Understanding Sales Leases And Licenses In A Global Perspective:

Understanding Sales, Leases, and Licenses in a Global Perspective Michael Rustad, 2008 This book analyzes the full range of complex legal issues that arise from domestic and international sales leases and licenses The author outlines preventive law tactics and planning strategies for all important aspects of domestic and cross border sales leases and licenses The concepts of international contract law are illustrated through the activities of a hypothetical import export company The use of the hypothetical teaches practical as well as doctrinal principles of domestic and international contract law This book uses practical examples and explanations to compare and contrast UCC Article 2 with CISG but also places licensing and leases in a global context The book is divided into three parts so that individual instructors may select particular subjects which they wish to cover in the order of their choosing Each chapter provides helpful hints practice points and practice problems in an accessible format This comparative commercial law book is the first to provide extensive coverage of procedural cultural and localization issues in cross border commerce The book is appropriate for a course in international contract law sales and leases or comparative commercial law *Studyguide for Understanding Sales, Leases, and Licenses in a Global Perspective by Rustad, Michael J.* Cram101 Textbook Reviews, 2013-05 Never HIGHLIGHT a Book Again Includes all testable terms concepts persons places and events Cram101 Just the FACTS101 studyguides gives all of the outlines highlights and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompanies 9780872893795 This item is printed on demand **International Law of the Sale of Goods** Dr. V.V.L.N. Sastry, 2020-05-22 The process that led to the creation of the United Nations Convention on Contracts for the International Sale of Goods CISG and the convention itself have set a solid benchmark for commercial law unification since the 1980s The United Nations Commission on International Trade Law UNCITRAL formulated the CISG in an environment bedevilled by political as well as regional divisions which are typical of many of the United Nations UN bodies By and large the CISG sets down a uniform or standardised global goods sale law As at present 88 nation states have since ratified the CISG joining its global regime Arguably the CISG has succeeded markedly in moving the world towards the realisation of the largely elusive objective of standardised legal outcomes on a strictly international scale Owing to the existence of the CISG exporters are capable of steering clear of choice of law worries That is because the CISG presents conventional substantive rules that can be dependent upon by not only arbitrators but also the courts and contracting parties Clearly the CISG is a striking success **English Sales Law Vs. Vienna Convention On CISG** Dr. V.V.L.N. Sastry, 2020-05-04 This research provides an analysis of the comparison between the English sales law and the Vienna Convention on Contracts for the International Sale of Goods CISG The two laws have different features that explain the preference of commercial merchants towards the use of the English sales law It is in this context a secondary study subjected to narrative review into how do the features of the English sales law compare with the features of the CISG Act and what

competitive advantages and disadvantages do the English sales law and the CISG Act present over each other and what features distinguish English Sales Law from CISG to make international businesspersons prefer operating under the English sales law to operating under the CISG will help understand the intricacies that make English sales law a preferred choice The ambiguity of the CISG is one of the factors that reduces its attractiveness Uncertainty in the interpretation of CISG is one of the main reasons as to why it is unattractive in facilitating international commercial transactions In some instances the courts may issue contradictory interpretations of the law In addition CISG is a fragmentary law as opposed to English sales law which is a comprehensive body of law The paper also provides a recommendation on how to tackle some of the limitations inherent in CISG Lastly the findings of the study aid in improving the understanding of how best businessmen can make use of and work within the boundaries of the legal English Sales Law as well as of the CISG with an aim to bring about growth in businesses Studyguide for Understanding Sales, Leases, and Licenses in a Global Perspective by Michael J.
