Stay Organized André Iland, 2013-01-22 Don t think you need personal organization You prefer your sloppy ways to keeping things spick and span Are you sure There is a lot that personal organization can do for you Wondering what it can help you with Actually it can ease out a whole bunch of issues in your life Such as better time management boosting productivity and pepping up your energy levels Moreover it can also lower your stress and anxiety levels helping you maintain a relaxed state of mind Personal organization involves budgeting time spending your day wisely and incorporating habits that will impact your life positively This type of self discipline will help you become more effective You will be able to give each day your best shot if you stay organized Most bigwigs swear by personal organization and take things in their work and personal life very seriously One mistake people make is to think that self organization is limited only to office hours But this is a false notion and it can also backfire Staying organized at home also helps to save time and will help you to stay on top of things in office too When you manage things and tasks at home you will have more leisure time and therefore will be better equipped to handle the various jobs life throws at you
