Jewish Temple Theology and the Mystery of the Cross Richard J. Barry IV, 2023-10-13 On the Day of Atonement two goats were brought before the high priest at the temple One was chosen as the goat for the Lord a spotless sacrifice and the other was set aside for Azazel doomed to bear sins into the wilderness Jewish Temple Theology and the Mystery of the Cross shows how a theological appreciation for the two movements of Yom Kippur makes it possible to identify the paradox at the heart of Christian soteriology in his single atoning act Jesus Christ fulfills the work of both goats without confusion without division Appreciation for this paradox helps illuminate many of the doctrinal debates in the history of Christian soteriology and offers a compelling way forward Jewish Temple Theology and the Mystery of the Cross begins with a survey of biblical geography first a rich theological pilgrimage to Mount Zion the home of beauty goodness and truth and then to the surrounding desert the wilderness of sin and sorrow To appreciate the Yom Kippur liturgy and to understand the priestly word atonement one must be oriented by this cosmic stage Drawing on the best modern historical critical scholarship this volume reveals the wonders hidden in Leviticus and shows how a sophisticated theological interpretation of this book leads to breakthroughs in our understanding of Christ s saving work Seeing the mystery of the cross from the perspective of the ancient Jewish scriptures has surprising results For example Richard Barry shows how Hans Urs von Balthasar s controversial theology of Holy Saturday is a compelling development of Azazel goat soteriology it is not only biblically licit but is in some ways mandated by the logic of Yom Kippur At the same time David Bentley Hart is celebrated for the way he powerfully advances modern YHWH goat soteriology yet obedience to the logic of Yom Kippur also necessitates a nuanced biblical critique of his muscular universalism How can Christ fulfill the seemingly contradictory movements of both

goats in a single saving work Grappling with that question Jewish Temple Theology and the Mystery of the Cross seeks to draw nearer to the heart of the mystery of salvation The Mystical Exodus in Jungian Perspective Shoshana Fershtman, 2021-04-07 The Mystical Exodus in Jungian Perspective explores the soul loss that results from personal collective and transgenerational trauma and the healing that unfolds through reconnection with the sacred Personal narratives of disconnection from and reconnection to Jewish collective memory are illuminated by millennia of Jewish mystical wisdom contemporary Jewish Renewal and feminist theology and Jungian and trauma theory The archetypal resonance of the Exodus story guides our exploration Understanding exile as disconnection from the Divine Self we follow Moses keeper of the spiritual fire and Serach bat Asher preserver of ancestral memory We encounter the depths with Joseph touch collective grief with Lilith experience the Red Sea crossing and Miriam s well as psychological rebirth and Sinai as the repatterning of traumatized consciousness Tracing the reawakening of the qualities of eros and relatedness on the journey out of exile the book demonstrates how restoring and deepening relationship with the Sacred Feminine helps us to transform collective trauma This text will be key reading for scholars of Jewish studies Jungian and post Jungian studies feminist spirituality trauma studies Jungian analysts and psychotherapists and those interested in healing from personal and collective trauma Cover art Radiance by Elaine Greenwood Perspectives on Jewish Music Jonathan L. Friedmann, 2009-09-03 Perspectives on Jewish Music presents five unique and engaging explorations of Jewish music Areas covered include self expression in contemporary Jewish secular music the rise of popular music in the American synagogue the theological requirements of the cantor the role of women in Sephardic music and society and the personal reflections of a leading figure in American synagogue music Its wide ranging topics and disciplinary approaches give evidence for the centrality of music in Jewish religious and secular life and demonstrate that Jewish music is as diverse as the Jews themselves From these studies readers will gain an appreciation of both what Jewish music is and what it does This book will be useful for students practitioners and scholars of Jewish secular and religious music and Jewish cultural studies as well as ethnomusicologists specializing in Jewish or religious music *The Holy Spirit as Space for the Living* George C. Evans Jr., 2023-09-08 In *The Holy Spirit as Space for the Living* George Evans recognizes the significance of the Spirit in pneumatology within the New Testament emphasizing the Spirit s indwelling presence as a person However Evans notes that the functional aspect of the Spirit as the presence of God is often overlooked The Spirit not only gives life ruah but also creates space for individuals to live and thrive This spatial understanding suggests that the Spirit constructs a unique space for born again believers to inhabit leading to self awareness and a transformed lifeworld Evans adopts a spatial hermeneutic drawing inspiration from Jesus s encounter with Nicodemus to explore different spatial productions and their connection to the experience of being reborn within the space of the Spirit Through this approach he develops a concept of Christian spatiality that expands our theological understanding and highlights space as a construct shaped by the Spirit By considering the role of the Spirit in creating and shaping our lived

experience Evans unveils a deeper understanding of the transformative power of the Spirit and its impact on our spiritual journey

The Mystery of the Earth Israel Koren, 2010-01-25 Challenging the prevalent view that in order to establish his Dialogical thought Martin Buber had to forsake his earlier mystical work Israel Koren demonstrates instead that mystical paradigms serve as the foundation for Buber's dialogue and endow it with greater depth While most scholars portray Buber's dialogical thought mainly in its Western and modern philosophical background the author examines Buber's interpretation of Hasidic themes such as Devekut attachment to God among others in order to establish that his dialogical writings evolved out of his interpretation of Judaism in general his understanding of the Hasidic conception of the world and the mission of man in Hasidism in particular Buber's work is therefore shown to be original mystical neo Hasidic thought which serves as a new link in the historical chain of Jewish mysticism

The Earliest View of New Testament Tongues Maurice E. Vellacott, 2024-11-11 This book is a groundbreaking paradigm shifting look at the languages tongues problem of the first century AD Corinthian church It adduces that in a multilingual setting new converts were expressing themselves in their native dialect without translation where Koine Greek was not yet overriding all regional dialects This cuts against the idea that tongues were supernatural earthly languages an idea not found before AD 160 Vellacott also argues against the view that tongues were heavenly languages as claimed by Pentecostals Charismatics This he says is a novel trend started about 145 years ago by German higher critical scholars and seized upon after the 1906 15 Los Angeles Azusa Street Revival's supposed supernatural earthly languages proved to be a mirage whereupon a redefinition to heavenly angelic non earthly languages occurred This book soundly establishes the credibility of an ancient third view regarding tongues that they were non supernatural learned earthly languages The author endeavors to demonstrate that this is the earliest known Christian interpretation of New Testament tongues languages
