McDonough, 2017-06-12 The last of Twin Falls living Forced to flee before they'd planned by a foamer undead attack Elliot and his friends head north to seek shelter from the forthcoming storm What they find along the way is worse than all nightmares ever told The foamer uprising isn't confined to local areas it's nationwide Armed gangs roam the streets of the Mid West and are just as deadly as the foamers Another more hideous creature emerges as society crumbles the Mutants On top of this the government in Washington faces a coup of sorts as the big player's jockey for position while others assume their role as the elite take full control of the world or do they Toward the Brink 2 The Apocalypse widens and Doomsday approaches *Reclaiming Paradise* John McCormick, 1991 Motherhood and Single-Lone Parenting: A 21st Century Perspective Maki Matapanyane, 2016-07-01 The 21st century sustains one significant commonality with the decades of the preceding century The majority of individuals parenting on their own and heading one parent families continue to be mothers Even so current trends in globalization economic political cultural along with technological advancement shifts in political economic and social policy contemporary demographic shifts changing trends in the labor sector linked to global economics and developments in legislative and judicial output all signify the distinctiveness of the current moment with regard to family patterns and social norms Seeking to contribute to an existing body of literature focused on single motherhood and lone parenting in the 20th century this collection explores and illuminates a more recent landscape of 21st century debates policies and experiences surrounding single motherhood and one parent headed families New Perspectives, 1989 **New York Magazine**, 1996-04-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Nation**, 1984-07 *Toward the Brink* Craig A. also where the end of the world as we know it begins As Elliot Goodwin discovers it doesn't start with the roar of rockets the blinding flash of nuclear explosions or earth shattering destruction It begins with a fiendish plot and an unspeakable manipulation of a food hormone for the purposes of world domination The plans of mice and men as they say As the horror unfolds before Elliot's eyes he must make quick decisions for his and his girlfriend Cindy if they are to survive No time for what if's or how did it happen it just did The only choice is one of survival The arrival at the scene of the breakout by Desert Storm veteran now Twin Falls cop Mulhaven aids in their timely escape as does the appearance of a mysterious tall man who knows more than James Bond Jack Reacher and Jack Bauer combined While thinking it is some local aberration in Washington certain members of the government know otherwise are even part of the conspiracy to end all conspiracies What kind of a plague or malady could affect so many and so suddenly With little time for anything but escape the survivors must prepare to battle their way out of Twin Falls but the size and voracity of the outbreak is beyond their comprehension If you enjoyed Stephen King's *The Stand* or Max Brooks' *World War Z* then you'll enjoy *Toward the Brink* 1 One thing's for certain You'll never look at French Fries the same way again *Toward the Brink* take the ride *Strong Will: a Warfighters Tale of the Plague Apocalypse Part 1* Ben Stone, Ashley Stone, 2018-07-27 Will Wright is a freshly minted 2nd Lieutenant in the Washington State National Guard Pulled from his home and job as a county sheriff's deputy in the small town of Concrete He is forced to leave his family and friends in the midst of the crises at the beginning of the outbreak His assignment was to protect the remaining citizens of Seattle against the spread of the NOSOI virus With the help of his best friend Sargent Bobby Gardener and the remnants of his Military Police unit he must fight to save the last known remnants of humanity from the infected that now rule the city Will knew things were bad so it was no surprise to him that they were leaving their current outpost But the question was where would they go Guard and local units were under siege throughout the metroplex that made up Seattle Small islands of sanctuary falling one by one to the storm that was the NOSOI plague They had completely lost control of the city and the cavalry was not on the way The Feds along with all full time military units had vanished leaving the local population and the Guard on their own Having lost many of his troops during their escape Will and his MP's must find a way to survive Their resources depleted so with almost no food weapons or ammunition they must find a way to flee the city A way to reach the farthest corners of Puget Sound Hoping to join with another Guard unit or any outpost against the infection Anywhere that they can find a safe haven from the deadly plague Will must find a strength he never knew he had to save these last survivors He must walk a fine line between fierceness and compassion to keep his handful of part time soldiers together Because without their help there will be no success He must balance all these obstacles as he searches for safety because in the chaos of the outbreak he may have found his love WARNING This book contains elements of self defense independent thought individual freedoms and a strong use of the Second Amendment and may be offensive to Progressives and Liberals *Beyond the Brink* Craig A. and his fellow survivors fought against the foamer plague itself the walking dead mutant cannibal children bands of armed marauders as they searched for a refuge An island off the coast of Canada offered such sanctuary according to Tom Transky Their hopes of finding a foamer free zone were dashed when on the very first night the survivors came under siege from hundreds of horrifying zombies More disasters would follow at their new retreat leading some to think it s haunted for all the deaths that have occurred Elliot meantime has undertaken a probable suicide mission as he and Tom attempt to make it back to Washington D C and disarm the nuclear missile retaliatory system believed to be still in place and operational with reserve battery solar power His decision to leave doesn t impress Cindy but it s one he must undertake Walking dead mutants nuclear threat s and many more daily disasters face the survivors of the foamer plague in Beyond the Brink Toward the Brink 4 where it really hit s the fan
