Union And Unionisms Political Thought In Scotland 1500 :

Union and Unionisms ,2008 **Union and Unionisms** Colin Kidd,2008-12-04 Although the dominant political ideology in Scotland between 1707 and the present unionism has suffered serious neglect One of the most distinguished Scottish historians of our time looks afresh at this central theme in Britain s history politics and law and traces the history of Scottish unionist ideas from the early sixteenth century to the present day Colin Kidd demonstrates that unionism had impeccably indigenous origins long predating the Union of 1707 and that it emerged in reaction to the English vision of Britain as an empire Far from being the antithesis of nationalism modern Scottish unionism has largely occupied a middle ground between the extremes of assimilation to England or separation from it At a time when the future of the Scottish union is under scrutiny as never before its history demands Colin Kidd s lucid and cogent examination which will doubtless generate major debate both within Scotland and beyond **Union and Disunion in the Nineteenth Century** James Gregory, Daniel Grey,2019-12-06 This volume examines the nineteenth century not only through episodes institutions sites and representations concerned with union concord and bonds of sympathy but also through moments of secession separation discord and disjunction Its lens extends from the local and regional through to national and international settings in Britain Europe and the United States The contributors come from the fields of cultural history literary studies American studies and legal history *Scots in Victorian and Edwardian Belfast* Kyle Hughes,2013-12-11 A new departure in Scottish and Irish migration studies The Scottish diasporic communities closest to home those which are part of what we sometimes term the near Diaspora are those we know least about Whilst an interest in the overseas Scottish diaspora has grown in recent years Scots who chose to settle in other parts of the United Kingdom have been largely neglected This book addresses this imbalance Scots travelled freely around the industrial centres of northern Britain throughout the nineteenth and early twentieth centuries and Belfast was one of the most important ports of call for thousands of Scots The Scots played key roles in shaping Belfast society in the modern period they were essential to its industrial development they were at the centre of many cultural philanthropic and religious initiatives and were welcomed by the host community accordingly Yet despite their obvious significance in staunchly Protestant Unionist and at times insular and ill at ease Belfast individual Scots could be viewed with suspicion by their hosts dismissed as strangers and cast in the role of interfering outsiders Key Features The only book length scholarly study of the Scots in modern Ireland Brings to light the fundamental importance of Scottish migration to Belfast society during the nineteenth century Advances our knowledge and understanding of Scotland s near diaspora Highlights areas of tension in Ulster Scottish relations during the Home Rule era Puts forward a new agenda for a better understanding of British in migration to Ireland in the modern period **The Cambridge Constitutional History of the United Kingdom: Volume 1, Exploring the Constitution** Peter Cane, H. Kumarasingham,2023-08-17 Featuring contributions from leading scholars of history law and politics this path breaking two volume work traces the development of

the United Kingdom's constitution from Anglo Saxon times and explores its role in the creation exercise and control of public power Chapters in Volume One entitled Exploring the Constitution approach the constitution and its history from various scholarly perspectives and provide historically sensitive discussions of constitutional actors and institutions and of political traditions and transformations of the constitution Together the two volumes form the first wide ranging history of the constitution to be published for decades By their cross disciplinary approach taking account of the latest legal political and historical scholarship on the constitution they fill a large gap in the literature of the constitution and in political thought and British history

The Max Planck Handbooks in European Public Law: Volume I: The Administrative State Sabino Cassese, Armin von Bogdandy, Peter Huber, 2017-07-25 The Max Planck Handbooks in European Public Law series describes and analyses the public law of the European legal space an area that encompasses not only the law of the European Union but also the European Convention on Human Rights and importantly the domestic public laws of European states Recognizing that the ongoing vertical and horizontal processes of European integration make legal comparison the task of our time for both scholars and practitioners it aims to foster the development of a specifically European legal pluralism and to contribute to the legitimacy and efficiency of European public law The first volume of the series begins this enterprise with an appraisal of the evolution of the state and its administration with cross cutting contributions and also specific country reports While the former include among others treatises on historical antecedents of the concept of European public law the development of the administrative state as such the relationship between constitutional and administrative law and legal conceptions of statehood the latter focus on states and legal orders as diverse as e.g. Spain and Hungary or Great Britain and Greece With this the book provides access to the systematic foundations pivotal historic moments and legal thought of states bound together not only by a common history but also by deep and entrenched normative ties for the quality of the *ius publicum europaeum* can be no better than the common understanding European scholars and practitioners have of the law of other states An understanding thus improved will enable them to operate with the shared skills knowledge and values that can bring to fruition the different processes of European integration

The Cambridge History of Ireland: Volume 4, 1880 to the Present Thomas Bartlett, 2018-02-28 This final volume in the Cambridge History of Ireland covers the period from the 1880s to the present Based on the most recent and innovative scholarship and research the many contributions from experts in their field offer detailed and fresh perspectives on key areas of Irish social economic religious political demographic institutional and cultural history By situating the Irish story or stories as for much of these decades two Irelands are in play in a variety of contexts Irish and Anglo Irish but also European Atlantic and latterly global The result is an insightful interpretation on the emergence and development of Ireland during these often turbulent decades Copiously illustrated with special features on images of the Troubles and on Irish art and sculpture in the twentieth century this volume will undoubtedly be hailed as a landmark publication by the most recent generation of historians of Ireland

Unionisms in

Times of Change Jennifer Todd, Dawn Walsh, 2021-09-05 Unions and unionisms are important because they offer an alternative form of politics to that of nation states and nationalisms They allow a wider variety of relations between a plurality of peoples opening prospects of resolving territorial politics But unionisms as state or polity centred perspectives are also typically power centred often using the resources of the polity to resist assertion by their members thereby turning democratic challenges into secessionist ones Unionisms in Times of Change Brexit Britain and the Balkans focusses on these two faces of unionisms the flexible alternative to the nation state and the assertor of central power This book is particularly timely at a period when the unions of the British Isles and of Europe have been disrupted by the process of British exit from the European Union creating new dilemmas and options for unionisms in Northern Ireland The chapters in this volume map the conceptual structure of unionisms the ways unions are defined and defended in Northern Ireland the United Kingdom the European Union the Balkans and Moldova the ways they deal with challenge conflict and change the prospects of negotiation the ways unionisms move from flexibility and accommodation to repression and back and the opportunities for agreement and conflict resolution The chapters in this book were originally published as a special issue of the Irish Political Studies

Natural and Necessary Unions Dan Robinson, 2020-09-11 Natural and Necessary Unions is a history for our time It shows that the choice between union and independence that shapes current debates about the future of the United Kingdom in the age of Brexit is a false one Against the countervailing currents of hegemony and fragmentation that range across centuries from the economic dominance of southern England and the burdens of social democracy to the rise of separatist nationalisms and European integration unionists struggled to make a union state that would protect the independence of its citizens and communities from these wider forces Natural and Necessary Unions tells the story of how the quest for autonomy shaped the history of three communities Scotland Ireland and Northumbria It charts the different choices these societies made about their relationships within the British Isles and in wider international society crystallizing in the choice that must be made again between the British and European unions From these wildly differing experiences Scotland's devolution emerges as an enviable middle ground compared to Ireland's satellite status and the hyper centralism of England Drawing on a wealth of evidence from polls to poetry and a cast of characters ranging from Edmund Burke and Gordon Brown to Gerry Adams and Alex Salmond Natural and Necessary Unions points the way to a new unionist politics for the twenty first century The Dreadful Monster and its Poor Relations Julian Hoppit, 2021-05-27 An invaluable primer to some of the underlying tensions behind contemporary political debate Financial Times It has always been an important part of British self image to see the United Kingdom as an ancient organic and sensibly managed place in striking contrast to the convulsions of other European countries Yet as Julian Hoppit makes clear in this fascinating and surprising book beneath the complacent surface the United Kingdom has in fact been in a constant often very tense argument with itself about how it should be run and most significantly who should pay for what The book takes its argument from an eighteenth century cartoon which shows the

central state as the Dreadful Monster gorging itself at the dinner table on all the taxes it can grab Meanwhile the Poor Relations Scotland Wales and Ireland both poor because of tax but also poor in the sense of needing special treatment are viewed in London as an endless drain on the state With drastically different levels of prosperity population industry agriculture and accessibility between the United Kingdom s different nations what is a fair basis for paying for the state

Studies in the Literary Imagination ,2013 **The Illusion of Freedom** Tom Gallagher,2009 Alex Salmond s Scottish National Party wants Scotland to cease being the invisible country of Europe and to embrace independence This book argues that if the British Union is demolished change will remain elusive and Scotland will continue to be run by the close knit administrative commercial and religious elites who have dominated the country Fantastical Imaginations Lizanne Henderson,2009 In Scotland the subject of the supernatural has been largely ignored by mainstream historians and academics who considered it to be irrelevant or trivial This collection of essays by some of the foremost commentators in the field seeks to redress the balance by tackling such topics as prophecy astrology witchcraft fairy belief amulets and charming Other issues include the role of the supernatural in Enlightenment Scotland in almanacs in Gaelic society and in literature folktale and legend This is a multi disciplinary volume with contributions utilizing historical literary and folkloristic methodologies and ranging in time from the late medieval period to the present day It explores the perennial fascination of how people in the past viewed their world **The Economist** ,2009 Book Review Digest ,2009 *The Writers Directory* ,2013 *The British National Bibliography* Arthur James Wells,2009 Book Review Index - 2009 Cumulation Dana Ferguson,2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year **“Das” historisch-politische Buch** Günther Franz,2009 **India and Enlightenment** Marie Fourcade,Ines G. Županov,2013 On sait la nature ambivalente des Lumi res maniant la raison comme une arme double tranchant pour d fendre la libert tout en l gitimant le colonialisme l h g monie les id es de race et on conna t l ardeur des d bats qu elles ont suscit s d hier aujourd hui Peut on parler de Lumi res indiennes comme on parle des revendications pour des Lumi res radicales botaniques orientalistes cossaises fran aises et catholiques Quel r le a t assign l Inde dans la construction de l autorit supr me europ enne des Lumi res invoqu e par les philosophes encyclopedistes sur l univers C est le projet de ce volume que de situer l Inde dans le mouvement intellectuel des Lumi res en tant que moment historique mais aussi en tant que laboratoire de pratiques pist mologiques Rendant hommage l historienne Sylvia Murr en largissant son champ d investigation ce recueil favorise de nouvelles perspectives crois es dans l interpr tation du r le des

Union And Unionisms Political Thought In Scotland 1500 : Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Union And Unionisms Political Thought In Scotland 1500 : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
