor Norwich outlines the surprising influence Sicily has had on world history the Romans fascination with Greek civilization dates back to their sack of Sicily and tells the story of one of the world's most kaleidoscopic cultures in a galvanizing contemporary way This volume has been a long time coming Norwich began to explore Sicily's colorful history during his first visit to the island in the early 1960s The dean of popular historians leads his readers through the millennia with the steady narrative hand of a master teacher or the world's most learned tour guide Like the island itself Sicily is a book brimming with bold flavors that begs to be revisited again and again Praise for Sicily Suavely readable The very model of a popular historian Norwich writes to give pleasure to the common reader And what pleasure it is The Wall Street Journal Entertaining on every page There is something ancient and sorrowful in Sicily some dark brooding quality just as captivating as its spellbinding history or its beautiful and varied landscapes from beaches to lemon groves pine forests to volcanoes The most amiable and freewheeling of guides Norwich will always find time for the amusing anecdote The Sunday Times Utterly engrossing written with passion about the art and architecture of this magical island filled with gossip tidbits and sweeping historical theories The Daily Beast Dazzling Norwich is an elegantly graceful and entertaining storyteller Richmond Times Dispatch Charming richly nuanced history relayed with enormous fondness Kirkus Reviews A brisk and always lively tour Open Letters Monthly

Norwich is deeply in love with Sicily His boundless affection has inspired a determined effort to understand its painful past The result is impressionistic as love often is The Times Norwich sketches personalities vividly He does the island and the reader a generous service in providing such an amiable introduction The Sunday Telegraph Norwich tells Sicily s long sad but fascinating story with sympathy and brio Literary Review *Civil War and Agrarian Unrest* Enrico Dal Lago,2018-03-15 Between 1861 and 1865 both the Confederate South and Southern Italy underwent dramatic processes of nation building with the creation of the Confederate States of America and the Kingdom of Italy in the midst of civil wars This is the first book that compares these parallel developments by focusing on the Unionist and pro Bourbon political forces that opposed the two new nations in inner civil conflicts Overlapping these conflicts were the social revolutions triggered by the rebellions of American slaves and Southern Italian peasants against the slaveholding and landowning elites Utilizing a comparative perspective Enrico Dal Lago sheds light on the reasons why these combined factors of internal opposition proved fatal for the Confederacy in the American Civil War while the Italian Kingdom survived its own civil war At the heart of this comparison is a desire to understand how and why nineteenth century nations rose and either endured or disappeared *The Invention of Sicily* Jamie Mackay,2021-07-13 Whether you re vacationing in Italy or simply an armchair traveler this guide to the Mediterranean island of Sicily is a dazzling introduction to the region s rich 3 000 year history and culture A rich and fascinating cultural history of the Mediterranean s enigmatic heart Sicily is at the crossroads of the Mediterranean and for over 2000 years has been the gateway between Europe Africa and the East It has long been seen as the frontier between Western Civilization and the rest but never definitively part of either Despite being conquered by empires Romans Byzantines Arabs Normans Hapsburg Spain it remains uniquely apart The island s story maps a mosaic that mixes the story of myth and wars maritime empires and reckless crusades and a people who refuse to be ruled In this riveting rich history Jamie Mackay peels away the layers of this most mysterious of islands This story finds its origins in ancient myth but has been reinventing itself across centuries in conquest and resistance Inseparable from these political and social developments are the artefacts of the nation s cultural patrimony ancient amphitheaters Arab gardens Baroque Cathedrals as well as great literature such as Giuseppe di Lampedusa s masterpiece *The Leopard* and the novels and plays of Luigi Pirandello In its modern era Sicily has been the site of revolution Cosa Nostra and in the twenty first century the epicenter of the refugee crisis *Religion and Politics in the Risorgimento* D. Raponi,2014-10-14 This book examines Anglo Italian political and cultural relations and analyses the importance of religion in the British Orientalist perception of Italy It puts religion at the centre of a harsh political and cultural war one that was fought on international diplomatic and domestic levels **Nelson's Encyclopaedia** ,1913 *Nelson's Perpetual Loose-leaf Encyclopaedia* ,1920 **The Illustrated American** ,1890 **A New Universal Gazetteer** Edwin Williams,1832 **Sicily** Robert Andrews,Jules Brown,1996 *The Chartist Circular* William Thomson,1968 **Our Glorious Century** ,1994 An engaging highly illustrated largely in color look at the fads and foibles
