Tracing the cultural legacy of Irish

Catholicism Eamon Maher, Eugene O'Brien, 2017-04-06 This book traces the steady decline in Irish Catholicism from the visit of Pope John Paul II in 1979 up to the Cloyne report into clerical sex abuse in that diocese in 2011 The young people awaiting the Pope's address in Galway were entertained by two of Ireland's most charismatic clerics Bishop Eamon Casey and Fr Michael Cleary both of whom were subsequently revealed to have been engaged in romantic liaisons at the time The decades that followed the Pope's visit were characterised by the increasing secularisation of Irish society Boasting an impressive array of contributors from various backgrounds and expertise the essays in the book attempt to trace the exact reasons for the progressive dismantling of the cultural legacy of Catholicism and the consequences this has had on Irish society

Daugherty, 2018-05-01 Pundits regularly declare that Christianity is dying And in a way they are correct Its golden age of influence is long gone in Western Europe and similar trends are happening in North America But while it slowly dies in the West Christianity has been coming to life in Asia Africa and Latin America Christianity is rising Megachurches in Nigeria India and South Korea have tens of thousands of members The largest Roman Catholic populations in the world are found in Brazil Mexico and the Philippines And sociologists predict that there could be nearly 600 million Christians in China by 2040 Now immigrants refugees and missionaries from the Global South look to former strongholds of Christian influence in the West as new mission fields bringing their vibrant faith to our shores They are bringing the gospel back to us in new and surprising ways The future of Christianity is bright you just have to look around
