Pamphlets Including Serials and Contributions to Periodicals January December **Modernity at the Movies** Camila Gatica Mizala, 2023-06-27 Cinema can both reflect the world as it is and offer escape from it In *Modernity at the Movies* Camila Gatica Mizala explores the ideas of reflection versus escapism and examines how modes of understanding the current moment emerged through the practice of going to the movies in Santiago and Buenos Aires between 1915 and 1945 Using cinema and variety magazines published in both cities she analyzes the technology architecture attendance behavior language censorship and overall experience of cinema going These publications regularly engaged with important topics such as morality and urbanization and helped build a cinematographic audience Gatica Mizala brings together the perception

and reception of cinema as a modern art form shifting the focus from the production of films to the experience of the audience when viewing them By focusing on the audience instead of the films this study is able to articulate the ways that cinema as a modern activity was incorporated into everyday life and discuss what it meant to be modern in early to midcentury Latin America

Bullfighting John McCormick, 2017-07-05 Ernest Hemingway best known to layman and aficionado alike in his fiction described bullfighting or toreo as a cross between romantic risk and a drunken party or as an elaborate substitute for war ending in wounds or death Although his descriptions of the beauty in toreo are lyrical they are short on imaginative creation of how such beauty through techniques and discipline comes about Hemingway may have sculpted a personal mystique of toreo but in the opinion of some he ignored or slighted the full unique nature of the subject In *Bullfighting Art Technique and Spanish Society* John McCormick sorts through the complexities of toreo to suggest the aesthetic social and moral dimensions of an art that is geographically limited but universal when seen in round While having felt the attraction of Hemingway's approach McCormick knew that he was being seduced by elements that had little to do with toreo To try to right Hemingway's distortions he named the first edition of this book *The Complete Aficionado* but then realized that the volume was directed at more than just the spectator *Bullfighting* is written from the point of view of the torero as opposed to the usual spectator's impressions and enthusiasm With the help of a retired matador de toros Mario Sevilla Mascarenas who taught McCormick the rudiments of toreo as well as the emotions and discipline essential to survival the authors rescue toreo from romantic clichés They probe the anatomy of the matador's training and technique provide a past and present survey of the traditions of the corrida and furnish dramatic portraits of such famous figures as Manolete Joselito Belmonte and Ordóñez Here then is an informed analysis and critique of the origins and myths of toreo and a survey of the novels it has inspired

Bullfighting, Ernest Hemingway best known to layman and aficionado alike in his fiction described bullfighting or toreo as a cross between romantic risk and a drunken party or as an elaborate substitute for war ending in wounds or death Although his descriptions of the beauty in toreo are lyrical they are short on imaginative creation of how such beauty through techniques and discipline comes about Hemingway may have sculpted a personal mystique of toreo but in the opinion of some he ignored or slighted the full unique nature of the subject In *Bullfighting Art Technique and Spanish Society* John McCormick sorts through the complexities of toreo to suggest the aesthetic social and moral dimensions of an art that is geographically limited but universal when seen in round While having felt the attraction of Hemingway's approach McCormick knew that he was being seduced by elements

that had little to do with toreo To try to right Hemingway's distortions he named the first edition of this book *The Complete Aficionado* but then realized that the volume was directed at more than just the spectator Bullfighting is written from the point of view of the torero as opposed to the usual spectator's impressions and enthusiasm With the help of a retired matador de toros Mario Sevilla Mascarenas who taught McCormick the rudiments of toreo as well as the emotions and discipline essential to survival the authors rescue toreo from romantic clichés They probe the anatomy of the matador's training and technique provide a past and present survey of the traditions of the corrido and furnish dramatic portraits of such famous figures as Manolete Joselito Belmonte and Ordóñez Here then is an informed analysis and critique of the origins and myths of toreo and a survey of the novels it has inspired Defending the faith in a lively as well as clear and discerning manner this volume provides a committed and vivid approach to the rich history ritual and symbolism of the bullfight as it currently exists *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965-70
