Tourism Mobility And Second Homes Tourism Mobility And Second Homes:

Tourism, Mobility, and Second Homes Colin Michael Hall,Dieter K. Müller,2004-01-01 Annotation Second homes are an integral component of tourism in rural and peripheral areas This volume represents the first major international review of second homes for over 25 years The volume represents essential reading for those interested in rural regional development processes

Tourism, Mobility, and Second Homes Colin Michael Hall,Dieter K. Müller,2004 Second homes the cottage the summer house the bach are an important part of the tourism and leisure lifestyles of many people in the developed world Second homes are therefore an integral component of tourism experiences in rural and peripheral areas Yet despite their significance not only for tourism but also for rural communities and the rural economy relatively little research has been undertaken on the topic until recent times This volume represents the first major international analysis and review of second homes for over 25 years It will provide a significant resource for those interested in changing patterns of tourism and leisure behaviour as well as the use of the countryside and peripheral areas The book describes the economic social and environmental impacts of second homes as well as their planning implications and places such discussions within the context of contemporary human mobility The volume represents essential reading for those interested in rural regional development processes and the development of new rural leisure landscapes

Second Home Tourism in Europe Zoran Roca,2016-04-01 Bringing together a wide range of studies from twelve European countries this book offers a state of the art overview of the driving forces behind spatial diversity and social complexity inherent in second home expansion in all parts of the continent from Scandinavia to the Mediterranean and from the British Isles to Russia in the context of contemporary mobility patterns largely induced by tourism As befits the overall conception of the book as a compendium of current second home research planning and policy issues the book endorses the following multidisciplinary approaches to the second home phenomenon as an expression of the leisure class mobility and recreation based lifestyles as well as a constitutive element of post productivist land use patterns and landscape change and socio economic and territorial development planning and policy related perspectives on social change and spatial re organization provoked by the expansion of second home tourism in times of prosperity and crisis This book shows that second home tourism has become such an important sector of the economy that it is no longer possible to let it develop freely it is the source of new forms of social deprivation it generates residential economies that are particularly sensitive to the economic cycle it often impairs beautiful landscapes and increases human pressure on natural environments As a result it is one of the major physical planning stakes of touristic areas From the concluding essay by Paul Claval Universit de Paris I Sorbonne Paris France

The Routledge Handbook of Second Home Tourism and Mobilities C. Michael Hall,Dieter Müller,2018-04-17 Second homes have become an increasingly important component of both tourism and housing studies They can directly and indirectly contribute a significant number of domestic and international visitors to destinations and may be part of longer term retirement lifestyle and amenity migration

that can have significant economic and social effects on communities and destination development This volume offers an overview of different disciplinary and methodological approaches to second homes while simultaneously providing a broad geographical reach Divided into four parts exploring governance development community and mobile second homes the book provides a contemporary account of the major issues in an area of growing international interest This timely handbook covers a wide range of dimensions from planning to the role of second homes in development and the management of their impact The international and cross disciplinary nature of the contributions will be of interest to numerous academic fields in the social sciences as well as urban and regional planners

The Wiley Blackwell Companion to Tourism Alan A. Lew, C. Michael Hall, Allan M. Williams, 2014-06-03 The Wiley Blackwell Companion to Tourism presents a collection of readings that represent an essential and authoritative reference on the state of the art of the interdisciplinary field of tourism studies Presents a comprehensive and critical overview of tourism studies across the social sciences Introduces emerging topics and reassesses key themes in tourism studies in the light of recent developments Includes 50 newly commissioned essays by leading experts in the social sciences from around the world Contains cutting edge perspectives on topics that include tourism's role in globalization sustainable tourism and the state's role in tourism development Sets an agenda for future tourism research and includes a wealth of bibliographic references

Real Estate and Destination Development in Tourism Peter Keller, Thomas Bieger, 2008 Real estate is one of the driving factors of destination development In some destinations value added from the construction and sales of second homes even surpasses value added created in the traditional tourism sector This book edited by Peter Keller and Thomas Bieger contributes to the deeper understanding of the dynamics of real estate development in destinations the role structure and development of destination real estate markets evolving real estate business models in destinations the socio economic impacts of real estate on destinations optimizing destination capacity through real estate management strategies and public private governance approaches for managing holiday property market development The book provides a unique database for the important topic of real estate and destination development in tourism with contributions from 43 researchers and 18 case studies

Handbook of Research on the Impacts and Implications of COVID-19 on the Tourism Industry Demir, Mahmut, Dalgıç, Ali, Ergen, Fatma

Doğanay, 2021-06-25 The tourism sector has been deeply affected particularly in economic terms by the COVID 19 pandemic This crisis has led to new practices and radical changes Scientists emphasize that mankind will face pandemics more frequently in the forthcoming years Thus it is important to understand the negative impacts the COVID 19 pandemic had on the tourism sector as well as the measures that were and are being put in place to protect the industry during future outbreaks The Handbook of Research on the Impacts and Implications of COVID 19 on the Tourism Industry is a comprehensive reference source that reflects upon the evaluations of the experienced and ongoing pandemic crisis in the context of the tourism sector The positive and negative effects experienced by tourism employees and tourists are examined

and post pandemic processes and business practices are evaluated Covering topics including consumer rights in tourism dynamic changes in the tourism industry and employment in tourism this book is suitable for travel agencies restaurateurs hotel managers brand managers marketers advertisers managers executives hospitality personnel policymakers government officials tourism practitioners students academicians and researchers seeking the latest sustainable policies and practices that are being utilized to increase the productivity of the tourism sector and will allow it to thrive in the years to come

Second Homes and Climate Change Bailey Ashton Adie,C. Michael Hall,2023-07-17 This book is the first to address the important interrelationship between second homes and climate change which has become an increasingly relevant issue for many regions around the world Second homes are often a key source of tourist visitation as well as economic benefit for their host communities The chapters provide an array of international case studies and climate change impacts including the changing biocultural landscapes in Italy hazard risks in the mountains of Poland and the shifting media discussion on second homes and climate change in Finland Topics covered focus on issues around planning and governance in second home locations adaptation and mitigation measures implemented by second home owners and the influence of second home owners place attachment in relation to second home impacts It introduces the overall topic of second homes and climate change while also laying the groundwork for future work in this burgeoning area of research This book will be of significant interest to upper level undergraduates graduate students and academics in the fields of geography tourism planning housing studies regional development environmental management and disaster management It would also be of use for professionals who engage with second home communities particularly planners government officials and environmental officers **Tourism**

Economics Álvaro Matias,Peter Nijkamp,Manuela Sarmento,2011-07-28 The assessment of local regional or national impacts of an influx of tourists of different kind and origin has in recent years become a new challenge for economics research in the tourism sector There is a clear need to develop solid methodologies through which the socio economic impacts of tourism can be assessed Tourism impact assessment as a systematic approach to the estimation of socio economic effects of tourism on relevant parts of the economy has become a timely response to the need for appropriate information for stakeholders both public and private The present volume brings together a set of recent impact studies of both a theoretical methodological and an applied policy oriented nature which have been selected on the basis of their originality or novel contribution to the research in this field *Contested Spatialities, Lifestyle Migration and Residential Tourism* Michael Janoschka,Heiko Haas,2013-08-22 Lifestyle Migration and Residential Tourism represent a major trend in individualized societies worldwide which is attracting a rapidly growing interest from the academic community This volume for the first time critically analyses the spatial social and political consequences of such leisure oriented mobilities and migrations The book approaches the topic from a multidisciplinary and international perspective unifying different branches of research such as lifestyle migration amenity migration retirement migration and second home tourism By covering a variety of regions and

landscapes such as mountain and coastal areas rural and inland communities this volume productively engages with the formal and analytical variations of the phenomenon resulting in an enriching debate at the intersection of different areas of research Amongst others topics like political contest and civic participation of lifestyle migrants their impacts on local communities social tensions and inequalities induced by the phenomenon as well as modes of transnational living home and belonging will be thoroughly explored This thought provoking volume will provide deep analytical and conceptual insights into the contested geographies of lifestyle migration and further knowledge into the spatial social and political consequences of leisure oriented mobilities It will be valuable reading for students researchers and academics from a plethora of academic disciplines
