Atlantic Ten years after the most recent financial crisis there is sufficient empirical evidence to evaluate the outcomes of the bank bailouts in the US and the EU and to examine a number of cases under the EU's new bank resolution regime This book will be of interest of anyone in the field of finance banking central banking monetary policy and insolvency law

International Insolvency Law Elina Moustaira, 2018-12-31 This book presents problems that often arise in the context of international cross border insolvencies analyzes and compares national legislations and jurisprudence elucidates the solutions offered by international regional instruments and explores the differences in the implementation of these instruments by various countries and the consequences of these differences It examines in detail a number of famous and less famous cases tried by national courts in which it became readily apparent that insolvency law remains one of the bastions of national law In addition the book discusses the notion of transplanting foreign international insolvency rules and especially the influence that US insolvency law has exerted on other countries insolvency and international insolvency law Far from adopting an unrealistically optimistic stance it soberly examines the complications of cross border insolvencies while also presenting potential solutions

Government Intervention in the Reorganisation of Listed Companies in China Huimiao Zhao, 2020-01-02 Discusses the nature extent and appropriateness of government intervention in the bankruptcy of listed companies in China

Rescue of Business in Europe Bob Wessels, Stephan Madaus, European Law Institute, 2020-01-30 This edited volume is based on the European Law Institute's project The Rescue of Business in Insolvency Law which ran from 2013 to 2016 The project sought to investigate and articulate the essential features of well functioning procedures for the rescue of distressed but viable businesses Although the focus was primarily on the design and implementation of formal procedures that is those provided by law the project also required consideration of the interaction between such procedures and informal solutions to distress given the obvious cost advantages of the latter The ELI project was not confined exclusively to restructurings since these are only one possible route to maximising the value of a distressed but viable business an auction procedure in which the business is sold on a going concern basis to a new owner is one obvious alternative The ELI project encompasses various aspects of both public constitutional law and insolvency law that may have a bearing on the functionality of formal restructuring procedures
