Universal Salvation The Current Debate:

Universal Salvation? Robin A. Parry, Christopher H. Partridge, 2004-03-25 Foreword by Gabriel Fackre Will God one day save all people through Christ's atoning work That is the question at the heart of the debate in this volume a debate sure to challenge readers whatever their current perspective Featuring evangelical writers of exceptional insight and sensitivity Universal Salvation offers a conversation worth everyone's attention The volume opens with a rigorous three part defense of Christian universalism by philosopher Thomas Talbott who argues that Scripture teaches the ultimate salvation of all people including those in hell Gabriel Fackre in his foreword calls Talbott's work the most thoughtfully wrought argument for universalism to date from within the contemporary evangelical community The rest of the book gathers incisive responses to Talbott by Christian scholars from different disciplines who evaluate the strengths and weaknesses of Talbott's arguments take his thought in new directions or explain why they think he is mistaken Talbott then responds to his critics The aim of this volume is not to persuade people that universalism is true but to open up a fairer debate on a controversial subject of continuing importance to theologians and nontheologians alike By exploring universal salvation from biblical philosophical theological and historical perspectives the book helps readers think through the issues more carefully than has been possible with resources previously available

A Catholic Reading Guide to Universalism Robert Wild, 2015-08-14 This reading guide to some of the philosophical and theological literature on universalism offers practical help in providing informed material on a topic that is often treated in a superficial and unenlightened manner The reader may be surprised to learn that universalism was the predominant belief in the early centuries and that it has always been present in the Christian tradition Spurred on by Von Balthasar's book *Dare We Hope That All Men Be Saved* Robert Wild's guide provides current studies that support Von Balthasar's arguments that universalism is a legitimate hope for the Christian

A Debate on the Doctrine of Universal Salvation Enoch Merrill Pingree, 1845

The Evangelical Universalist Gregory MacDonald, 2012-05-11 Can an orthodox Christian committed to the historic faith of the church and the authority of the Bible be a universalist Is it possible to believe that salvation is found only by grace through faith in Christ and yet to maintain that in the end all people will be saved Can one believe passionately in mission if one does not think that anyone will be lost forever Could universalism be consistent with the teachings of the Bible Gregory MacDonald argues that the answer is yes to all of these questions Weaving together philosophical theological and biblical considerations MacDonald seeks to show that being a committed universalist is consistent with the central teachings of the biblical texts and of historic Christian theology This second edition contains a new preface providing the backstory of the book two extensive new appendices a study guide and a Scripture index

Eternal Blessedness for All Anette I Hagan, 2014-01-30 *Eternal Blessedness for All* shows how the acclaimed father of modern theology Friedrich Schleiermacher brilliantly approached this problem It took many twists and turns of historical and philosophically minded analyses however for him to get to a theologically appropriate answer This book unpacks those efforts

in manageable form based on a close examination of a pivotal 1819 essay On the Doctrine of Election his masterpiece Christian Faith sermons and other related sources Schleiermacher was the first modern theologian of stature to endorse the universal restoration of all humanity This study also displays the historical ecumenical and doctrinal contexts in which his views were fashioned

Jesus the Everlasting Hope of Humankind Don Elijah Eckhart, 2018-09-17 Jesus the Everlasting Hope of Humankind Biblical Theology Prompted by Visions and Dreams from the Holy Spirit begins with a vision that came to Don Eckhart of two persons one a Spirit filled Christian and the other in the lake of fire The vision depicts Jesus saving the desperate one crying out for mercy Eckhart enrolled in seminary where he studied the Bible and the history of Christian theology especially eternal punishment a topic seldom examined since Augustine in the fifth century Uniquely unfolding in the book are visions and dreams prompting an insightful study of Scripture and a biblical theology developed as the hope of Christ mediated salvation for all The effects are far reaching but not complicated This coherent theology includes afterlife correction and purification for nonbelievers as well as for believers who never fully devoted to Jesus Christ This purification compares to Catherine of Genoa s vision in the early sixteenth century The book demonstrates how God s desire that all be saved can be accomplished according to Scripture God s sovereignty and human free will coalesce as every tongue joyfully confesses that Jesus Christ is Lord The Good News may be even better than we thought

Laws of the Spiritual Order Don Horrocks, 2007-01-01 The name of Thomas Erskine is one of the more significant landmarks on the map of nineteenth century British theology Erskine though is little read these days and there has long been a need for an in depth authoritative treatment of his thought in order to rekindle our interest Don Horrocks has provided just such a study Horrocks focus on Erskine s soteriology opens up distinctive perspectives on a raft of key theological themes from the doctrine of God to the nature of faith and religious experience and the authoritative sources for theology In addition this informative study captures the mood of that early mid nineteenth century intellectual milieu which Erskine s thought both embodies and transcended Unmatched in its analysis and evaluation of Erskine s contribution Trevor Hart Professor of Divinity St Mary s College University of St Andrews Scotland Don Horrocks is a born researcher who writes with clarity and interest This book is a splendid contribution to the growing conversations concerning previously neglected theologians Thomas Erskine s precocity has come of age and I can think of no better a presentation of his context and theology than that offered by Horrocks Graham McFarlane Lecturer in Systematic Theology London School of Theology UK Thomas Erskine is one of the seminal but neglected theologians of nineteenth century Scotland In his study Don Horrocks introduces us to Erskine s thought in a thematic way that is at once lucid scholarly and stimulating It should be on the bookshelf of every serious student of the period Nick Needham Lecturer in Church History Highland Theological College Dingwall Scotland Don Horrocks work provides a searching analysis of this key nineteenth century theologian It is likely to be the first recourse on the subject for many years to come Meic Pearse Associate Professor of History Houghton College Don Horrocks spent twenty five years in

A Journey with Two Mystics Matthew J. Distefano, Michael Machuga, 2017-03-28 Having a careful ear and an open heart is vital to understanding the big ideas of the Universe Two friends Distefano and Machuga put this on display here vulnerably exploring some of humanity s most robust topics what it means to be human what it means to be saved what it means to be lost and what the meaning of life is And while the authors agree on many things including the ultimate fate of humanity they do not necessarily agree on all the details of how we get there But instead of agreeing to disagree they model for their readers what conversations of this variety should look like agreement with a little pushback and even some poking fun at one another from time to time So as Distefano advises take your time and enjoy these discussions They are transparent and hopeful refreshingly liberating and are imbued with complete awe toward the goodness of the Creator and her creation

The Love of God John C. Peckham, 2015-07-28 Theology has constantly wrestled with the nature of God s love and what it means for how God relates to the world In this comprehensive canonical theology of divine love John C Peckham argues for an account that avoids the errors of both voluntarist and experientialist theologies and faithfully represents the full biblical witness

Artman,2020-04-17 Grace is amazing About this all Christians agree Yet nearly all forms of Christianity put significant limits on grace Those forms of Christianity which proclaim grace alone actually saves typically don t believe God gives grace to everyone while those forms of Christianity which proclaim God gives grace to everyone typically don t believe grace alone actually saves Must grace either be that which saves alone but doesn t go to all or that which goes to all but doesn t save alone In Grace Saves All David Artman argues that grace saves alone and goes to all This inclusive approach to Christianity is variously called universal reconciliation universal salvation or perhaps most accurately Christian universalism He contends that the inclusive Christian universalist approach is necessary because it offers the only Christian theology which successfully defends the goodness of God For it logically follows that if God is all good all knowing and all powerful then God must also be all saving Often dismissed as a modern feel good theology Christian universalism is an ancient orthodox and biblical theology which was expounded by early Christians and early church fathers Artman brings much deserved attention to this wonderful spirituality **Human Freedom, Divine Knowledge, and Mere Molinism** Timothy A.

Stratton,2020-10-02 Does humanity possess the freedom to think and act or are we always caused and determined to think and act exactly how we think and act by things outside of our control If we are always causally determined to think and act by things outside of our control then how can humans be genuinely responsible for any of our thoughts or following actions However if humanity is genuinely free and responsible for at least some of our thoughts and actions then how can the Christian rationally affirm the doctrine that God is totally sovereign and predestines all things In Human Freedom Divine Knowledge and Mere Molinism Timothy A Stratton surveys the history of theological thought from Augustine to Edwards and reaches surprising historical conclusions supporting what he refers to as limited libertarian freedom Stratton goes further to offer multiple arguments appealing to Scripture theology and philosophy that each conclude humanity does in fact possess libertarian freedom He then appeals to the work of Luis de Molina and offers unique arguments concluding that God

possesses middle knowledge If this is the case then God can be completely sovereign and predestine all things without violating human freedom and responsibility *Paul's Letter to the Romans* Arland J. Hultgren, 2011-05-16 Building on his own translation from the Greek Hultgren walks readers through Romans verse by verse illuminating the text with helpful comments probing into major puzzles and highlighting the letter's most inspiring features He also demonstrates the forward looking missional character of Paul's epistle written as Hultgren suggests to introduce Roman Christians to the major themes of Paul's theology and to inspire in them both confidence in the soundness of his teaching and support for his planned missionary efforts in Spain *Love Divine* Jordan Wessling, 2020-06-02 Love Divine provides a systematic account of the deep and rich love that God has for humans While the associated theological territory is vast the objective is to contend for a unified paradigm regarding fundamental issues pertaining to the God of love who deigns to share His life of love with any human willing to receive it Realizing this objective includes clarifying and defending specific conclusions concerning how the doctrine of divine love should be approached what God's love is what role love plays in motivating God's creation and subsequent governance of humans how God's love of humans factors into His emotional life which humans it is that God loves in a saving manner what the punitive wrath of God is and how it relates to God's love for humans and how it might be possible for God to share the intra trinitarian life of love with human beings As the book unfolds the chapters interlock and build upon one another in the effort to trace nodal issues related to God's love as it begins in Him and then spills out in the creation redemption and glorification of humanity a kind of exitus reditus structure that is driven by the unyielding love of God *Why Hell?* Steve Gregg, 2024-06-04 Most people believe that hell is the final state of the condemned following the final judgment At the same time many people cannot comprehend why God created hell for the unsaved Respected church fathers held a variety of views dating back to the early centuries of the church This book explains views on why hell exists unending suffering the annihilation of the unrepentant and the rehabilitation of the lost Most Christians are unaware of the scriptural basis for each of these positions Why Hell is meant to educate the interested reader without advocating for any one point of view The following are some of the book's features Biblical vocabulary of hell and positions held throughout early Christian history Positive cases presented on three perspectives traditionalist conditionalist and restorationist Critiques of each view Helpful charts at the back of the book that summarize and cross examine the arguments for each view Steve Gregg provides food for thought for both trained theologians and serious Christian readers who want all the data and then consider for themselves the consequences of three Christian perspectives on hell *All You Want to Know About Hell* Steve Gregg, 2013-11-12 All You Want to Know About Hell breaks down the three most popular views on hell and tells us what the Bible really says about this terrifying and mystifying place It is an undeniable fact that the very concept of hell is shrouded in mystery We know what books and movies tell us hell is like but we're left with so many questions Is hell simply a place where sinners are sent to suffer for their sins or is it more than that How could a loving God send anyone to hell Does the Bible give

us a clear and consistent picture of hell What does the existence of hell tell us about God s character Steve Gregg author of Revelation Four Views will take you on a tour of the three most popular views on hell and walk you through a clear explanation of what Scripture really says From the traditional view of hell as a place of eternal torment to the early Christian view that hell is a place of suffering intended to purge sin and to bring about repentance no other book gives such in depth biblical insight into the truths about hell that are hidden in all the hype All You Want to Know About Hell is an accessible and interesting read for laypeople pastors and scholars alike **The Divine Embrace (Ancient-Future)** Robert E.

Webber,2006-10-01 One of the most popular current views on spirituality is that there are varied paths to God In this new Ancient Future series book Bob Webber evaluates this common misunderstanding of spirituality as separated from God s story extremely self focused and shaped by our surrounding culture This challenging work offers a corrective calling us to an alternative Christian spirituality one that reveals two sides that of God s divine embrace of us and our passionate response The Divine Embrace is a fresh grounded look at true spirituality that will be embraced by pastors thinking Christians and anyone looking for an engaging and thorough treatment of this topic **Doctrine of the Eons** Paige-Patric J. D.

Samuels,2019-06-13 The Doctrine of the Eons God s Immutable Plan is an account of how God will bring about the salvation and reconciliation of all mankind Each chapter provides a theological account of how this will be accomplished including dispelling common myths about God and focusing on the meaning of the word immutable This leads to a discussion of the Hebrew and Greek definitions of eon and eternal and we discover that neither the Old nor the New Testament uses the word eternal Eternal tends to refer to an indefinite amount of time whereas eon is more definite the latter term is primarily used when the Bible talks about the end times Finally the doctrine of universal salvation is presented arguing that God will have all men be saved and that he will eventually reconcile all creation Relationship Is the Transformative Space Darryl

Wooldridge,2016-02-09 This book affirms relationship as the shared human elemental pursuit and proposes relationship as the transformative space Wonderfully the author asserts it is God s intention to fulfill this intrinsic human desire in the present in all of us and universally This desire is an often inarticulate innate desire and pursuit to enjoy and reflect the divine image in which every human being was created In this book this pursuit is referred to as proleptic spiritual transformation Pr ST That is this book demonstrates that what is too often relegated to eternity is available now Relationship is the Transformative Space considers God s heart in relationship and its implication toward human spirituality and how this intent has been interrupted and restored God is actively interested in the recovery of a fully expressed image in humanity
