Tort Law In America Tort Law In America

Kermit L. Hall

Tort Law In America Tort Law In America:

Tort Law in America G. Edward White, 1985-02-21 Widely regarded as a standard in the field G Edward White's *Tort Law in America* is a concise and accessible history of the way legal scholars and judges have conceptualized the subject of torts the reasons that changes in certain rules and doctrines have occurred and the people who brought about these changes Now in an expanded edition *Tort Law in America* features a new preface that places the book within the current scholarship and two new chapters covering developments in American tort law over the past fifteen years White approaches his subject from four perspectives intellectual history the sociology of knowledge the phenomenon of professionalization in the late nineteenth and early twentieth centuries in America and the recurrent concerns of tort law since its emergence as a discrete field He puts the intellectual history of this unique branch of law into the general picture of philosophy sociology and literature in what is not only a major work of legal scholarship but also a tour de force for anyone interested in American intellectual history

Tort Law in America Edward G. White, 1985 This history of tort law in America looks at how the subject has been conceptualized pointing out why changes in rules occurred and who did the changing White approaches his subject from four perspectives intellectual history the sociology of knowledge the phenomenon of professionalization in the late 19th and 20th centuries in America and the recurrent concerns of tort law since it became a discrete field

Tort Law in America G. Edward White, 2003-03-27 Widely regarded as a standard in the field G Edward White's *Tort Law in America* is a concise and accessible history of the way legal scholars and judges have conceptualized the subject of torts the reasons that changes in certain rules and doctrines have occurred and the people who brought about these changes Now in an expanded edition *Tort Law in America* features a new preface that places the book within the current scholarship and two new chapters covering developments in American tort law over the past fifteen years White approaches his subject from four perspectives intellectual history the sociology of knowledge the phenomenon of professionalization in the late nineteenth and early twentieth centuries in America and the recurrent concerns of tort law since its emergence as a discrete field He puts the intellectual history of this unique branch of law into the general picture of philosophy sociology and literature in what is not only a major work of legal scholarship but also a tour de force for anyone interested in American intellectual history

Tort Law in American History Kermit L. Hall, 1987 This work is a collection of essays on the growth of tort law concepts of negligence fault and liability in response to the industrialization of the nineteenth century The articles assess the distributive economic consequences of tort law and its effectiveness in protecting average citizens

Tort Law in the United States H. Beau Baez III, 2023-07-20 Derived from the renowned multi volume *International Encyclopaedia of Laws* this book provides ready access to how the legal dimension of prevention against harm and loss allocation is treated in the the United States This traditional branch of law not only tackles questions which concern every lawyer whatever his legal expertise but also concerns each person's most fundamental rights on a worldwide scale Following a general introduction that probes the

distinction between tort and crime and the relationship between tort and contract the monograph describes how the concepts of fault and unlawfulness and of duty of care and negligence are dealt with in both the legislature and the courts The book then proceeds to cover specific cases of liability such as professional liability liability of public bodies abuse of rights injury to reputation and privacy vicarious liability liability of parents and teachers liability for handicapped persons product liability environmental liability and liability connected with road and traffic accidents Principles of causation grounds of justification limitations on recovery assessment of damages and compensation and the role of private insurance and social security are all closely considered Its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable resource for lawyers the the United States Academics and researchers will also welcome this very useful guide and will appreciate its value not only as a contribution to comparative law but also as a stimulus to harmonization of the rules on tort

Torts John C. P. Goldberg, Benjamin Charles Zipursky, 2010 Christina Brooks Whitman Francis A Allen Collegiate Professor of Law University of Michigan Law School

Tort Law - The American and Louisiana Perspectives, Third Revised Edition Frank L. Maraist, John M. Church, William R. Corbett, 2017-07-31 Tort Law The American and Louisiana Perspectives Second Edition has as its primary objective a study of tort law in the United States and Louisiana It differs from most other torts casebooks however in that it has a secondary objective of providing an exercise in comparative law In the United States we often overlook the fact that the common law system that prevails in our nation is not the only legal system in the world Much of the world applies a civil law approach in which a civil code has a more prominent role than case law In a world in which trade and economics politics and law cross national borders it has become increasingly important to be aware of and conversant in other nations legal systems Louisiana the only state in the United States that can be described as a mixed jurisdiction using both civil law and common law provides an excellent model for examining and comparing and contrasting civil law and common law approaches to various legal issues This book invites the reader to both study tort law and consider the differences and similarities between the common law states and a state that has a civil code and views the role of the courts and the legislature somewhat differently

Studies in American Tort Law Vincent R. Johnson, Alan Gunn, 1994 Studies in American Tort Law introduces students to but is careful not to overwhelm them with law and economics At appropriate junctures economic issues are explored as in connection with the negligence balancing test and the materials on damages nuisance and strict liability The goal is not to view all of tort law through an economic lens but to employ economic analysis when it is particularly useful This approach allows professors from the law and economics school to use the materials in the text as a starting point for classroom discussions those who eschew economic analysis can allow the economic commentary to stand on its own

Teaching Torts Vincent R. Johnson, 2005 Written for teachers of tort law using Studies in American Tort Law this teacher s manual offers a rich and perceptive look at the complexities of teaching tort law Johnson offers useful summaries of leading cases intriguing hypotheticals and a

comprehensive analysis of the law of torts as a whole This book is a valuable teaching guide that will be useful to tort law professors of all persuasions Teaching Torts is available only to professors of law who are teaching first year torts and only in conjunction with Studies in American Tort Law Publisher s website **Fundamentals of American Law** New York University. School of Law,1996 The American legal system today is the most significant in the world yet until the publication of Fundamentals of American Law there has been no book that provides both the basic rules on the theoretical understanding necessary to comprehend This book is not simply the work of a single author but a collection of especially written essays each by an expert in the field all of whom are on the faculty of New York University School of Law which is recognized as one of the elite law schools in America and which offers this book as an element of its unique Global Law School Programme The book is written specifically for foreign lawyers and law students who have a need to deal with American Law generally but are not seeking to become specialists in any one area For them it is vital to understand the basic principles of a wide range of American legal fields so they can act as informed intermediaries between their public or private clients and their American counterparts The book not only provides the reader with a solid foundation in American law but will also serve as a basic reference book for the fundamentals even as some of the details change over the years Although initially conceived to fill a void for foreign lawyers the book is also ideally suited for others who have a significant need to understand the basic principles of American Law and to interact with American lawyers For this reason it will be an ideal course text for students of business accountancy political science or public administration where the enquiring student will constantly find intersections with the law The book is more than a compendium of legal principles Each chapter explains not only what the law is but why it is that way It sets forth the policy considerations in institutional factors that produce a particular law so the reader can make an independent judgement about its wisdom and perhaps its adaptability to other cultures *The Character of Early American Tort Law* Gary T. Schwartz,University of Toronto. Faculty of Law,1986 **Tort Law** Frank L. Maraist,John M. Church,William R. Corbett,2012 Tort Law The American and Louisiana Perspectives Second Edition has as its primary objective a study of tort law in the United States and Louisiana It differs from most other torts casebooks however in that it has a secondary objective of providing an exercise in comparative law In the United States we often overlook the fact that the common law system that prevails in our nation is not the only legal system in the world Much of the world applies a civil law approach in which a civil code has a more prominent role than case law In a world in which trade and economics politics and law cross national borders it has become increasingly important to be aware of and conversant in other nations legal systems Louisiana the only state in the United States that can be described as a mixed jurisdiction using both civil law and common law provides an excellent model for examining and comparing and contrasting civil law and common law approaches to various legal issues This book invites the reader to both study tort law and consider the differences and similarities between the common law states and a state that has a civil code and views the role of the courts

and the legislature somewhat differently The Oxford Companion to American Law ,2002 *Tort Law - The American and Louisiana Perspectives, Fourth Edition* Frank L. Maraist, John M Church, William R Corbett, 2023-08-08 Tort Law The American and Louisiana Perspectives Fourth Edition has as its primary objective a study of tort law in the United States and Louisiana It differs from most other torts casebooks however in that it has a secondary objective of providing an exercise in comparative law In the United States we often overlook the fact that the common law system that prevails in our nation is not the only legal system in the world Much of the world applies a civil law approach in which a civil code has a more prominent role than case law In a world in which trade and economics politics and law cross national borders it has become increasingly important to be aware of and conversant in other nations legal systems Louisiana the only state in the United States that can be described as a mixed jurisdiction using both civil law and common law provides an excellent model for examining and comparing and contrasting civil law and common law approaches to various legal issues This book invites the reader to both study tort law and consider the differences and similarities between the common law states and a state that has a civil code and views the role of the courts and the legislature somewhat differently Economic Analysis of Tort and Products Liability Law Jenny Bourne Wahl, 1998 First published in 1999 Routledge is an imprint of Taylor Francis an informa company *The American Tort Process* John G. Fleming, 1988 This book is a penetrating account of the singular way in which the American tort system has evolved and works today Drawing on years of international experience Fleming discusses such topics as judicial activism the jury in civil trials trial lawyers contingent fees and mass litigation *Studies in American Tort Law* VINCENT. JOHNSON, Chenglin Liu, 2018-07-25 Health Care Politics and Policy in America Kant Patel, 1995 Fully updated for this new edition Health Care Politics and Policy in America combines background and context for the evolution of U S health care policy with analysis of recent trends and current issues The book introduces public policy students to the complex array of health care issues and health care professionals to the study of public policy It provides comprehensive coverage of policy issues related to health care at the federal state and provider patient levels from Medicare and Medicaid funding and managed care to medical liability law and ongoing debates over the beginning of life and end of life decisions Health Care Politics and Policy in America successfully integrates political ethical economic legal technological and medical factors in an issue focused survey of U S health care policy It includes a chronology of health care policy related events and legislation from 1798 through 2005 and an appendix comparing medical malpractice tort laws state by state **A Companion to American Legal History** Sally E. Hadden, Alfred L. Brophy, 2013-02-22 A Companion to American Legal History presents a compilation of the most recent writings from leading scholars on American legal history from the colonial era through the late twentieth century Presents up to date research describing the key debates in American legal history Reflects the current state of American legal history research and points readers in the direction of future research Represents an ideal companion for graduate and law students seeking an introduction to the field the key questions and future research ideas **American**

Law and Legal Systems James V Calvi, Susan Coleman, 2015-07-22 American Law and Legal Systems examines the philosophy of law within a political social and economic framework with great clarity and insight Readers are introduced to operative legal concepts everyday law practices substantive procedures and the intricacies of the American legal system Eliminating confusing legalese the authors skillfully explain the basics from how a lawsuit is filed to the final appeal This new edition provides essential updates to forensic and scientific evidence contract law family law and includes new text boxes and tables to help students understand remember and apply central concepts
