Tourism in Latin America

Cases of Success

This book presents ten case studies of success about Latin America tourism. The cases are embedded in a framework describing the economic and cultural foundations of tourism development in the continent. Mexico, Brazil, Chile and Costa Rica are some of the Latin countries which have become examples and models for tourism development, respect for the environment and social inclusion. The book documents some of the best practices, along with an analysis of how these practices helped improving the environmental and social surroundings and how returns on investments has been assessed. Latin America is shown as an excellent example, with the Green Domestic Product of the continent expanding intensely in the tertiary sector (like leisure, hospitality, travel, tourism, entertainment, gastronomy, events and indoor and outdoor recreation). This book is a valuable resource both for professionals in the tourism industry and for researchers in tourism management.

Tourism In Latin America Cases Of Success:

Tourism in Latin America Alexandre Panosso Netto, Luiz Gonzaga Godoi Trigo, 2014-09-04 This book presents eleven case studies of success about Latin America tourism. The cases are embedded in a framework describing the economic and cultural foundations of tourism development in the continent. Mexico, Brazil, Chile, and Costa Rica are some of the Latin countries which have become examples and models for touristic development, respect for the environment, and social inclusion. The book showcases some of the best practices along with an analysis of how these projects helped improving the environmental and social surroundings and how return on investments has been ensured. Latin America is shown as an excellent example with the Gross Domestic Product of the continent expanding intensely in the tertiary sector like leisure, hospitality, travel, tourism, entertainment, gastronomy, events, and indoor and outdoor recreation. This book is a valuable resource both for professionals in the tourism industry and for researchers in tourism management. *Tourism Case Studies Latin America Region*

Thiago Allis, Sandro Carnicelli, 2024-11-21 Latin America is a complex mosaic of nations, people, and landscapes with unique cultural, scenic, and economic resources but with no more than 6% of global international tourist arrivals. World Bank 2019. The region hosts several top international destinations such as the Caribbean islands and the sacred city of the Incas, Machu Picchu, Peru. Cities like São Paulo and Mexico City are internationally known for their Meetings, Incentives, Conferences, and Exhibitions (MICE) sector. Galapagos, Ecuador, and Fernando de Noronha, Brazil, are areas of significant ecological importance. However, even if some of the destinations are well known internationally, the region is still seen as an untouched source for tourism at global and regional scales. Moreover, the region is still underrepresented in international tourism literature and content for pedagogical and educational purposes is still limited. This gap needs to be filled to help inform tourism developments and to better educate the next generation. This can help shift students and practitioners away from an over dependence on models and ideas developed and tested in different social and cultural settings that may not be appropriate for a Latin American context. Therefore, this book aims to bring together researchers, students, practitioners, and other agents involved with research, teaching, and the operation of tourism to share their research and work experiences in Latin America in the form of case studies focusing on real world examples. **Tourism Planning and Development in Latin America**

Carlos Monterrubio, Konstantinos Andriotis, Dimitrios Styliadis, 2020-06-16 Despite the significance of tourism to the economic, social, and environmental structures of Central and South America, little has been documented in the English literature about tourism in this sub region which in terms of population size ranks fourth in the world with 652 million inhabitants. The first of its kind, this book focuses exclusively on tourism development, planning, and their impacts in a wide number of Central and South American countries. It covers experiences, challenges, successful and unsuccessful stories, specific cases, and other tourism related issues of twelve countries in total. Each chapter is authored by scholars who have done extensive research on tourism in the countries covered. **Cultural Tourism in Latin America**

Michiel Baud, Annelou Ypeij, 2009-06-02 Cultural tourism has become an important source of revenue for Latin American countries especially in the Andes and Meso America Tourists go there looking for authentic cultures and artefacts and interact directly with indigenous people Cultural tourism therefore takes place in close engagement with local societies This book analyse the effects of cultural tourism and the processes of change it provokes in local societies It analyses the intricacies of informal markets the consequences of enforcing tourist policies the varied encounters of foreign tourists with local populations and the images and identities that result from the development of tourism The contributors convincingly show that the tourist experience and the reactions to tourist activities can only be understood if analysed from within local contexts Contributors Michiel Baud Annelou Ypeij Lisa Breglia Quetzil E Casta eda Ben Feinberg Carla Guerr n Montero Walter E Little Keely B Maxwell Lynn A Meisch Zoila S Mendoza Alan Middleton Beatrice Simon Griet Steel Gabriela Vargas Cetina Tourism in Latin America especially the sort of cultural tourism that plays to desires for authentic experiences has become a key foreigner currency earner for many countries This important volume examines the impact of tourism across the region providing a rich survey of the range of experiences and teasing out the theoretical implications From the almost surreal Mi Pueblito theme park in Panama to mushroom hunting tourists in Oaxaca to the eco trail leading to Machu Pichu these chapters present compelling cases that speak to identity formation nationalism and economic impacts As the contributors show benefits are differentially accrued to various actors and often not to the communities that tourists come to see Yet the contributors also make it clear that in struggles over ownership authenticity and political representation local communities actively shape the contours and meanings of tourism at times successfully leveraging cultural capital into economic gains Edward F Fischer Director Center for Latin American Studies Vanderbilt University [The Tourist Places of the World](#) Philippe Violier, Benjamin Taunay, 2020-02-19 Formerly a largely Western practice leisure travel is today the most dynamic industry in the world in terms of growth Developments in transport and communication systems mean tourism is now an integral part of our understanding of the world and involved in the exponential increase of links between societies and different cultures The Tourist Places of the World has comprehensive data on the number of international visitors annually It also includes an original map not dictated by country but by major tourist areas and places The hierarchy of destinations drawn is highlighted by the different levels of popularity and passenger flows from the universal places where all societies meet to the still unfrequented places Beyond the recognition of global tourism the challenge is to understand how and why societies can achieve a better life through sustainable development which encompasses social economic and environmental dimensions **Successful Case Studies in the Canary Islands' Tourism Industry** Rosa M. Batista Canino, Teresa Aguiar Quintana, 2017-08-21 This book offers an interesting overview of good practices in the tourism industry Its main strength is that its focus is not solely limited to hotels rather it provides several snapshots of the way economic activities of various different natures have been properly managed in order to make the Canary Islands a successful symbol

of integrated tourist supply for a range of customers Each case study provided here offers particular insights into the way local resources including physical environmental human and entrepreneurial factors have been exploited in order to boost tourism The book can also serve as a reference tool for those who are thinking about improving their business or starting a new one

The Routledge Handbook of Community Based Tourism Management Sandeep Kumar Walia, 2020-12-21 This Handbook offers an up to date and comprehensive overview of core themes and concepts in community based tourism management Providing interdisciplinary insights from leading international scholars this is the first book to critically examine the current status of community based tourism Organised into five parts the Handbook provides cutting edge perspectives on issues such as Indigenous communities tourism and the environment sustainability and the impact of digital communities Part 1 introduces core concepts and methodologies and distinguishes community products from other tourism and hospitality goods Part 2 explores communities attitudes towards tourism development and their engagement with and ownership of the process It also delves into the role of community based tourism under the influence of governmental policies in the economic and social development of a region In Part 3 various management marketing and branding initiatives are identified as a means of expanding the tourism business Part 4 examines the negative impacts of mass tourism and its threats to culture tradition identity the built environment and natural heritage In the final and fifth part future challenges and opportunities for community based tourism initiatives are considered and research based sustainable solutions are proposed Overall the book considers engaging local populations in tourism development as a way of building stronger and more resilient communities This Handbook fills a void in the current research and thus will appeal to scholars students and practitioners interested in tourism management tourism geography business studies development policy and practice regional development conservation and sustainability

From Temporary Migrants to Permanent Attractions Carla Guerrón Montero, 2020-06-30 A new reading of Panama's nation building process interpreted through a lens of transnational tourism Based on long term ethnographic and archival research *From Temporary Migrants to Permanent Attractions* Tourism Cultural Heritage and Afro Antillean Identities in Panama considers the intersection of tourism multiculturalism and nation building Carla Guerrón Montero analyzes the ways in which tourism becomes a vehicle for the development of specific kinds of institutional multiculturalism and nation building projects in a country that prides itself on being multiethnic and racially democratic The narrative centers on Panamanian Afro Antilleans who arrived in Panama in the nineteenth century from the Greater and Leeward Antilles as a labor force for infrastructural projects and settled in Panama City Colón and the Bocas del Toro Archipelago The volume discusses how Afro Antilleans particularly in Bocas del Toro have struggled since their arrival to become part of Panama's narrative of nationhood and traces their evolution from plantation workers for the United Fruit Company to tourism workers Guerrón Montero notes that in the current climate of official tolerance they have seized the moment to improve their status within Panamanian society while also continuing to identify with their Caribbean heritage in
