Understanding Western Philosophy

Kajit Bagu (John Paul)

Understanding John Rawls Justice As Fairness Understanding Western Philosophy:

Rawls Explained Paul Voice, 2011-03-11 This book introduces the reader to the political theories of the American philosopher John Rawls Rawls was arguably the most important political philosopher of the twentieth century Barely a word of political philosophy is written today that is not indebted in some way either directly or indirectly to the philosophical paradigm that Rawls bequeathed On his death at aged 81 in 2002 his obituaries written by some of the leading figures in Western philosophy placed him alongside John Locke and Immanuel Kant in the canon of Western political philosophers His colleague the philosopher Hilary Putnam said His work is not going to be forgotten for decades I think for centuries Rawls Explained sets out Rawls s complex arguments in a way that makes them accessible to first time readers of his hugely influential work This book is both clear in its exposition of Rawls s ideas and is true to the complex purposes of his arguments It also attends to the variety of objections that have been made to Rawls s arguments since it is these objections that have shaped the progression of his work Therefore the aim of the book is to explain the basic ideas of Rawls s theory of justice in an engaging but comprehensive fashion and to guide the reader carefully through his arguments The book is divided into three parts corresponding to the three books that form the core of Rawls s theory *A Theory of Justice* 1971 *Political Liberalism* 1993 and *The Law of Peoples* 1999 This volume sets out Rawls s ideas in the form of a critical exposition that elaborates the central themes and philosophical background of his arguments Each section of the book ends with a survey of some of the main criticisms of the arguments coupled with Rawls s strongest counterarguments

A Study Guide for John Rawls's "A Theory of Justice" Gale, Cengage Learning, 2016 A Study Guide for John Rawls s *A Theory of Justice* excerpted from Gale s acclaimed *Nonfiction Classics for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Nonfiction Classics for Students* for all of your research needs

A Theory of Justice John Rawls, 2009-07 Previous edition 1st published in 1971

The Blackwell Dictionary of Western Philosophy Nicholas Bunnin, Jiyuan Yu, 2009-01-27 The Blackwell Dictionary of Western Philosophy The Blackwell Dictionary of Western Philosophy The style is fresh and engaging and it gives a broad and accurate picture of the western philosophical tradition It is a pleasure to browse in even if one is not looking for an answer to a particular question David Pears Its entries manage to avoid the obscurities of an exaggerated brevity without stretching themselves out as if seeking to embody whole miniature essays In short it presents itself as a model of clarity and clarification Alan Montefiore

Corporate Social Responsibility, Entrepreneurship, and Innovation Kenneth Amaeshi, Paul Nnodim, Osuji Onyeka, 2013-02-15 Despite its recent popularity in literature theory and practice Corporate Social Responsibility CSR remains a vague concept that struggles to define itself beyond the confines of corporate philanthropy or sustainability In some circles it is a response to the present and anticipated climate change challenges while in others it focuses on fair trade corporate governance and responsible investment What then is CSR and

how do we understand its purpose In Corporate Social Responsibility Entrepreneurship and Innovation authors Kenneth Amaeshi and Paul Nnodim consider the governance of corporate externalities positive and negative impacts of firms on society and the environment as the main thrust of the CSR discourse a field that hitherto only the state has regulated with sometimes coercive actions This book contributes to the theorization of CSR by presenting the meaning of CSR in a clear and distinct manner giving the ongoing CSR debate a new direction anchored on a firm economic philosophy It reinforces the view of firms as social institutions as well as economic actors establishing CSR as a form of justice rather than philanthropy Articulating CSR as private governance of corporate externalities for the first time this book provides researchers with a new paradigm to translate knowledge into action and offers reflective managers an alternative framework in which to explore their corporate strategies and decisions

Food Justice Undone Hanna Garth, 2026-02-03 Breaks open the privilege and promise of food justice to envision a radical liberatory future Food justice activists have worked to increase access to healthy food in low income communities of color across the United States Yet despite their best intentions they often perpetuate food access inequalities and racial stereotypes Hanna Garth shows how the movement has been affected by misconceptions and assumptions about residents as well as by unclear definitions of justice and what it means to be healthy Focusing on broad structures and microlevel processes Garth reveals how power dynamics shape social justice movements in particular ways Drawing on twelve years of ethnographic research Garth examines what motivates people from more affluent majority white areas of the city to intervene in South Central Los Angeles She argues that the concepts of food justice and healthy food operate as racially coded language reinforcing the idea that health problems in low income Black and Brown communities can be solved through individual behavior rather than structural change Food Justice Undone explores the stakes of social justice and the possibility of multiracial coalitions working toward a better future

Peacebuilding, Constitutionalism and the Global South Kajit Bagu (John Paul), 2019-07-05 This book presents the case that liberal constitutionalism in the global South is a legacy of colonialism and is inappropriate as a means of securing effective peace in regions that have been subject to recurrent conflict The work demonstrates the failure of liberal constitutionalism in guaranteeing peace in the postcolonial global South It develops an alternative more compelling constitutionalism for peacebuilding in conflicted regions This is based on constitutionalism that recognises plurality as a major feature in the global South Drawing on events in Nigeria it develops a constitutional model based on Cognitive Justice which could deliver peace by addressing historic conceptual legal institutional and structural issues that have created social inequality and injustice The study also incorporates insights from the development of plurinational constitutions in South America The book will be an invaluable resource for researchers academics and policy makers with an interest in constitutional legal theory peacebuilding and postcolonial studies

Justice as Fairness John Rawls, 2001-05-16 This book originated as lectures for a course on political philosophy that Rawls taught regularly at Harvard in the 1980s In time the lectures became a restatement of his theory of

justice as fairness revised in light of his more recent papers and his treatise *Political Liberalism* 1993 As Rawls writes in the preface the restatement presents in one place an account of justice as fairness as I now see it drawing on all my previous works He offers a broad overview of his main lines of thought and also explores specific issues never before addressed in any of his writings Rawls is well aware that since the publication of *A Theory of Justice* in 1971 American society has moved farther away from the idea of justice as fairness Yet his ideas retain their power and relevance to debates in a pluralistic society about the meaning and theoretical viability of liberalism This book demonstrates that moral clarity can be achieved even when a collective commitment to justice is uncertain

John Rawls Jon Mandle, Sarah Roberts-Cady, 2020-06-01 John Rawls is widely considered one of the most important political philosophers of the 20th century and his highly original and influential works play a central role in contemporary philosophical debates Given the vast scholarship written in response to his work students and scholars need some guidance in finding and understanding the central debates and arguments This book meets this need like no other collection has before This collection of original essays is divided into ten parts with each part covering a major area of philosophical debate inspired by Rawls's work In each part there is an introductory essay providing an overview of the relevant arguments from Rawls's work and the historical contours of the debate that ensued Each introductory essay is followed by two essays written by scholars who take opposing positions on the debate moving the debate forward in a fruitful way

Western Philosophy John Cottingham, 1996 From ancient Greece to the leading philosophers of today *Western Philosophy An Anthology* provides the most comprehensive and authoritative survey of the Western philosophical tradition In 100 substantial and carefully chosen extracts the volume covers all the main branches of philosophy theory of knowledge and metaphysics philosophy of mind religion and science moral philosophy theoretical and applied political theory and aesthetics Chronologically and thematically arranged the readings are introduced and linked together by a lucid philosophical commentary which guides the reader through the key arguments This outstanding text will support a wide variety of introductory courses in philosophy as well as providing more advanced students with a handy collection of classic source materials

John Rawls, A Theory of Justice Otfried Höffe, 2013-07-25 Essential reading for all who are interested in mid century western political philosophy and the philosophy of John Rawls especially his seminal text *A Theory of Justice*

John Rawls Andrius Gališanka, 2019-05-01 An engaging account of the titan of political philosophy and the development of his most important work *A Theory of Justice* coming at a moment when its ideas are sorely needed It is hard to overestimate the influence of John Rawls on political philosophy and theory over the last half century His books have sold millions of copies worldwide and he is one of the few philosophers whose work is known in the corridors of power as well as in the halls of academe Rawls is most famous for the development of his view of justice as fairness articulated most forcefully in his best known work *A Theory of Justice* In it he develops a liberalism focused on improving the fate of the least advantaged and attempts to demonstrate that despite our differences agreement on basic political institutions is both

possible and achievable Critics have maintained that Rawls's view is unrealistic and ultimately undemocratic In this incisive new intellectual biography Andrius Gališka argues that in misunderstanding the origins and development of Rawls's central argument previous narratives fail to explain the novelty of his philosophical approach and so misunderstand the political vision he made prevalent Gališka draws on newly available archives of Rawls's unpublished essays and personal papers to clarify the justifications Rawls offered for his assumption of basic moral agreement Gališka's intellectual historical approach reveals a philosopher struggling toward humbler claims than critics allege To engage with Rawls's search for agreement is particularly valuable at this political juncture By providing insight into the origins aims and arguments of A Theory of Justice Gališka's John Rawls will allow us to consider the philosopher's most important and influential work with fresh eyes

Understanding Social Justice Andrew C. Theophanous, 1994 Second edition of a book and originally published in 1993 which deals with the concept of social justice Outlines and analyses the historical development of the concept of social justice applies the concept of social justice to the Australian situation with particular reference to the achievements the policies and practices of the Federal Labor Government in the last decade suggests ways in which action by government and individuals can be directed towards a more just social structure Includes an index and bibliography The author is the member for Calwell in the House of Representatives and parliamentary secretary to the Prime Minister and Minister for Human Services and Health

Western Political Thought Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability

John Rawls Thomas Pogge, 2007 This is a short accessible introduction to John Rawls thought and gives a thorough and concise presentation of the main outlines of Rawls theory as well as drawing links between Rawls enterprise and other important positions in moral and political philosophy

Ethics in the History of Western Philosophy Robert Cavalier, James S. Gouinlock, James P. Sterba, 1989-09-18 this magnificent collection of presentations of the thought of the giants of Western ethics deserves to become a basic reference work in the field Ralph McInerney The University of Notre Dame

The Penguin History of Western Philosophy D. W. Hamlyn, 1990 D W Hamlyn presents a history of the great philosophical thinkers and their responses to the profound problems involved in trying to understand the world and our place in it

The Concept of Justice and Equality Eliane Saadé, 2015-09-25 Unless considered on a practical level where a precise distribution of social goods is chosen John Rawls's and Gerald Cohen's approaches to social justice cannot be complementary Their disagreement about justice and its principles calls for a choice which opts either for the Rawlsian theory or for the Cohenian one What is the more plausible approach to social justice This work compares both approaches and aims to defend Cohen's position in the light of two considerations It answers the philosophical question about the analysis of the idea of justice which puts the virtue of justice in its philosophical context It however presents a method everyone can apply in order

to arrive at the fundamental principles of justice by employing the power of reason. An analysis of the concept of justice based on the power of reason should seek to uncover the ultimate nature of justice which is independent of facts and of other virtues. Once exposed, the understanding of justice arrived at should inform social institutions and determine people's daily decisions. A just society is therefore a society where just persons and just institutions exhibit the virtue of justice.

Collected Papers John Rawls, 2001-03-02 Before and after writing his great treatises Rawls produced a steady stream of essays. They are important in and of themselves because of the deep issues about the nature of justice, moral reasoning, and liberalism they raise, as well as for the light they shed on the evolution of Rawls's views. *In Defense of Advertising* Jerry Kirkpatrick, 1994 A theoretical defense of advertising based on the philosophy of Ayn Rand and the economics of Ludwig von Mises. The author defends advertising because it appeals to the self-interest of consumers and promotes the profit-making gains of the capitalists.
